THE NORTHERN WAR SONG, BY WILLIAM LAMBERT. Rise up, noble Patriots, make no delay, The call of your country be swift to obey; The Southern slave-holders have dared to rebel— Make haste, Northern Freeman, their fury to quell.

IS A PEACE PROBABLE? LETTER FROM COLONEL FORNEY. Colonel Forney writes from Washington to the Philadelphia Press of to-day in a hopeful spirit. He says: "I am neither a prophet nor the son of a prophet, but I think we are on the road to an honorable and lasting peace."

THE BATTLE OF ROSBACH, WHICH WAS FOUGHT NOVEMBER 5th, 1757, BEARS A STRONG RESEMBLANCE, IN MANY PARTICULARS, TO BULL RUN. On the occasion referred to, Frederick the Great, with 25,000 men, attacked the combined army of the French and Imperialists, fifty-four thousand strong, under the command of the French Duke, de Soubise.

THE BATTLE OF BULL RUN. It must be observed that these strange panics, every one of which took place among regular troops, were without cause. They did not, as at Bull Run, follow a severely fought battle, where the enemy was reinforced, but from the effect of pure hallucination of the mind.

disturbed because of his northern birth, and remarkable only for his pyrotechnic oratory. I think our secession friends should beware lest some unexpected chief should leap into the saddle of their dead Cid.

PAVIC-STRICKEN SOLDIERS. The question is often asked, will troops that have ever fled from a battle-field in a panic ever get over the demoralizing effect? We have, in reply, only to say, that panics are not uncommon things in war, and are not confined by any means to new levies, such as composed our army at Bull Run.

CURIOSITY HISTORY OF A SOLDIER.

At the head of a file of men on their way from New York to Washington, through this city, we recently encountered a man who has probably seen as much of real life as any person living, Louis Napoleon alone excepted. Captain B., ten years ago, was a log-cutter or wood-chopper in the Clearfield pines, working in the employ of ex-Governor Bigler.

He secured a position upon the police force of New York, and in the course of his duty, came upon a discharged convict. The convict gave him certain information, the truth of which he could not doubt. A heavy robbery had been committed on the Continent. The convict had been engaged in it, and knew where the plunder was still secreted.

"FAMOUS JOHN W. DEAN." "The Editor's Drawer" of Harper's Monthly for August, is as usual crammed full of good things, and here is one of its articles. We have been assured by an officer of a regiment stationed at Camp Wilkins, that the story is literally true, with the exception of the name.

PLOWING AND FRUIT CULTURE.

EDITOR AGITATOR.—In the AGITATOR of Aug. 14th, are several questions asked by "Enquirer" and answers to them solicited. I had hoped to have seen them all answered before this time, but as they have not been, I propose to give my views on some of them.

Second, "What varieties of fruit for orchard culture, are best adapted to this climate?" Apples, Peas, Plums and Cherries, can be cultivated with profit in this county. No county can produce finer apples than we grow in this county.

"REBELLION" IN A TERRITORY.—The National Intelligencer says: "While the Hon. Jefferson Davis was Secretary of War under President Pierce it will be remembered that the Territory of Kansas was the theatre of grave political controversies, finally degenerating into civil feud."

QUIET PEOPLE.

Did you ever think, ambitious, energetic, bustling reformer, man or woman, what a blessing it is that the great majority of the people of the world are not like you? If you have not, stop a moment and consider, and you will think fortune that it is so.

It is doubtless wisely ordered that some men should be willing to be the leaders of society, and should enter the lists as candidates for the honors of the world. There are men who can go more restrain their ambition than they can dig up the ocean.

THE TOMAHAWK AND SCALPING KNIFE.—It appears to be a fact that the rebels have persuaded several of the more savage of the Western Indian tribes to join them in their war against the Union. The Seminoles, Creeks, Camanches, and several other tribes, the rebel journals declare, have become their allies, and are now being organized under Albert Pike, of Arkansas, and others, to take the field against the Union men of the West.
