It is a brick structure, 150 feet long, four stories high, built in the most modern style of architecture. #### AYER'S SARSAPARILLA, FOR PURIFYING THE BLOOD. And for the speedy cure of the subjoined varieties of Disease Scrofula and Scrofulous Affections, such as Tamors, Ul-cers, Sores, Eruptions, Pimples, Postules, Biotches, Boils, Blains, and all Skift Diceases.

OAKLAND, Ind., 6th Jung, 1859. J.C. Ayres & Co. Gents: I feel it my duty to acknowledge what your Sarsaparills has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the shomach. Two years ago it broke out on my head and covered my scalp and cars with one sore, which was painful and loathsome keyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At leugth I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsapaulla), for I knew from your reputation that anything you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoontal over a month,

concinnant and got R, and used it in tentral me. I consider a month, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon formed under the teab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you that I hold you to be one of the area of the age, and remain ever gratefully. Yours apostles of the age, and remain ever gratefully, yours,

NEW OBLEANS, 25th August, 1859.

Dr. J. C. Ayer: Sif, I cheerfully comply with the request of your agent, and report to you some of the effects. I have realized with your Sarsaparilla.

I have cured with it in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Murcurcal Disease, One of my patients had Syphilitic ulcers in his throat, which were consuming his platte and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believed the disorder would ston reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by murcury was suffering from this poison in her bones. They had become excreding pain in her joints and bones. She, too, was cured, entirely by your Sarsaparilla in a few weeks. I know from its formula; which your agent gave me, that this preparation from your labritory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours.

Ds. J. C. Ayer: Sir, 1 have been afflicted with a painful chronic Rhematism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. Mr. Espy, advised me to try your barsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blord as to make a new man of me. I feel young again. The best that edn'te said of you is not half good enough."

Schirrus, Cancer Tumors, Eulargement. Ulceration, Carles and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our Anterieun Almanac, which the agents below named are pleased to firrelsh gratis to all who call for them.

the Patients in advanced stages of Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have mape it known throughout the civilized nations of the earth. Few are the communities, or even families among them, who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of maukind.
