I have cured with it in my practice, most of the complaints for which it is recommended, and have found its effects truly winderful in the cure of Venereal and Murenreal Disease Que of my patients had Syphiltic ulcers in his throat, which were coginming his palate and the top of his mouth. An-other was attacked by secondary symptoms in his nose, and the ulceration had eaten away a con-derable part of it, so that I believed the disorder would soon reach have baan and kill him. But if yielded to my administration of your Sar-saparilla, the ulcers healed, and he is well sgaln not of course without some disfluration to his tree. these mournful times, to-day has been a pleasant time for us. It was ushered in with a cloudless sky, and Heaven seemed to smile upon our effort of letting to the breeze, the emblem of our constitutional liberty, "the glorious old Stars and Stripes." After dinner, the peoplo of the surrounding towns, began to flock together. and before 2 o'clock, 150 persons were upon the ground, which was more than we expected; considering that many of our own folks are below running logs; and others very much hurried with seeding. After the mising of the pole, a fine flag was run up, which will campare. favorably with any I have yet seen. After which J. B. Niles of Middlebury proceeded to address us upon the question which is to-day shaking our once happy country, from turret to foundation stone. He was followed by H. W. Williams, Esq., of Wellsboro, who made a telling speech against the heresy of secession, and closed by urging upon us the necessity of Leing fully prepared for the great struggle before us. The choir, before and after the speeches, discoursed fine music, which always tends to enliven an occasion like this. They closed by singing the following lines, which were composed by a citizen of this place, for this occasion. It is not a finished production, but it was song with an enthusiasm which more than

made up for its want of polish. OUR FLAG.

The Union sentiment here on Pine Creek, is strong. The rebels will learn when our services are needed by our country, that while we love our Beanth-stones much, we love our country more. We have not a traisor among by. If we had we would give him as passport to Jeff Davis' dominions, in double quick time. Friend Young, until death we are with you in this struggle, on our part, for Right and Constitutional Liberty.

## THE FOURTH OF JULY.

South Carolina, when she entered, formally on her present career of infamy, erased by Legislative act the Fourth of July from her list of holidays. She was atrociously consistent in ! this; for, having resolved to distroy the glorious work of our Revolutionary sires, she ought no longer to effect a reverence for their memories which she had ceased to feel.

The eighty-fifth anniversary of the birth of the American Republic is to be signalized by the assembling of a new Congress at Washington-(yes, at Washington, Mr. Jeff. Davis! do you hear?)-and by the consequent inaugura-tion, doubtless, of more vigorous and systematic efforts to disarm and crush out the Treason which aims at the hational life. 'Independence Day! has for a lifetime been our great National festival; bu this year it will have a solemnity of emphasis and will be celebrated with a fervor of patrictie enthusiasm, such as has never yet been kijown.

We suggest that, i every City and County where Treason does bt forbid and forcibly preyent it, whether in t e North or the South, the East of the West, the entire population who are resolved to stand by he Union and live and die under the Stars and Stripes, shall be gathered for such a celebration as our fathers loved, and that, in addition to the usual exercises, the old Fing shall be raised with all the honors, a patriotic contribution to kett up for the benefit of fidelity to the Constitution and Union Bureau administered and rearently taken by the whole Pliny Burr, Tf thire be other observances George Wallace, et al George Wallace, et al better calculated to impress on the general Stephen Pierce, mind the greatne s of the peril which now Sobieski Ross hangs over the country, and the magnitude of JS Bryden's Adm'r the sacrifices required to meet and overcome FS Elliott et al that peril, let these be added or substituted; Bingham Trustees but let there be a celebration at every county- JN Bacha Sarah L Kesne seat, such as has not been witnessed for forty Amos Birby years and may never again be. Let the prepa- Bingham Trustees rations he fitly and seasonably made, and the Bingham Trustees Fourth of July, 1861, will be remembered with AS Turner Fourth of July, 1861, will be remembered with James I Jackson patriotic affection and pride for the next half.
