By request of the School Directors of Delman the County Superintendent has fixed upon Tuesday, the 23d of April inst., at the Doube School House, for the examination of teachers of said District.

We notice by our exchanges that the County Commissioners of several counties in this State have caused the Stars and Stripes to be raised on the Court Houses. This is a good idea, and 'we suggest to our Commissioners a like action.

on Wednesday evening last the Wellsboro Band treated the entire community to some of their best music. The evening was warm and pleasant, and although "Dixie" has been adopted by the Negro Confederacy as their national (2) hir, it sounded none the less beautiful to us. .

23 Attention is invited to the advertisement of E. H. Dormaul, of the Bee Hive Store, 36 Water-st., Elmira. As Mr. D. appears to appreciate the advanrages to be derived from extensive and liberal advertising, it is fair to presume that he also understands buying goods, and that the true gray is to dispose of them at small profits. Rersons living in the northern part of the county and others who do much of their trading in Elmira, will doubtless consult their own in-'terests by buying their goods at the "Bee Hive."

ROBBING AN EDITOR .- One of our rural breth. ren was lately robbed while traveling. It will be seen by the following indignant epistle the thief immediately sent to the editor how much he (the thief) made by the operation :

"You miserable cuss, here's your pocket-book. I don't keep no sich. For a man dressed as well as you to go round with a wallet with nothing in it but a lot of newspaper scraps, a pair of grooden combs, two newspaper stamps, and a pass from a railroad director, is a contemptible imposition on the public. As I hear you are an editor, I return your trash. I never robs only gentlemen."

-The editor got out of it by saying that his money was in the "other pocket !! The Bulletin Board at Smith's Book Store has

come to be an institution of the town. By a special Civilization generally and the people of Tioga County grangement with Mr. E. F. Robinson, at Corning, Mr. in particular. Among these are such articles as come to be an institution of the town. By a special Smith is enabled to place on his tullelin board at noon all the dispatches received up to seven o'clock in the morning. In this way he beats the New York papers twenty-four hours!

Another evidence of Mr. Smith's enterprise is noticable. On Sunday last, an received his usual supply of N. Y. dailies by private convergence from Corning. and delivered them to his enstormers at ten o'clock .-This enterprise, although itofitless to him, was quite gratifying to the public, his entire supply (about eighty dailies) was sold in fifteen minutes. He has made arrangements to supply the extra demends for daily papers during the war excitement, and can now serve all who desire them. He furnishes the Tribune, Times, Herald or World at three cents a copy, or by the month at sixty cents.

MYSTERIOUS AFFAIR AT TROY .-- A correspondent of the Elmira Gazette states that a most mysterious transaction came to light at Troy, Pa., on Tuesday morning, 26th ult. On Monday, Mr. James Patterson moved into a house, about one mile cast of the village of Troy, formerly occupied by Chauncy Me-Callister, but which had been vacant for several days. On Tuesday morning, Mr. Patterson went into the cellar, and there to his horror, dispovered a corpse. A coroner's inquest was immediately instituted. The inquest upon examination identified the body as that of a Miss Frances McCallister, (a daughter of the former occupant of the house,) who died of diptheria six or seven weeks previous. On examination, the grave in which the body had been placed, was found to have been rifled. The way the grave had been opened and the body taken from its "last resting place," proved the perpetrators to have been experienced "resurrectionists." Of course the discovery produced intense excitement. Every one inquiring "who could have done this horrible deed, and what it could have been done for? In vain are the questions asked.

38 Spring. We copy from Mr. Griswold's " Po-Ab and Poetry of America," the following beautiful lines. They are said to be from the pen of a man who has been denf and dumb from childhood. We doubt the truth of the assertion, however, as, if we are rightly informed, one who has always been deaf and dumb has no idea of the sound of words.

Spring is coming! Spring is coming!

Birds are chirping, insects bumming,
Flowers are peeping from their sleeping,
Streams escaped from Window's keeping
In delightful freedom tanhing,
Dance along in music easing;
Seenes of late in dead less saddened,
Smile in animation g iddened;
All is beauty, all is d irth,
All is glory upon east,
Shout we then with a tare's voice,
Welcome Spring! Revoice! Resoice! Welcome Spring! R. pice! Rejoice;

Spring is coming! co he my brother, Let us rove with one mother To our well-remembered wild-wood, Flourishing in Natura, childhood; Where a thousand flo vers are springing, And a thousand birds are singing; Where the golden sunbeams quiver On the verdure girdled river; Let our youth of feeling out, To the youth of Nature shout, While the waves reped tour voice, Welcome Spring! Appoice! Rejoice!

AYER'S SARSAPARILLA,

FOR PURIFYING THE BLOOD. And for the speedy cure of the subjoined varieties of Disease Scrofula and Scrofulous Affections, such as Tumors, Ul-cers, Sores, Eruptions, Pimples, Postules, Blotches, Bolls, Blains, and all Skin Diseases.

OATLAND, Inc., 6th June, 1859.

J.C. ATER & Co. Gents: I feel it my daty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I bave suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was pulnful sand loathsome heyond description. I tried many medicinos and saveral physicians, but without much relief from any thing. In fact, the disorder grew worso: At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterntive (Sarsapuilla), for I knew from your reputation that anything you made must be good. I sent to Cincinnati and got it, and used it ill it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon formed under the teab, which after a while fall off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you that I hold you to be one of the apostles of the age, and remain over gratefully, yours.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept. 1859. that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the porsevering use of our Sarsaparilla, and also a dangerous attack of Malignant Erysipelas by large doses of the same, says he cures the cammon Eruptious by it constantly.

Cronchocele, Cottre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Goitre—a hideous swelling on the neck, which I have suffered from over two years."

Leucorrhea or Whites, Ovarian Tumor, Uterine Cl-ceration, Female Discases.

Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent, in saying I have found your Sarsanarilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but sapecially in Female Diseases of the Scroftious diathesis. I have cured many inveterate cases of Leuterrhead by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself was soon cured—Nothing within my knowledge equals it for these female derangements."

Nothing within my knowledge equals it for these temate de-rangements."

Edward S. Marrow, of Newbury, Ala., writes, "A danger-ous avarian tumor on one of the females in my family, which had defied all the remedies we culd employ, has at length been completely cured by your extract of Sarsaparilla. Our physician thought nothing but extirpation could afford re-lief, but he advised the trial of your Sarsaparilla as the last respect before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains. Syphilis and Mercurial Diseaso.

Ds. J. C. Ayer: Sir, I have been afflicted with a painful chronic Rhematism for a long fine, which heffield the skill of physicians, and struck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured he in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it wonderful medicine.

Jules Y. Getchell, of St. Louis, writes: "I have been af licted for years with an affection of the Liver, which des-droyed my health. I tried every thing, and every thing fulled to relieve me; and I have been a broken down not three to refleve me; and I have been a broken down han for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Saraaparila, because he said he knew, you, and any thing you made was worth trying. By the blessing of God a has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not fail good enough."

Schirrus, Cancer Tumors, Enlargement, Ulcuration, Caries and Exfoliation of the Bones. A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melan-choly, Neuralgia. Many remarkable cures of these assections have been made by the alterative power of this medicine. It stamulates the by the alterative power of this medicine. It stamulates the vital functions into vigerous action, and thus overcomes disorders which would be supposed beyond its reach. Such a temedy has long been required by the necessities of the peoties people, and we are confident this will do for them all that medicine can do.
