WARD, April 13th, 1861. DRAM SIN: On the night of the 10th, a parn be-longing to Mr. G. Worth, of Ward township, was burnt to the ground, with a yoke of cattle and farming implements and a quantity of bay. Mr. J. Denmark had a lot of lumber and his carpenter tools burnt the lumber was being got out for the new School House near by. The loss is keenly felt by those gentlemen, and it is more aggravating as it is believed to have been set on fire by some degenerate wretch in human form-who is likely to escape justice. т. б. н.

This afternoon a Volunteer Company of one hundred and three men from Lawrenceville, Pa,. eame in on the Tioga Train, accompanied by a Brass Band, The Corning Volunteers with the Brase and Martini Bands, received the Lawrenceville Co. at the Depot A large crowd was present. After marching through several streets the procession drew up in front of the Dickinson-Houle, and the volunteers were addressed by _____ Logie, Eaq., D. F. Brown, Esq., Dr. J. B. Graves, ____ Farsons, Esq., and Rev. Mr. Adems, of Lawrencoville Among the volunteers we noticed Mr. Pierce Hirrick, a substancial farmer of Canton, a man who m' st be nearly sixty years of age. but whose patriotism sould not allow him to remain at home when his country called .- Corning Journal.

Great enthusiesin has been manifestd in this village during the week. On Monday the volunteers paraded and were addressed from the Dickenson House steps by Rev. W. A. Niles and Dr. Graves.
On Wedensday Moraling Brass Band was employed to call out Rev. Da Chapin of New York. A large crowd was present. I little later a pole was raised at the Pasenger Dopot and an elegant flag procured by Mr. A. T. Cochrai was gung to the breeze. The erowd were addressed by Mr. Logic and Dr. Graves. On the arrival of the rain from Blossburg, there was another outburst of pitrios in elicited by the appear. ance of the Tioga Vollinteer Company. A crowd collected. The Tioga Briss Band played in fine style, and Charles Etz of Ticga, and O. N. Payne, Esq., of Corning, addressed the volypteers and citizens. All of the speeches refered to were very appropriate and ware cheered vociferously Corning Jounal.

UNCLE SAM AND CAVERY.—In reading the following four stancas from Goldsmith's Elegy on the death of a Mad Dog, the mader will please keep in mind that Uncle Sam is the man, slavery the dog, and accession the bite. Now go on :

"This dog and man at dirst were friends;
But when a pique begin,
The dog, to gain some private ends,
Went mad and bit the man.

Around from all the neighboring streets, The wondering neighbors ran,
And swore the dog had lost his wits,
To bite so good a man

The wound it seemed both sore and sad To every christian eye;
And while they swere the dog was mad,
They swere the manifold die.

But soon a worder came to light,
That showed the rogues they lied,—

The man recovered of the bite, The dag it tole that died."

Nothing could fit the care more aptly; and we have strong faith that the resultivill be as Goldsmith has

TO VISITING TEE TEATTORS. - A gentleman who was present on the occasion informs us that on Friday evening last, a party of Union men visited the resi dence of a traiter in Charleston, who, it was alleged, had used language as inhuman as it was traitorous. It was to the effect that as about as the volunteers had all left for the seat of war, a party of men-would be e-gapized for the destruction of those who were left behind. When the party made known the object of their visit, R, the traitor, denied the soft impeachment, and said he was not a tecesher, but did not say he was for the Union. This declaration did not satisfy his visitors, and so they handed him the Ameriean Flag and told him to give three cheers for it. He took the Flag reluctantly, looked at it, and then at the determined faces of his visitors. Presently a "harrah" came from bim as faint as the squall of a sick buby. "Londer," said the boys determinedly. " Hop rah h-h" howled the traitor, with a voice this time rescubling the batking of a fox on a distant hillside. "Lönder yet" shouled the boys almost dead with laughing. "Hog-o-o-g-fah-h-h," yelled R---, bis voice this time emulating the crow of an aged shanghai. This was satisfactory, and with a word of caution to be careful how he talked in these times of the country's peril, they left the secesher to reflect over his sympathy with traitors, and the ridiculous position it had just placed him in.

We learn that a warrant has been issued for the ar rest of another traiter under the new law. As this is to come before a Court, ire, pefer comments on the en 10.

EDUCATIONAL. DEAR SIR: Education at the present age is the which object of the people; ig seems to be the desire of the youth in general to become learned, and that affords much pleasure to those who take an interest in their welfare, and it is very offen we see proofs of this in our common schools. We, an neighbors, were highly entertained with the exercises at the close of our

school, April 3d, in the Dockstader district, under the charge of R. G. Richards, Teacher, which consisted of an examination of the pupils in the different bisnehes in the morning, and an exhibition in the evening, which far surpassed our expectations, when the scholars exhibited a good degree of talent, and also, that they are endowed with faculties by their Creator to be useful to their fellow beings. At the close of the exhibition a valedictory address was delivered by Lewis Dumaux, which surprised the whole audience.

The teacher and scholars then bid each other adieu with sorrowful hearts and tearful eyes. The whole seems to bear witness of the untiring efforts of the teacher, and the perseverance of the scholars. It seems that "Industry, Perseverance" is their motto. Fellow citizens, let such proofs nerve us with ter fold courage to educate our children. Let us not blast the desires of those youthful minds while directed in such a channel, but let us encourage them, believing it to be our duty.

COUNSEL TO OUR VOLUNTEARS. How to Prepare for the Campaign. The following hints to our volunteers are mely and should be heeded .- ED.]

TO OUR YOUNG SOLDIERS. 1. Remember that in a campaign more

die from sickness than by the bullet. 2. Line your blanket with one thickness of brown drilling. This adds but four ounces in weight and doubles the warmth. 3. Buy a small India rubber blanket (only

\$1,50) to lay on the ground or to throw over your shoulders when on guard during a rain storm: Most of the eastern troops are provided with these. Straw to lie upon is not always to

4. The best military hat in use is the light colored soft felt; the crown being sufficiently high to allow space for air over the brain. You can fasten it up as a continental in fair weather, or turn it down when it is wet or very

5. Let your beard grow, so as to protect the throat and lungs.

0. Keep your entire person clean; this prevents fevers and bowel complaints in warm climates. Wash your body each day if possible. Avoid strong coffee and oily meat, Gen. Scott said that the too free use of these (together with neglect in keeping the ekin clean) cost many a soldier his life in Mexico.

7. A sudden check of prespiration by chilly or night air often couses fever and death-When thus exposed do not forget your blan-- "An Old Soldier." ket.

A SLAP AT JEFF. DAVIS .- The London Times of the 16th of March has this allusion to Jeff. Davis. As the new Confeaderacy includes in its total population of 5,000,000 no less than 1,050,000 who are oledged to repudiation it is difficult to understand the possibility of such an amount being raised either in home or foreign markets. This feeling is increased by the fact that indirectly, the entire population may be considered to have signified their approval repudiation as a principle by having selected Col. Jefferson Davis as their first President. This personage has long been regarded as the apostle of repudiation and the holders of Mississippi bonds have reason to rettiember his celebrated speech, delivered within the legislative hall, built by British money, in which he ridiculed the "crocodile tears" of the dupes who had ventured to petition for payment of their

AYER'S SARSAPARILLA, FOR PURIFYING THE BLOOD.

cers, Sories, Excuptions, Pimples, Parintes, Biotches,
Bolls, Bidns, and all Skin Di-cases.

J.C. Aven & Co. Gents: I feel it my duty to acknowledge
what your Sarasparilla has done for me. Having inherited
a Scrotulous infection, I have suffered from it in various ways
for years. Sometimes it bursed only in Elects on my hands
and arms; sometimes it bursed inward and dispressed me
at the stomach. Two years ago it broke out on my head and
covered my scalp and ears with one sore, which,was, painful
and loathsome beyond description. I tried many medicines
and several physicians, but without much relief from any
thing. In fact, the disorder grew worse: At length I was
rejoiced to read in the Gespel Messenger that you had prepared an alterative (Sarasparilla), for I knew from your reputation that anything you made must be good. I sent to
Cincinnati and got it, and used it till it cured me. I took it,
as you advise, in small doses of a tenspoonful over a mouth,
and used almost three bottles. New and healthy skin soon
formed under the teab, which after a while fell off. My skin
is now clear, and I know by my feelings that the disease has
gone from my system. You can well believe that I feel what
I am saying when I tell you that I hold you to be one of the
apostles of the age, and remain ever gratefully, yours,

St. Anthony's Fire. Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept. 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous attack of Maliguant Erysipelas by large doses of the same; says he cures the common Eruptions by it constantly.

Cronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Goitre—a hideous swelling on the neck, which I have suffered from over two years."

Lencorrhoes or Whites, Overien Tumor, Uterine Ulceration, Femalo Diseases.

Dr J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Femalo Diseases of the Scrofulous distinction. I have cured many inveterate cases of Leucorrhosa by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself was soon cured.—Nothing within my knowledge equals it for these female derangements." ceration, Female Diseases.

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous avarian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Expanarilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains. Syphilis and Mercurial Disease.

New Orleans, 25th August, 1859. Dr. J. C. Ayer: Sir, I cheerfully comply with the request of your agent and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Murcureal Disease One of my patients had Syphilitic pilers in his throat, which have convenient in a part of the form of the mouth. Your

One of my patients had Syminic pieers in his caroat, which were consuming his palate and the top of his mouth. Your Saraparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believed the disorder would soon reach his brain and kill him. But it yielded to my administration of your Saraparilla; the ulcers healed, and he is well again, not of course without some disfluration to his face. A wunant saparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by murcury was suffering from this poison in her bones. They had become so constitute to the yeather that on a damp day she suffered exeruciating pain in her joints and bones. She, too, was cared entirely by your Sursaparilla in a few weeks. I know from its formula, which your agent gave me, that this preparation from your labratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me. Ds. J. C. Ayer: Sir, I have been afflicted with a painful chronic Rhematism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I trued your Sar-aparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing, failed to relieve me; and, I have been a broken down nan for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Expy, advised me to try your Sarsaparilla, because he said he'knew you, and any thing you made was worth trying. By the blessing of God it has cared me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is us-less here to publish the evidence of its virtues. Its univalled excellence for coughs and cold, and its trule won-deful cures of pulmonary disease, have mape it known throughout the civilized nations of the earth. Few are the communities, or even families among them, who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fability of these disorders, and as they know, too, the effects of this remely, we need just of more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confluence of mankind. fidence of mankind.

Price, in Cloth, \$3; Sheep, \$3,50; Half Morrocce, \$4; Half Russia, \$4,50 each!

The New American Cyclopedia is popular without being superficial, learned, but not pedantic, comprehensive butsufficiently detailed, free from personal pique and party prejudice, fresh and yet accurate. It is a complete statement of all that is known upon every important topic within the scope of human intelligence. Every important article in it has been specially written for its pages by men, who are authorities upon the hopics of which they speak. They are required to bring the subject up to the present moment; to state just how it stands now. All the statistical information is from the latest reports; the geographical accounts keep pace with the latest explorations; historical matters include the freshest just views; the biographical notices not only speak of the dead but of the living. It is a library of itself.

MANHOOD. How Lost, How Restered.

Just Published, in a Sealed Envelope. On the Nature, Treatment, shid Radical Cure of Spermatorrhoza, or Seminal Weakness, Sextial Debility, Nerveusness and involuntary emission, inducing imposency, and Mental and Physical Incapacity. By Rost, J. Curverwell, M. D., author of the "Green Book," &c. The world-renowined author, in this admirable locture, clearly proves from his own experience that the awful consequence of Self-abuse may be effectually removed without medicine and without dangerous surgical op rations, bougies, instruments, rings or cordisis, pointing out a mode of cure at once certain and effectual, by which every sufferer, no matter what his condition may be, may cure himself, cheaply, privately and radically. This lecture will prove a bount tinousands and thousands.
