EVANS & WATSON'S SALAMANDER SAFES 304 Chestnut Street PHILADELPHIA:

PHILADELPHIA, Sept. 29, 1859.

To the President of the Pennsylvania Agricultural Society :— The subscribers, your committee to examine the contents of a Saiamander Safe of Evans & Watson; after being exposed to a strong fire on the Fair Grounds for eight hours, respectfully represent—
That after seven cords of oak wood and three of pine had been consumed around the Safe, it was opened in the presence of the committee, and the contents taken out, a little warmed, but not even scorched.

ANOTHER TRIUMPH!

Soveral Silver Medals heretofore received by the manufacturers, and a large quantity of documents were in the Safe, and came out encirely uninjured.

The experiment satisfied us of the capacity of Safes of this kind to protect contents from any fire to which they may be exposed.

The Committee award a Diploma and Silver Medal: Geo. W. Woodward; John W. Geary, J. P. Rutherfond; Albeed S. Gillett.

STILL ANOTHER.

Gentlemon: The Salamander Fire-Proof Safe of

Gentlemen: The Salamander Rire-Proof Safe of your manufacture, purchased by us from your Agent; Ferris & Garrett, of our city, some nine months ago; was severely tried by burglars last Saturday night; and although they had a sledge hammer, cold chisels, arill, and gunpowder, they did not succeed in opening the Safe. The lock being one of Hall's Patent Powder-Into it, but der-proof," they could not get the powder into it, but drilled a hole in the lower panel and forced in a large charge, which was ignited, and although the doof, inside and out, showed the explosion not to have been a small one, it was not forced open. We suppose they were the greater part of the night at work on it. We are much gratified at the result of the attempt to enter it, and if the above facts are of any service, you are at liberty to use them.

GREAT FIRE!-ANOTHER TRIUMPH. KNOXVILLE, TENESSEE, March 13th, 1859.—Messis.
Evans & Watson, Philadelphia:
Gentlemen: It affords me great pleasure to say two that the Salamander Safe, which I purchased of you in February, 1858, proved to be what you recommended it—a sure protection from fire. My storemented the same protection from the fire that was harred to the house together with several others, was burned to the ground in March last. The Safe fell through into the cellur, and was exposed to intense heat for six or eight hours, and when it was taken from the rains and

eight hours, and when it was taken from the rains and opened, all its contents were found to be in a perfect state, the books and papers not being injured in the least. I can cheerfully recommend your Safes to the community, believing as I do; that they are as near fire-proof as it is possible for any Safe to be made.
