We have heretofore abstained from making any public complaint against Post Masters, becau we ballayed that such complaint would be construed by many as arising out of political prejuites. Many of them—the Post Muster at this place for arisingle are honorable men, who would scorn to take advantage of their position to injure a political opponent; whilst many of them acom to have 'heer chesen'because of their superior meaniess. Our relations with the mails are the most extensive in the County, so that we speak from the record. We have known the Agi-TATOR to leave the Wellsboro Post Office in the same bag with the Democrat, and not arrive at Blossburg till three days ofter the latter. This is, only one in stance of detention. At Sabinaville, our friends usu ally get two Actratons every alternate week, while the subscribers to the Democrat never fail to get it regblarly. We know of Post Masters who tell our subseribers that our subscription is to be raised, and use other equally dishonorable methods to induce subscribers to stop the paper. We have written once or twice to head quarters, but that is all the good it has done us the heads of the departments at Washington believing, like their subordinates, that the mails are only for the benefit of one political party—the slave oligarchy, and their dough-face allies. The time is growing shorter for them every day. The "little brief authority" in which they are now dressed will pass from them on the 4th of March next up to which time they will doubtless continue their "fantastic tricks" with Republican papers. Our friends will understand that any failure to receive their paper is not our fault. ist do as firming
