TROY, PA,

GROVER & BAKER'S

CELEBRATED NOISELESS SEWING MACHINES. FOR FAMILY AND MANUFACTURING USE.

495 BROADWAY, NEW YORK. Agencies in all the principal Cities and Towns in the United States:

The Grover and Baker Sewing Machine Company are now manufacturing, and have on exhibition at their different salesrooms, machines making the Shuttle or Lock Stitch, of the same patterns and at the same prices as their celebrated Grover and Baker Stitch Machines, thus affording the public the advantage of comparing the stitches of the two leading machines and exercising their own judgment as to their respective merits. This is the only company that manufacture both kinds of machines, and therefore the only one that can offer this privilege to the purchaser.

"We speak from experience when we say that, after having tried all the principal Sewing Machines, we must accord to that of Grover and Baker the pre eminence. Those indispensable features of sewing, strength, uniformity and classicity. all of which are brought out in this incomparable invention, make it the first sewing machine in the country. Others have their good points, but this combines all, and possesses every characteristic necessary to make it most desirable."N. F. Diriction Advocate and Journal.

" Might vs. Pretekce.-We perceive that the Grover and Baker Sewing Machine is every day growing more and more in favor, both for manufacturing and family purposes-but especially us adapted to all the requirements of family use. Other machines, by dint of braken puffery and couniving with committees at annual fairs, have been thrust forward into the first place; but they are fast losing this unmerited position. The real merits of the Grover and Baker Muchine are beginning to be known in a practical way, and daily is the demand for them increasing, while the demand for heretofore better known but inferior machines, is proportionally decreasing. So it turns out in this, as in many other instances, that 'honesty is the best policy,' and the right, in the end

comes appermost.
"A trial of over two years enables us to say with the great est confidence that there is no better machine for general family use than Grover and Baker's Sewing Machine Co. It makes a beautiful clastic seam that does not rip with wear or washing, runs almost noiselessly, is plain, simple, easy to work, and not liable to get out of repair, fastens the ends of its own thread, and uses threads and silks directly from the spools on which they are bought."—N. Y. Leader.

Grover and Baker's Machines' work in their peculiar stitch, and fabrics put together by it, may wear and drop to pieces from original weakness or hard usage, but come apart or give way at the seams, they can not; they will hold together when the cloth or calico around them hangs in rags and tatters.=N. Y. Daily News.

"The points we conceive most necessary and important to meet the wide range of requirements in a machine for family sewing, we find more fully combined in the Grover and Bas ker, viz., extent of capacity, simplicity of construction, ease of management, advantage of using thread from two spools without re-winding, strength, of work, elasticity, durability and regularity of stitch, and quietness of movement. We therefore mark award to the Grover and Baker."-Report of Tennessee State Fair of 1860-also of St. Louis State Fuir of

May 15, 1861.-iy. MANHOOD. How Lost, How Restored.

And Just Published, in a Sealed Envelope. A lecture of the Nature, Treatment, and Radical Cure of Spermaforthos, orseminal Weakness, Sexual Debility, Nervousness and involuntary emission, producing impotency. Consumption and Mental and Physical Debility. By Kost. Curvewell, M. D.,

The important fact that the awful consequences of soliabuse may be effectually removed without internal inedicines or the daugerous applications of caustics, instruments, medicated bougies, and other empirical devices, is here clearly demonstrated, and the entirely new and highly successful treatment, andopted by the celebrated author fully explained, by means of which every one is enabled to dure himself perfectly, and at the least possible cost, thereby avoiding all the advertised nostrums of the day. This lecture will prove a boon to thousands and thousands.

Sent under scal, in a plain envelope, to any address, post paid, on the receipt of two postage stamps, by addressing Dr. CH. J. C. KLINE,
