The FARMINGTON SUNDAY SCHOOL CELERAL TION, -- When the whole history of this great struggle for the maintenance of the noblest government on earth shall have been written, and when all have been earth shall have been written, and when all have been weighed in the balance, Pennsylvania, in her memo-rable received of patriotism and valor, will not be found to have been "wanting." Her people have entered into the conject with whole hearts, and are yet ready --with their neighbors of the other loyal States-to make every needful sacrifice. Every regiment that has left Elmira for Washington, have found the trip --and the soldiers have so described it in their letters home-through the entire State, "one complete ova-tion." At present, Union meetings, (and Sunday School chlorations, at which Union speeched and demonstrations constitute the prominent feature) are the order of the day all over the State. We have a letter before me from a friend in that State, mentioning the incidents of a grand Sunday School celebration held at Farmington, near Wellsboro, Pa., on the 17th inst., at which, over 3,000 children were present. Very many patriotic speeches were made by clergymen and others; while the spiritual songs usually so devoutly sung by the children on such occasions, were this time weight of the day all over the state the sould be at the spiritual songs usually so devoutly sung by the children on such occasions, were this time sung by the children on such occasions, were this time mostly apperceded by pieces of a decided warlike cast. The enthusiasm was intense. After the usual toasting and cheering of the different speakers, etc., one of the speakers, a leading clergyman of that vicinity, stepped upon a bench in the stand and "called for three cheers for the USION," adding the hope that "the war would scon terminate, and Jeff. Davis & Co., be hung !" The coheering came with a will. "Ah." write our friend, "I thought, as I sat on the stand, looking out upon the sca of faces before me, and witnessed the heaving throes of patriotic feeling at every allusion to our na-tional troubles-bow can traitors, succeed in their hellish attempt to destroy our Government? They cannot

do it ."- Elmira Press. MARRIED.

In Nelson, August 1si., by Rev. Francis Rand, Mr. JESSE T. ALDRICH, to Miss ANN B. TAFT, both of Tuscarora, N. Y.

#### DIED.

In Covington, July 28th, FRANK E., son of John C. and Divo W. Bennott, aged 12 years, 8 months and 13 days

and 13 days. He was kind and obedient to his parents, a faithful and interesting member of the Sabbath School, an attentive and attracting latener at church, and tor the last six months, as we humbly trust, a devoted and examplary christian. His last hours were penceful and happy; he requested mourning friends to wipe away their tears, for he would soon be with his Heavenily Father—soon have a crown upon his head and a harp infliched the desired the Subbath School children to eang, "V want to be an argel and with the angels airand," and while singing to remember him and he himself when his voice was well high goue, sang in a low whieper "Thave a Father in the normixed land.

"I have a Father in the promised land, I have a Father in the promised land, My Father culls no. I must go, To fineet Him in the promised land : 1'lfaway, I'll away to the promised land."

Thaway, I'll away to the promised land." In his hist moments, he said he saw Jesus with his angels coming the meet him, and a smille of juy was upon his face, as he went down into the dark waters of the river at death. Thus passed away one whose his, though brief, remains a living willness to the suvice he loved, and a source of fond recollections to his weeping parents, and his lovely jurother, and well may it be said that, "he being dead, yet sparketh."

**GROVER & BAKER'S** 

CELEBRATED NOISELESS SEWING MACHINES. FOR FAMILY AND MANUFACTURING USE, 495 BROADWAY, NEW YORK.

Agencies in all the principal Cities and Tourns in the United States. The Grover and Baker Sewing Machine Company are now manufacturing, and have on exhibition at their different salesrooms, machines making the Shuttle or Lock Stitch, of the same patterns and at the same prices as their celebrated Grover and Baker Stitch Machines, thus affording the public the advantage of comparing the stitches of the two leading machines and exercising their own judgment as to their respective merits. This is the only company that manufacturs both kinds of machines, and therefore the only one that can offer this privilege to the purchaser.

"We speak from experience when we say that, after having tried all the principal Sewing Machines, we must accord to that of Grover and Baker the preeminence. Those indispensable features of sewing, strength, uniformity and elasticity, all of which are brought out in this incomparable invention make it the first sewing machine in the country. Others have their good points, but this combines all, and possesse every characteristic necessary to make it most desirable."-N. Y. Christian Advocate and Journal.

' MERIT VS. PRETENCE .- We perceive that the Grover and Baker Sewing Machine is every day growing more and more in favor, both for manufacturing and family purposes-but especially as adapted to all the requirements of family use. Other machines, by dint of brazen puffery and conniving with committees at annual fairs, have been thrust forward into the first place; but they are fast losing this unmerited position. The real merits of the Grover and Baker Muchine are beginning to be known in a practical way, and daily is the demand for them increasing, while the demand for heretofore better known, but inferior machines, is proportionally de-creasing. So it turns out in this, as in many other instances, that 'honesty is the best policy,' and the right, in the end comes uppermost.

"A trial of over two years enables us tosay with the great est confidence that there is no better machine for general family use than Grover and Baker's Sewing Machine Co. It makes a beautiful elastic seam that does not rip with wear or washing, runs almost noiselessly, is plain, simple, easy to work, and not liable to get out of repair, fastens the ends of its own thread, and uses threads and sitks directly from the spools on which they are bought."—N. I. Leader.

Grover and Baker's Machines' work in their peculiar stitch, and fabrics put together by it, may wear and drop to pieces from original weakness or hard usage, but come apart or give way at the seams, they can not, they will hold together when the cloth or calico around them hangs in rags and tatters .- N Y. Daily News.

"The points we conceive most necessary and important to meet the wide range of requirements in a machine for family sewing, we find more fully combined in the Grover and Ba ker, viz, extent of capacity, simplicity of construction, ease of management, advantage of using thread from two spools without re-winding, strength of work, elasticity, durability and regularity of stitch, and quietness of movement. We therefore mark award to the Grover and Baker."- Report of Tennessee State Furr of 1800-also of St. Louis State Foir of 1860.

SAD ACCIDENT. -- A friend s' Knoxville writes as follows :

"A sad, and almost fatal acciden ;, happened a few iles from this place, one week sg., last Sunday. A ughter of J. W. Holmes way riding with her broth-, when the horse took fright and ran away, throwing sil from the wagon, and i multing in the fracture the Inferior Maxilary Be is, (chin) fracturing it a both sides, and leaving it fingling, being only held better by the muscle of the bin, also fracturing the avicle. The fracture was successfully reduced by Dr. L. Darling, of Lawrence ille, and the patient is as fair way to recover.

Enorville, July 29, 1861.

29 We have received the following new pieces of bet music from Messrs, Oliver Ditson & Co., No. 277 whington Street, Boston ; "The Moon behind the Hil," a beautiful ballad, by Blabe : "The Captain's Bile," a Song, by J. W. Turner : Our Polka," dedi-lied to the Young Ladies of the Kentucky Female ollege, by our talented young friend, Prof. R. Harria, formerly teacher of musicin Wellsboto. "Child of ") heart," song. by Blanche L. Artois, music by Kim-Il; Flowers of Fall, Wall'," by Beschor; "Che\_ acto Quadrill," by Botis; "La Corinna," a song with-<sup>cut</sup> words; "Riverside"-Bar hrolls for piano, by Chrke. Any of these pieces ill be sont by mail upon receipt of twenty five cen h in money or stamps. address the publishers as above.

2 We call particular atti Stion to the now Adtisement in this week's p per, of the Wellsboro Academy. Prof. Allen's milit ry training and expehence for the past three months, have admirably fitted him for the undertaking therein announced. The Act Amembly, approved the 15th of May, gives authorly for such a course of instruction. We copy from that act :

"Section 18. That all incorporated colleges, univer-We and academies, in this Common Wealth, are here-by authorized to establish, if connection with their Wreat institutions, a military professorship for the Maration of young men in filitary discipline, and in Weat of your ". beart of war.

At the present war for the Jnion, may be i protracone, the importance of fich a course of training tre at home, cannot be over estimated.

Among the gentlemen very actively and effici huy engaged in restoring order to the frightened and anned up baggaged trains and to others, after the Alls of Sunday, and saving arms and other property bandoned on the field, were Lient. Webster, of the ary, and Capl. Overton, (Unattached,) of the army, the both exerted themselves till after midnight very Betlively .- National Intelligencer.

HUGH YOUNG-DEAR Six The above paragraph at from the National Intelligencer, Washington, is Patifying evidence of the efficiency of Capt. G. B. breton, a gentleman well known to yourselt and mpy of your readers.

The writer, a few days since; met & friend who was anong the spectators of the battle at Bull's Run, and the remained on the field all. lay.

He met Captain Overton thi re, and said that when Were were preparing to lear, the field, Capt. O. Bavas protored a musket, return id to the front, saying at he might be of service, and that he wished to see tore of the fight.

How he was employed during the night of confusion Thich followed, the above explact chows: Χ.

and a

corneriof lot surveyed for Henry Tomb; thence by the same south 100 perches to a post; thence by land surveyed for John S. Hastings west 40 perches to a post; thence by land surveyed for S. Newberry north one hendred perches to a post; thence by Elijah Phillips east 40 perches to the place of beginning-containing twenty-five acres; part of warriant No. 1949, ames Wilson Warrantee. P. C. HOIG. P. C. HOIG, ANDREW BARTLE, Administratore. August 7, 1861.

A PPLICATION FOR A DIVORGE.-To Mordica Canada.-You are hereby notified that Ursuld Canada, your wife, has applied to the pourt of Common Pleas of Tioga County, for a divorce from the bonds of matrimony, and that the said Cdurt have appointed Monday; the 2d day of September, next, at 2 ofclock P. M., for bearing the said Urguin Can-ada in the promises, at which time and place you can appear if you think proper. S. I. POWER; Wellsboro, August 7, 1861.

Tuition (Primary) per Torm......\$2 50 

We are most happy to be able to say to the friends and patrons of this Institution, and also to all within the range of its patronage, that the building will be finished and furnished for the accommodation of all who may apply for admission as students. The peo-ple of Mausfield, who have so long and sacrifizingly labored for this educational enterprize, Tioga and Bradford counties, Northern Pa., may now begin to be on the faile of hearing in their minor a Birth Class reap the fruits of having in their minst, a First-Class

reap the fruits of having in their misst, a Birdt-Class Seminary of learning. It is the design of the Faculty, which is composed of teachers of much experience and acknowledged ability, to make every possible effort to render this School one of the most desirable in the State, for those who desire a thorough, practical education. The building has a very desirable location on an eminence, about eighty rods east of the Tioga Railroad. It is a brick structure 150 feet long. four stories high. a brick structure, 150 feet long, four sparse high, built in the most modern style of architecture. There are two Literary Societies connected with the School, also a Library in the Institution for the use of std-

dents. No student will be taken for less than a term, ald any who onter will, thorefore, be obliged to pay thi-tion for a full term. Tuition pnyable, one hulf at the commencement, and the remainder at the middle of dents.

The building having been erected at a great er-pense, the Trustees being anxious to keep it in the best possible state of preservation, think it not best to have any self-boarding in the building. These who desire to board themselves, can procure rooms at a very reasonable rafe in the village. For further particulars address the Principal.

Rev. N. FELLOWS, Pres't. A. J. Ross, Sec'y. July 17, 1861.
