Since the def arture of her husband for Congress, the arrov of death had sped near her by day, and the pestilence that walks in darkness had entered het humble mansion ; she herself was still weak a ter a violent illness ; her house was a hospital in every part; and such was the distress of the neighborhood, she could hardly find a will person to assist in looking after the sick. At this moment his comrade fell dead beside him. "Lieutenant," said the rustic, begining

With that the on wript began to blaze away, and fought like a tiper until the close of the action.
