

THE AGITATOR.

Wellsboro, Wednesday, June 19, 1861.

New Advertisements. Job Barford. One Hundred Barrels Salt. J. W. Bailey & Co. Wool, Wool, J. W. Bailey & Co. Groceries, O. Bullard.

The Ladies of Wellsboro have made and sent the Wellsboro Companies, one hundred and sixty dresses.

A meeting will be held on Saturday evening at 7 o'clock, at the Court House, to make arrangements for the proper celebration of the Fourth.

Stockholder, the Great American Flour, is a drinker of the bottom. We will back him against the wind and bottom.

There was a light frost in this region on the morning of the 14th and 15th; also on the morning of the 16th. But little damage was done except to the tender of the garden crops.

The Lock Haven Workmen has suspended publication. Reason: its subscribers would not pay. These are hard times for country printers, as they are all other sources of revenue, except subscriptions, have stopped.

We learn from Elmira that in consequence of advertising in the Agitator, many citizens from the region have visited Wellsboro at the Bee Hive and have been satisfied that he sells the best paper for cash. His assortment is said to be the most complete intended to suit everybody.

Godey's Lady's Book for \$1.00.—To meet the wishes, the sixty-third volume of Godey will be sent to subscribers for One Dollar. This volume contains the six best numbers of the year, and will contain seven steel engravings, six of the large double fashion-plates, and all of the winter cloak trims. Address, L. A. Godey, 323 Chestnut Street, Philadelphia.

SEND SOMETHING TO THE BOYS.—It may not seem to you that you are doing much for the boys, but you are doing a great deal. Send them packages of soap, toothbrushes, and other articles which will be sent to the soldiers, which will be very acceptable. Socks, handkerchiefs, and other articles, which will be very acceptable. Send them along!

FRONT-SIDE OF THE VOLUNTEER COMPANY FROM THE CITY OF WASHINGTON.—The following item is from the front-side of the volunteer company from the City of Washington. A writer in the Potomac County Journal writes that they were desirous and cordial, and that they were desirous and cordial, and that they were desirous and cordial.

WRITE TO THE SOLDIERS.—The following item is from the subject of writing letters to those who have gone to serve their country, in the Potomac County Journal, and worthy of commendation. We would like to see the wives, mothers, fathers, brothers, sisters, and the sweethearts of the soldiers, to write to them. We know from experience how sweet and pleasant is a good loving letter from home, breathing life into the hearts of the soldiers, and neighborhood.

WE, ONE OF US, NO MATTER WHO, HAVE SERVED IN THE ARMY IN WAR, AND WE KNOW THERE IS NOTHING AS HAPPY AS TO BE AT HOME. It is the thing to write a letter, and yet nothing gives us as much happiness as to be at home.

THE PINE AND PALM.—We have received the numbers of a finely printed newspaper bearing the above name, published simultaneously at Boston and New York. It is owned by James Redpath, and edited by himself and several others with much ability. It is the organ of the Haytian cause of Emigration for this country, and is also a mouthpiece of that class of Abolitionists, who are smitten on the right cheek do not believe in turning the other also. Of this class was John Brown. As this paper is intended to assist the colored people, we commend it to that class of our people. Address, James Redpath, No. 3, Winter St., Boston, or \$1 for six months, or \$2 for one year.

DIPHTHERIA.—This disease has been quite prevalent in Charleston and Delmar lately, several children having died of it. A friend in Charleston sends the following recipe for a 'bulletin', which has been quite effective in his neighborhood. We commend it to all those having this terrible disease in their families:

Take a pint vinegar, 1 oz. Cayenne pepper, 1 table-spoon of salt. Then take 1 handful of hops; put them half an hour; then take out 2 table-spoons of the liquid to be used as hereafter directed. Add to the liquid still left 1 table-spoon of salt and a half pint of water. Then stir the mixture to make a poultice. Divide the poultice into three parts and apply to the throat, giving inter-vals of 15 minutes between each application. Apply 1 teaspoonful of the hop liquid at the time of giving the poultice, which should be once an hour.

A SENSIBLE HUSBAND.—Dear Agitator: I have given you the true account of the late excitement in the southern part of Delmar. We reached us yesterday that a seceder was being hanged between the earth and a few miles above here. I am glad to hear that the hanged man was not a seceder, but a man who had been murdered for his money, and that the seceder was only a pretense to cover the crime.

THE PARTY OF DISCOVERY CAME BACK.—The crowd gathered anxiously around for the report: "We have seen the seceder, and found hanging between the earth and the earth with this inscription over his head, 'One Seceder Safe'—a rattle and a rattle."

CHIEF PROCEEDINGS.—Commonwealth vs. B. Hall, Thos. J. Hall and Z. T. Hall. The defendant in this case were indicted for assault and battery. The Grand Jury returned a true bill. In consequence of the alleged absence of a material witness the defense was postponed until the next session, the defendants being recognized to appear.

Commonwealth vs. John Hober. The indictment in this case was for Larceny upon which the Grand Jury returned a true bill. The defendant pleaded guilty, and was sentenced to the State Prison for 12 months.

Commonwealth vs. Elias Allen. Indicted for False Pretenses. The verdict of the Jury was guilty. The defendant was recognized to appear at next Sessions, and was sentenced to the State Prison for 12 months.

Commonwealth vs. Jas. H. Gullett and A. Gaylord. Indictment in this case was for assault and battery. The Grand Jury returned the bill ignominious, and that the defendant pay the costs.

Commonwealth vs. Phillip Taylor. Indictment for assault and battery. Grand Jury returned true bill.

GROVER & BAKER'S

CELEBRATED NOISELESS SEWING MACHINES, FOR FAMILY AND MANUFACTURING USE, 495 BROADWAY, NEW YORK.

The Grover and Baker Sewing Machine Company are now manufacturing, and have on exhibition at their different salerooms, machines making the Shuttle or Lock-Stitch, of the same pattern and at the same price as their celebrated Grover and Baker Sewing Machines, thus affording the public the advantage of comparing the stitches of the two leading makes in the most perfect manner.

We speak from experience when we say that, after having tried all the principal Sewing Machines, we most accord to that of Grover and Baker the pre-eminence. These indispensable features of sewing, strength, uniformity and elasticity, all of which are brought out in this incomparable invention, make it the first sewing machine in the country. Others have their good points, but this combines all, and possesses every characteristic necessary to make it most desirable.

MEET VS. PREFERENCE.—We perceive that the Grover and Baker Sewing Machine is every day growing more and more popular, both for manufacturing and family purposes—but especially as adapted to all the requirements of family use. Other machines, by dint of brazen puffery and cunningly with committees at annual fairs, have been thrust forward into the first place; but they are fast losing their unmerited position.

A trial of over two years enables us to say with the greatest confidence that there is no better machine for general family use than Grover and Baker's Sewing Machine Co. It makes a beautiful elastic seam that does not rip with wear or washing, runs almost noiseless, is plain, simple, easy to work, and not liable to get out of repair, fastens the ends of its own thread, and uses threads and silks directly from the spools on which they are bought.

Grover and Baker's Machines work in their peculiar stitch, and fabrics put together by it, may wear and drop to pieces from original weakness or hard usage, but come apart or give way at the seams, they can not; they will hold together when the cloth or fabric around them hangs in rags and tatters.

The points we conceive most necessary and important to meet the wide range of requirements in a machine for family sewing, we find more fully combined in the Grover and Baker's, extent of capacity, simplicity of construction, ease of management, advantage of using thread from two spools without re-winding, strength of work, elasticity, durability and regularity of stitch, and quietness of movement. We therefore mark award to the Grover and Baker's—Report of Tennessee State Fair of 1850—also of St. Louis State Fair of 1859.

HO! FOR THE BEE HIVE! DORMAUL sends greeting from ELMIRA, and wishes to inform all that he has just spent a week in NEW YORK, picking up BARGAINS FOR HIS CUSTOMERS, and has succeeded by a lavish expenditure of Ready Cash, in procuring the BEST ASSORTMENT of the most magnificent DRESS GOODS, SHAWLS, CLOAKS, MANTILLAS, STRAW GOODS, FRENCH FLOWERS, EMBROIDERIES, HERRINGBERRY, and every thing else ever found in first class DRY GOODS EMPORIUM.
