Hostetter's Stomach Bitters.

Hostetter's Stomach Bitters,

In VIEW of the fact that every member of the human family is more or less sabjected to some complaint, besides munmefable other conditions in life, which, by the assistance of a little knowledge or exercise of common sense, they may be able so to regulate their habits of det, and with the assistance of a good tonic, secure permanent health. In order to accomplish this desired object the true course to pursue is certainly that which will produce a natural state of things at the less thazard of vital strength and life; for this end Dr. Hostetter has introduced to this country a preparation bearing his name, which at this day is not a new medicine, but one that hos been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully app a the stomach, bowels and liver, restoring them to a healthy and sigorous action, and thus by the simple process of strengthening nature, enable the system to triumph over disease.

For this disease every physician will recommend Hitters of some kind, then why not use an article to be infallible? Every country have their Bitters as preventative of disease and strengthening of the system in general, and among them all there is not to be found a healthier people than the Germans, from whom this preparation emannets, based upon securific experiments which have tended to advance the destiny of this great preparation in the medical scale of science. FYER ND ACE.—This trying and protoking disease, when fastes its identifies grasp on the body of man, reducing him to a mere shadow in a short space of time, and rendering him physically and mentally useless, can be defeated and driven from the body by the use of HOSTETTER'S RENOWNED BITTER'S. Further, any of the above stated diseases cannot be contracted when exposed to any ordinary conditions producing them, if the Bitters are used as per directions. And as it meither creates mausea, nor offends the pilatt, and rendering unnecessary any change of died or interruption to usual pursuits, but promotes sound sleep and healthy digestion, the complaint is thus removed as specifly as is consistent with the production of a thorough and permanent cure. as is consistent with the production of a thirtong into per-manent cure.

For PERSON IN ADVANCED YEARS who are suffering from an enfeebled constitution and infirm body, these Bitters are in-valuable as a restorative of strength and vigor, and needs only to be tried to be appreciated.
