A PATRIOTIC MOTHER.—At a meeting of the First Vermont Regiment, an elderly lady, who seemed to be full of enthusiasm, arose, and said :

"I thank God that I am able to do semething for my country; my two sons-all I possess in the world -sre in the regiment, and the only thing I have to regret, is, that I could not have known it twenty years ago. I would have furnished hore of them.

WELLSBOBO CADETS.—An election of officers of this Company was held on Saturday last to fill vacancies occasioned by the resignation of Capt. W. Frank Bailey, and Lieutenant G. W. Butterworth, new in Washington as members of Capt. Julius Sherwood's Company. The election resulted as follows:

"THE PENNSYLVANIA RESERVE"-is the name of a newspaper recently printed in the office of the Piedmont (Va.) Independent, by the Bradford Union Stards, 5th Regiment, Pennsylvania Reservé Corps. It is "edited by the Orderly Sergeant"-who is no otherthan our friend, R. W. Sturrock, who graduated from this office. In a spicy "Salutatory" "BoB" explains the circumstances of the case—how the editor of the Independent was driven from his home for the atterance of Union Sentiments, and that the object of the "Reserve" is not to make a fortune, but to send some news from the boys to their friends. It centains a comic "Picture Gallery," some. interesting accounts of the travels of the company, and a few acknowledgements-one of them as follows:

"Simms, of the Metropolitan, will accept thanks for an original package of superior O. R. (Old Rye?) We will probably find use for it some day."

TIOGA RESPONDS AGAIX.-Last week Capt. Julius Sherwood of the "Tioga Invincibles" made a visit to our County for the purpose of recruiting enough men to raise that Company's numbers to the maximum army standard of 101. On Friday morning, the recruits started for Washington, where the Regiment is now ordered, in charge of Lieut. Carl. Many more were anxious to go but cou'd not get a chance. The following are the names of those who went:

BLOSSBURG, July 27, 1861.

Hun Young, Esq., Dear. Sir: The first news of the retreat of our army before the rebels at Manassas, that a deep gloom over the citizens of Bloss, but the later accounts of the disastrous retreat wears a little letter continenance, and the promptness of Northern thiness to volunteer to swell the numbers of the Unabathy is certainly chearing. There is only one but of Secessionists in our bounty that I am aware of the master and a few small overseers, whose depend on their submission to their master's little in their rebellion, and that this can never be a recentful government, while the poor man is allowed the hopes the South will whip the North, and the hopes the South will will have

he sweat of their brow, cannot be seduced from their ellegiance to the Union. These fac's ought to be hown, especially as the capitalist above referred to apects the government he is using all his influence to the government he is using all his influence to the will be fall Brook, a route i no earthly benefit to any one except himself and rally some to him—for his wars run daily, and the Cadactor receives and delivers their mail.

IN THE HIGHLAND RANGES.—This is the name a baltalion of Riflemen just offered to the Governand by Maj. John M. Kilbour is of Potter County, and accepted for three years of during the war. We had the pleasure of meeting Maj, Kilbourne while on it way through here from Harrisburg, and he asthat us that his companies will compare favorably but in equipment and drill with any he saw while we We are personally acquainted with Captains diver and Judd, and with many of the men who suppose their companies, and we do not hesitate to by that if they have the opportunity, they will "perall they advertise." It is a notorious fact, that oun County (until the acceptance of these compaain) has ad fewer men in the field according to her palition than any other county in the State—perthan any other county in the Loyal States. This been partly the fault of the powers that be, and Maily the fault of the people themselves. We are the state therefore that Little Potter—seldom behid in any good work—has at last furnished so many to efficient men for the service. They are exto pass through here on their way to Harris-

Since the above was written we have received the blowing notice of them in the Patriot and Union: Portes County.—Major Kilbourne, of this county, twice a veex.

MARRIED. At the M. E. Parsonage, in Charleston, July 4th, by Rev. R. L. Stilwell, Mr. ORIN DAY, and Miss SARAH E. LENT, both of Happy Valley, Tioga Co. Pa.

in Lawrence Township, Tioga Co. Pa., on July 19th, 1861, MARGARET M., wife of THADDEUS J. METCHELL, aged Thirty-five years.

The deceased was a member of the Tioga Baptist church-was a consitent Christian, a kind and affectionate wife, and tender mother. She was beloved by her neighbors, and her sudden death will be mourned by a large circle of relatives

and friends.

The following beautiful lines were composed by Rev. S. M. Brokkman, who preached her funeral sermon, and he has kindly consented to let them be published with this nedice.

Ah death! and hast thou come so soon.
To bear me from my friends and home?
And must my sun go down at noon,
Which in full strength so lately abone? Must I from friends most near and dear, Forever part to meet no more?

Must this sweet home be rendered drear,
Where all was life and joy before? Ainst all my fondly cherished liopes, Of years of joy and frienship awest; To zee sook on earth be lost, And I no more with kindred most?

Yes, denth has come, me hence to bear, I fall beneath his chilling breath, to tise again and fly to where All shout their victory over death. Farewell my love, farewell forever; On times rough sea we'll meet no mete.

The strongest ties of love must sever— We'll meet again on Caanan's shore. Farewell dear children, I must leave you, lon the world's quick changing tide; May Reaven protect, and bless, and guide you, Safe to the realms of endless life.

Parewell Mother, farewell Brothersone I long and fondly leved Farewell dear frends, farewell all others; May we all meet in Heaven above.

GROVER & BAKER'S

CELEBRATED NOISELESS SEWING MACHINES FOR FAMILY AND MANUFACTURING USE, 495 BROADWAY, NEW YORK.

Agencies in all the principal Cifies and Towns in the United States. The Grover and Baker Sewing Machine Company are now nanufacturing, and have on exhibition at their different salesrooms, machines making the Shuttle or Lock-Stitch, of the same patterns and at the same prices as their celebrated Grover and Baker Stitch Machines, thus affording the public the advantage of comparing the stitches of the two leading machines and exercising their own judgment as to their respective merits. This is the only company that manufactors both kinds of machines, and therefore the only one that can Civilization generally and the people of Tioga County offer this privilege to the purchaser.

"We speak from experience when we say that, after having tried all the principal Sewing Machines, we must accord to that of Grover and Baker the pre eminence. Those indispensable features of sewing, strength, uniformity and elasticity. all of which are brought out in this incomparable invention, make it the first sewing machine in the country. Others have their good points, but this combines all, and possesse every characteristic necessary to make it most desirable."-N. Y. Christian Advocate and Journal.

"MERIT VS. PRETEXCE.-We perceive that the Grover and Baker Sewing Machine is every day growing more and more in favor, both for manufacturing and family purposes-but especially as adapted to all the requirements of family uso, Other machines, by dint of brazen puffery and couniving with committees at annual fairs, have been thrust forward, into the first place; but they are fast losing this unmerited position. The real merits of the Grover and Baker Machine are beginning to be known in a practical way, and daily is the demand for them increasing, while the demand for heretofore better known, but inferior machines, is proportionally decreasing, So it turns out in this, as in many other instances that 'honesty is the best policy,' and the right, in the end comes uppermost.

"A trial of over two years enables us to say with the greatest confidence that there is no better machine for general family use than Grover and Baker's Sewing Machine Co. It makes a beautiful elastic seam that does not rip with wear or washing, runs almost noiselessly, is plain, simple, easy to work, and not liable to get out of repair, fastens the ends of its own thread, and uses threads and silks directly from the spools on which they are bought."-N. P. Leader.

Grover and Baker's Machines' work in their peculiar stitch, and fabrica put together by it, may wear and drop to pieces from original weakness or hard usage, but come apart or give way at the seams, they can not; they will hold together when the cloth or calico around them hangs in rags and tatters.-N. Y. Daily News.

"The points we conceive most necessary and important to meet the wide range of requirements in a machine for family sewing, we find more fully combined in the Grover and Ba ker, viz., extent of capacity, simplicity of construction, case of management, adventage of using thread from two spools without re-winding, strength of work, elasticity, durability and regularity of stitch, and quietness of movement. We therefore mark award to the Grover and Baker."-Report of Tennessee State Fair of 1860-also of St. Louis State Fuir of
