Presidential Election-November 6, 1860.

OUR BANNER. "Forever float that sta dard sheet ! Where breathes the foe but falls before us, With Freedom's soil beneath our feet,

And Freedom's BASNER streaming o'er us?" Republicans of Tioga ! Before the October election took place, the eyes of the nation were fixed upon the old Keystone State as the battle ground between Freedom and Slavery. There was a reason for this. Heretofore in our national strnggles Pennsylvania at her State election gave the key note for 'ar against Freedom to the rest of the Union. We met the enemy and came off victorious. It was no barren or doubtful victory. Never before in the history of parties has there been such a decisive triumph on the eve of a Presidential election .--The returns from our State astonished the people of all the other States. Politicians who were buying and selling the anti-Lincoln votes in New York and elsewhere like any other merchandise, stopped for a while in despair, and then returned to their lirty work again "like a dog to his vomit." The struggling friends of Freedom everywhere gained new hope and new courage. |Virtually the struggle is over, but not the work. One more day will complete the labor, and it is to this we wish to direct your aftention.

Republicans of Tioga: The great majority which you gave for Freedom, for an economica administration of the Government, for Fr. Labor, and for the protection of Home Indus try has rendered the name of our county cele brated everywhere. By reference to the officia vote in another column it will be seen that w stand first in the ranks of the victorious. Ou neighbor Bradford, stands next to Tioga, an through her" press premises to beat us at th Presidential election. We are proud to hav excited the emulation of that grand old strong hold of Freedom. But we shall be proude still, if, after trying to take our honors to her self, she shall fail! Reople of Tioga, shall w still retain the Banner? The answer is wit you.

There yet remains much to be done. Abra ham Lingoln can be elected President by a clea and undoupted majority of the people of the United States, if all who shall rejoice at his coming will but cast their suffrages for him. coming will but cast their suffrages for him .--Let no man be deterred from voting his convic tions of right and guty by the trensonable cockades of the slavodrats, or the cock-and-bull stories of their dirt-eating presses at the North Any man who shall be so deterred is, if not a traitor to his country, at least a traitor to him self. .

PENNSYLVANIA ELECTION. We give below the official figures of the late election, by which it will be seen that the number of votes polled was 492,624, a larger aggregate vote than was ever cast in this State before Curtin's majority was 32,092. On the vote in Congressional districts the Republican majority is 47,792-a very emphatic expression of the voice of the people in behalf of protection to the laboring interests of the Commonwealth, and he

more Slavery extension. The third column of figures below shows the number of Republican votes cast in each cour-

ty for every hundred of the entire vote. This shows Tioga to be the Banner County of the State. Of course, those counties the per centum of which ranges below 50, gave Democratic majorities.

afford it, last winter went to Florida and spent several months in a small village of that State. He returned to Williamsport as the weather became warm very much improved, and hoping ultimately to recover his heelth entirely, by continuing his residence in that State, set about making arrangements early, that he might be comfortably fixed, in his Florida home before the weather would become disagreeable. In conversation with the Doctor in July last, he told me he should send a keg of Tioga county butter (together with other articles he named) to be used by him while there, as his Florida friends could not furnish butter that he could eat. According to his design he shipped the butter &c. to the place selected, where he debutter &c. to the place selected, where he de-sired to winter, and within a few weeks intend-ed to start himself. A writer in last week's Agitator demonstra ted the fact that this county could poll 6,910 votes, and that 1,438 voters did not come to the polls. The same writer showed that we could give, on a full vote, 3,554 majority for Lincoln. Shall we do it? If we do, the Banner will re main with ns.

Republicans: See that these 1438 voters are every man of them at the polls; see that your majorities are increased in every district; see that teams are provided for those who, either by great distance or poor health are unable to at tend on foot; in shirt see that you do your whole duty, and acquit yourselves like men.

nor The Democratic State Committee met a Cresson last week and rescinded the resolutions by which the whole vote was to be cast for that man whom it would be most likely to elect .--Following on the heels of this move, was the withdrawal of the Straight-out Douglas Electo ral ticket, so that the who believe in nonintervention are new lift to vote for either Lincoln or Breckinridge.

We have seen the Electoral ticket which the Douglas leaders of this county are distributing to be voted next Tuesday by Douglas men. On this ticket are the names of Geo. M. Kiem, F. A. Server, W. C. Patterson (of "J. B" notoriety.) J. Crockett, J. G. Brenner, C. Kelly, O. P. James, D. Schall, J. L, Lightner, T. H. Walker, J. A. Ahl, H. N. Lee, N. P. Prettyman, and B. in this county. D. Hamlin, who have i efused to pledge themselves to vote for Douglas under any circumstances.

This will be a bitter pill for some Douglas men in this county to swallow. But then they take it into their mouths, roll it on their tongues -grin, choke a little, and then down it will go -all "for the sake of the party."

we find the following challenge in the New York Tribune:

Olmsted, Esd., spoke to Mr. Strang in behalf of the Publisher of the Journal to know whether he (Strang) wanted his tickets printed in Potter county or not. Mr. Strang replied that if the tickets were printed and distributed with the others they would be paid for. The tickets were not printed as agreed, but Mr. Mann's tickets were printed in their place. We asked an explanation of this, and Mr. Olmsted favors up with long letter reiterating the points made by the Journal on the Representative question, already fully noticed in these columns. In justice t Mr. Olmsted we make room for that part of his letter which is personal to himself:

"And now a word as to the printing and cir culating of Messrs. Strang and Elliott's tickets

" Mr. Chase, the editor of the Journal came # me near the end of our September term of Court and wanted to know whether Messre Strang and Elliott desired that their ticket should be printed and circulated with our County and State ticket. I told him that I would see Mr. Strang about it. I did so, and Mr. Strang; after complaining a little of th course of the Journal in relation to him, said if they were printed and circulated with the rest, he would pay for the printing. I told Mr. Strang what the feeling was in this county, and that I did not know what conclusion would be arrived at in the premises, but that as the weel had nearly passed and nothing had been done I presumed nothing would be done, and that the Tioga Ticket would be accepted. The next Tuesday morning the conferees who were ap pointed by our Convention decided to have Mr Mann's Tickets printed instead of the Tiog Ticket. Understanding that in the rest of the privilege of at least voting upon principle, though with but a forlorn hope of success, would be left to the adherents to Democratic principles. If I must be sectional; I will not turn my back upon my own section."

And still another addresses us from Easton, in terms of manly indignation, insisting that the straight Douglas ticket should at once be put in the field, in order to allow honest Democrats a chance to express their sentiments. We think it right to reprint the following corrected copy of the straight Douglas ticket, put in nomination by the same committee which has now formally withdrawn it. for the benefit of those who desire to have it printed and voted in their respective election districts:
