CHARLES E. TURNER.—We gave in the Agitator of Nov. 14th, an article detailing the particulars of a recent expose of fraud and forgery, committed by Charles E. Turner, alias A. R. Cole, a local preacher who has been staying in this county for some time back. He was detected and arrested in Corning, our readers will remember, and that his friends came forward and gave bonds for his appearance at Court. A correspondent in the Corning Journal of the 29th ult, gives some additional facts. He states that upon further investigation there was at least a strong probability that " A. R. Cole" was insone. "Subsequent developments," says the correspondent, "tend to show a case of gradually approaching insanity of a peculiarly interesting character. It is traced back by the evidence of living witnesses through his mother who for many years has been more or less deranged, into the family of her mother, which was called the PECK family, and which consisted of some half-a-dozen sisters and one brother. The brother, whose name was Joel Peck, first exhibited symptoms of insanity when about the age of 30, and soon after became totally deranged, and was sent to the Lunatic Asylum at Bloominguisle, where he died a maniac. Of all the sisters in the Peck family, two only escaped insanity, and those two died before they were 30 years of age; each, however, leaving children, who, as they approached the age of 30, became insane. One of these children is the mother of the said Charles E. Turner. Thus the family, through several generations, seems to be afflicted with this terrible malady. Though one generation has escaped, in two instances the next has been visited with double severity. No sign of this mysterious hereditary disease appears in early life, its fated seeds only begin to germinate as the brain attains its full maturity. The parties defrauded, being satisfied with the above facts, have withdrawn their

man have been suspended " -We'do not know whether the Journal's correspondent is reliable or not : if he is, and the facts stated by him are correct. Mr. Turner is certainly entitled to sympathy. It is a singular affair throughout, and if Mr. T. was really insane, we most confess there was more method in his madness than is usually exhibited by persons similarly situated.

FOR WOOD & ANTHRACITE OR BITU-MINOUS\_COAL.-IMPROVED IN 1859-With New and Extra Large Flues, and by the addition of the Celebrated Patent Double Sheet Bottom Flue. Attention is invited to the following points of supe

ricality:
1st. Durability.—Lasting, with proper care, at least

visit Udolpho Wolfe's extensive warehouse. Not. 18, 20. and 22 Beaver street, and Nos. 17, 19 and 21, Marketfield street. His stoce of Schuappa on hand ready jor shipment could not have been less than thirty thousand cases; the Brandy some ten thousand cases—Vintages of 1836 to 1856; and ten thousand bases of Madeirs, Sherry and Port. Wine, Sootch and Irish Whiskey. Jamaica and St. Ctoix Rum, some very old and equal to any in this country. He also had three large cellars, filled with Braudy, wine, &c., in Casks., under Custom House key, ready for bottling. Mr. Wolfe's sales of Schnapps last year amounted to one hundred and eighty thousand dozen, and we hope that in lees than two years he may be equily successful with his brandles and wines.

Ilis, business merits the patronage of every lover of his species. Private families who wish pure wines and Liquors for medical use, should send their orders direct to Mr. Wolfe until every apothecary in the land make up their mnds to discard the poissnous stuff from their shelves, and replace it with Wolfe's pure wines and Liquors. We understand Mr. Wolfe, for the accommodation of small dealers in the country, puts up assorted cases of wines and liquors. Such a man, and such a merchant, should be sustained against his tens of thousands of oppodents in the United States, who sell nothing but timitations, ruinous alike to human health and happipess. 2d. Manufacture.—Every portion of the stove is thoroughly constructed. Each stove is submitted to a critical test, and none leave our works unless completely and perfectly finished.
