SPECIAL NOTICE.

THE Jurors summoned for the trial of causes at the Special Court for the SECOND Week, are hereby notified that their services will not be required.

J. F. DONALDSON, Prothy.

Wellsboro, Oct. 23, 1861.

☞ To CORRESPONDENTS.—"A. C. W." The article we wrote you about is mislaid, which we regret.—We may find it for next issue. "J. R. J." Charleston. Your article will be printed in our next. "Ivy." We will look yours over.

☞ Removed.—Mr. J. J. Eaton has removed his Liquor and Provision Store to the store lately occupied by Mr. Joseph Riberolle.

☞ One of the subscribers to the Government Loan is a printer in the Troy, *Whig* office. He took $2,000. [Ghastly joke!]—*Elmira Press.*

☞ A Special Court for the trial of certain causes was commenced here on Monday last, Hon. Judge Mercur of the Bradford District, presiding. The Court adjourned yesterday.

☞ Dr. F. D. Ritter of Gaines, has been appointed one of the Surgeons of the 45th Pennsylvania Regiment. Dr. R. is said to have passed an excellent examination.

☞ "The Tioga Mountaineers," is the name selected by the company of which J. S. Hard is Captain. They were *sixty strong* on Saturday, and were to have left Mansfield for Camp Curtin this morning.

☞ RIGHT.—Gov. Curtin, forbids all enlistment in this state for regiments being raised in other States, until the General Government shall refuse to receive further aid from Pennsylvania. This is right. Each State should have credit for its own soldiers.

☞ NEWS FROM ADJOINING COUNTIES.—At the request of many of our readers, we resume this week the compilation of news from the Counties adjoining our own. The business, political, social and educational interests of our people are so closely interwoven with theirs, that we are certain this Summary will be read with as much interest as formerly.

☞ THE FIRST VISIT OF JACK FROST.—The first visit of Jack Frost was on Monday morning last. He found no fresh and verdant leaves upon the trees to fill up in his icy embrace. For many years his unwelcome visit has hastened to a close their very short earthly existence. Not so this year. Born in the first sunrays of Spring, they decked the mother tree in all the gorgeous coloring of the emerald. The summer zephyr sighed as it kissed them in their infancy, and the parade blast of Autumn mournfully greeted them as it passed on. We pause now and look back in memory to each of these phases of the leaves' life, and ask ourselves when we thought them the most beautiful.—We look out of the window now upon the purple and the coloring of the grand old hills, and we say *now* is their prettiest time. But like all other things with us of this world love to look upon, these leaves are fast passing away: but in their decay they teach a lesson which we ought never to neglect. Young life is beautiful; so is maturity: so also is old age if not untimely frosts have made it a burdened, vitiated career. Beauty of character, of thought, of deed, make life beautiful. Let our lives be such that when the Untimely Visitor comes to us, he shall find each ripe for the sickle, and like the leaves, beautiful even in death.

☞ A "BIG SELL."—"Have you been Low?" inquired a friend of ours, perhaps a week ago. "Low" exclaimed, "we don't know anybody of that name around here: what Low is it?" A smile crept across the features of our friend as he answered the question.

"To the poor Indian whose untutored mind Sees"

We were sold sure enough.

That an hour afterwards we encountered another man who gravely informed us that there were three hundred Hostile Indians encamped at the mouth of Marsh's Run, and that a company was being formed immediately as to give them battle. Next morning we heard that three hundred and fifty Indians were encamped down at the Marsh on Pierson's farm. We would go down to see them. There were wars and rumors of wars all that day—but only rumors. The Eliminator—modern journalism knows how to make the most of a very small thing—came to hand with the following conflumatory article:

"A rumor is in circulation that a tribe of 400 Indians have suddenly made their appearance on the Susquehanna river, or between Towanesque and the village of Wellsboro, Pa., and the citizens of that region are filled with apprehension. Those who have heard take that they are drilling constantly, in their appearance and movements indicate conclusively that they are on the 'war path.' Nothing is known of their intentions, and they refuse peremptorily to state their business in that region. Various reports are entertained by the inhabitants of that vicinity some of whom are almost panic stricken, fearing the Indians design a hostile raid of robbery and murder. Others hold the opinion that they are merely on a hunting expedition: others still, entertain the belief that they are drilling with the intention of tendering their services to the government. We have no knowledge of the correctness of the rumor, but it reached us through a channel entitled to credibility. It has announced a 'big thing' by the people of that region, and is the all absorbing 'sensation.'"

Since this came to hand we began to believe that there were Indians in the county, and we know it. We sent a special reporter around to make enquiries. He came back in a breathless state and said he had seen a man from Tioga who had seen a man from Jackson, whose grand mother lives in Union, and she had sent word to her daughter that an acquaintance of hers had heard her husband's brother say that there were five hundred Indians encamped on Royal Rose's farm in Rutland! That we were all getting to the facts pretty close, and the terrible thing was soon unravelled. The facts of the case were these:

There were two Indians and three squaws seen coming quietly down Marsh Creek about two weeks ago.

Not all the Indians that have been seen in the county this fall.

We want to hire the *Gazette's* "channel constituted to lie."

ADJOINING COUNTIES.

POTTER.—The *Journal* publishes the official returns of the election in that county. Judge White's total vote was 1116, there being no opposition. The vote for Elliott was 1134 there being no opposition to either. The main issue in that county was for the Associate Judges, the Democratic Union ticket being expected in the event of their election to grant licenses to sell liquors. In many districts the issue was canvassed openly. The result of the election of the Republican (Anti-license) ticket by handsome majorities. This county has no licensed taverns within its limits for nearly ten years, and the people seem to be satisfied. Potter County means something. It cannot be denied, however, that a great deal of bad whiskey is sold by peddlers and others in all parts of the county. The authorities let these fellows pass with impunity.

The ladies of Coudersport gave a splendid supper at the Court House on Saturday night to the new company just raised there and commanded by Capt. Arch F. Jones. About 80 men are already enrolled and they were to have left for Harrisburg on Monday morning. Capt. Jones will make a brave, kind and attentive officer.

Clinton—The whole Republican Union ticket is elected in Clinton over the Breckinridge Democracy. Jarrett who was the Democratic candidate for Assembly was educated at West Point but has not yet offered his services to the government. Blair, the democratic candidate for the Senate was a Lieutenant in the Fourth Pennsylvania Regiment which marched over the Long Bridge on their way home to the music of the enemy's cannon at Bull Run. The people seem to feel that he ought to stay at home, as the majority for Johnson of Muncy, his opponent is over 1000.

——Capt. W. S. Chatham of Lock Haven is certainly a specimen of a soldier. We'll bet our old hat he is a Yankee. On Thursday morning last he was the recipient of a splendid sword at Lock Haven from a citizen of that place—got married the same day to a beautiful girl at Long Reach—returned to Lock Haven—and joined his company at Camp Curtin the same night. The *Press* don't say whether he took his wife with him or not. We guess he did.

Steuben—From the Corning *Journal*, we learn that the loss of Mr. A. H. Foster of that village whose lumber was destroyed at the steam mill at Middlebury Center on the 10th instant, was $10,000. The origin of the fire is not yet known.

——Quite an animated campaign is now going on in the Senatorial District composed of Steuben, Chemung and Schuyler. Mr. Charles Cook, the well known patron of the People's College, is the nominee of the Union party, and John Magee of the Democratic party. There is little doubt of the election of Cook. If the rumors we have of Magee's expressions in regard to the war be true, no loyal man ought to give him a vote.

Bradford—The Towanda *Reporter* gives the following account of an elopement which occurred in that County: "One day last week, an officer of the law, from the eastern part of the county, brought to this place a young man to consign to 'durance vile,' charged with eloping with another man's wife. The case seems to be a complicated one, notwithstanding the 'pair' were found together in the vicinity of Corning, N. Y., under a fictitious name were passing as brother and sister. The lady is represented as fair and intelligent, and of very respectable parents, and was married several years ago, much against her will, and is mother to two or three children, which she thoughtfully left behind to give room to more 'valuable baggage,' when she took her departure. As the man with whom she was found had not been lately seen in the neighborhood where she formerly resided, it puzzles the 'doctors' to account for the 'singular coincidence' of their being found in the same place, under such peculiar circumstances. As the case will probably be tried next term, and 'all things revealed,' we withhold the names of the parties. The young man was released upon giving bail for his appearance. Both parties will probably be 'bailed' if not thoroughly 'pumped' before this interesting little scene closes."

——The majority for Messrs. Bliss and Tracy Republicans, for the Legislature, is over 2,000.

——Col. Allen McKean has consented to take command of a regiment composed mostly of Bradford county men. Four companies from that county are now in Camp Curtin waiting to be filled by recruits.

——Two banking offices in Towanda are receiving stock for the national loan.

Lycoming—An army contract for making shoes, has been awarded to Mr. James Swindon of Williamsport.

——The great flood of the 28th ultimo caused five breaks in the canal, from Watsontown to Muncy Dam. There is also one at Loyalsock, another just below Lock Haven, a third at Queen's Run, and probably others of which we have not heard. A large number of workmen are engaged in repairing the injury done, and navigation will soon be resumed.

——Many of the logs from the Lock Haven and Williamsport booms passed Columbia on the Sunday night following the rise in the river, and few if any, were caught. A large number were lodged at Safe Harbor below that place.

——A company of Flying Artillery, is now being formed under command of Capt. Ulman, of Williamsport. It is to number one hundred and fifty-six men, is not to be attached to any regiment.

——The *Bulletin* says that a little daughter of S. S. Sweely, was accidentally poisoned on last Sunday morning. It appears that a piece of bread having arsenic upon it for the purpose of poisoning rats, had been left over night on the floor of the kitchen. In the morning the child rose with her father, and discovering the bread, picked it up and ate it. She suffered much during the day, but we are happy to state, that with the aid of timely medical treatment, she has recovered.

——A RECENT DECISION.—Judge Pearson of Harrisburg, recently decided that the sheriff of Lycoming county is in contempt of court, for failing to execute, according to law, a writ issued in Dauphin county, and making an insufficient return thereto, under the following circumstances:

The commonwealth obtained judgments in three several cases against the sureties of a defaulting public officer. The defendants all resided in Lycoming Co., and writs of *fieri facias* were directed in each case to the sheriff who made a return that they were stayed by the order of Associate Judge, C. D. Eldred, on the ground that the defendants were entitled to a stay of execution, pursuant to the act of the 21st of May, 1861; they having sufficient freeholds within the county to satisfy debt, interest, costs, &c.

The judge's decision thus concludes:

"When a judgment is transferred to another county than that which it was originally obtained, the execution issues directly from the judgment so entered, and it is treated for almost every purpose as a judgment for that Court: of course the stay of execution would be there ordered. The judge of a distant has no authority over testatum writs sent to the sheriff thereof, but if there is error of irregularity in the writ, or judgment on which it is issued, application must be made to the Court or a judge of the county in which the judgment was entered to correct and control the process. There is even less plausibility in the Court or a judge in a distant county attempting to control original writs issued on judgments entered in this Court, than in cases of testatum writs: the whole process is under the control of this Court or the judges thereof, for *every purpose*. The judge of Lycoming county had no jurisdiction or power to order a stay of execution which must be done by those having jurisdiction over the judgment, and his order to the sheriff was a mere nullity. That officer might as well attempt to shelter himself under a decree of the town constable of Williamsport as under that of the judge of Lycoming county. He should have treated the order as a nullity and paid no attention to it, but have executed his writ until stayed by a judge of the Court of this county. For failing to do this, and making an illegal return, he is in contempt, and an attachment must be awarded against him to be directed to the coroner of Lycoming county, returnable to next term."

He also ruled that the commonwealth was not embraced by the act of Assembly of the 21st of May, and that consequently its debtors cannot demand a stay of execution.

BE PUNCTUAL.—Those desirous of consulting Dr. Jackson should be punctual in calling on him, as he never disappoints. Mark well the day and date of his appointment, and call early; as he will remain no longer than the time specified. Dr. J. has always endeavored to deal fairly with his patients and those who come to see him must expect the plain truth, and he will never flatter, deceive or make false promises of cure when he knows it is impossible.

TO THE PEOPLE

OF THE UNITED STATES!!

In the month of December, 1858, the undersigned for the first time offered for sale to the public **Dr. J. Bovee Dods' Imprial Wine Bitters,** and in this short period they have given such universal satisfaction to the many thousands of persons who have tried them that it is now an established article. The amount of bodily and mental misery arising simply from a neglect of small complaints is surprising and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailmeift should be had; for diseases of the body must invariably affect the mind. The subscribers now only ask a trial of

DR. J. BOVEE DODS'

IMPERIAL WINE BITTERS!!!

from all who have not used them. We challenge the world to produce their equal.

These Bitters for the cure of Weak Stomachs, General Debility, and for Purifying and Enriching the Blood, are absolutely unsurpassed by any other remedy on earth. To be assured of this, it is only necessary to make the trial. The wine itself is of a superior quality, being about one-third stronger than other wines; warming and invigorating the whole system from the head to the feet. As these Bitters are tonic and alterative in their character, so they strengthen and invigorate the whole system and give a fine tone and healthy action to all its parts, by equalizing the circulation removing obstructions, and producing a general warmth. They are also excellent for Diseases and Weakness peculiar to **Females,** where a Tonic is required to **strengthen and brace the system.** No Lady, who is subject to lassitude and faintness, should be without them, as they are reviving their action.

THESE BITTERS

Will not only Cure, but Prevent Disease, and in this respect are doubly valuable to the person who may use them. For

INCIPIENT CONSUMPTION,

Weak Lungs, Indigestion, Dyspepsia, Diseases of the Nervous System, Paralysis, Piles, and for all cases requiring a Tonic

Dr. Dods' Celebrated Wine Bitters

ARE UNSURPASSED!

For Sore Throat, so common among the Clergy, they are truly valuable.

For the aged and infirm, and for persons of a weak constitution—for Ministers of the Gospel, Lawyers, and all public speakers—for Book-Keepers, Tailors, Seamstresses, Students, Artists, and all persons leading a sedentary life, they will prove truly beneficial.

As a Beverage, they are wholesome, innocent, and delicious to the taste. They produce all the exhilarating effects of Brandy or Wine, without intoxicating; and are a valuable remedy for persons addicted to the use of excessive strong drink, and who wish to refrain from it. They are pure and entirely free from the poisons contained in the adulterated Wines and Liquors with which the country is flooded.

These Bitters not only CURE but PREVENT Disease, and should be used by all who live in a country where the water is bad, or where Chills and Fevers are prevalent. Being entirely innocent and harmless, they may be given freely to Children and infants with impunity.

Physicians, Clergymen, and temperance advocates, as an act of humanity, should assist in spreading these truly valuable BITTERS over the land, and thereby essentially aid in banishing Drunkenness and Disease.

In all Affections of the Head, Sick Headache, or Nervous Headache, Dr. Dods' Imperial Wine Bitters will be found to be most Salutary and Efficacious.

FEMALES.

The many certificates, which have been tendered us, and the letters which we are daily receiving, are conclusive proof that among the women these Bitters have given a satisfaction which no others have done before. No woman in the land should be without them, and those who once use them will not fail to keep a supply.

DR. J. BOVEE DODS'

IMPERIAL WINE BITTERS

Are prepared by an eminent and skillful physician who has used them successfully in his practice for the last twenty-five years. The proprietor, before purchasing the exclusive right to manufacture and sell Dr. J. Bovee Dods' Celebrated Imperial Wine Bitters, had them tested by two distinguished medical practitioners who pronounced them a valuable remedy for disease.

Although the medical men of the country, as a general thing disapprove of Patent Medicines, yet we do not believe that a respectable Physician can be found in the United States, acquainted with their medical properties, who will not highly approve DR. J. BOVEE DODS' IMPERIAL WINE BITTERS.

In all newly settled places, where there is always a large quantity of decaying timber from which a poisonous miasma is created, these Bitters should be used every morning before breakfast.

DR. J. BOVEE DODS'

IMPERIAL WINE BITTERS

Are composed of a pure and unadulterated Wine, combined with Barberry, Solomon's Seal, Comfrey, Wild Cherry Tree Bark, Spikenard, Chamomile Flowers, and Gentian. They are manufactured by Dr. Dods himself, who is an experienced and successful Physician, and hence should not be classed among the quack nostrums which flood the country, and against which the Medical Profession are so justly prejudiced.

These truly valuable Bitters have been so thoroughly tested by all classes of the community for almost every variety of disease incident to the human system, that they are now deemed indispensable as a

TONIC, MEDICINE AND A BEVERAGE.

GROVER & BAKER'S

CELEBRATED NOISELESS

SEWING MACHINES,

FOR FAMILY AND MANUFACTURING USE,

495 BROADWAY, NEW YORK.

Agencies in all the principal Cities and Towns in the United States.

The Grover and Baker Sewing Machine Company are now manufacturing, and have on exhibition at their different salesrooms, machines making the Shuttle or Lock-Stitch, of the same patterns and at the same prices as their celebrated Grover and Baker Stitch Machines, thus affording the public the advantage of comparing the stitches of the two leading machines and exercising their own judgment as to their respective merits. This is the only company that manufactures both kinds of machines, and therefore the only one that can offer this privilege to the purchaser.

"We speak from experience when we say that, after having tried all the principal Sewing Machines, we must accord to that of Grover and Baker the pre eminence. Those indispensable features of sewing, strength, uniformity and elasticity, all of which are brought out in this incomparable invention, make it the first sewing machine in the country. Others have their good points, but this combines all, and possesses every characteristic necessary to make it most desirable."—*N. Y. Christian Advocate and Journal.*

MERIT VS. PRETENCE.—We perceive that the Grover and Baker Sewing Machine is every day growing more and more in favor, both for manufacturing and family purposes—but especially as adapted to all the requirements of family use. Other machines, by dint of brazen puffery and conniving with committees at annual fairs, have been thrust forward into the first place; but they are fast losing this unmerited position. The real merits of the Grover and Baker Machine are beginning to be known in a practical way, and daily is the demand for them increasing, while the demand for heretofore better known, but inferior machines, is proportionally decreasing. So it turns out in this, as in many other instances, that honesty is the best policy, and the right, in the end comes uppermost.

"A trial of over two years enables us to say with the greatest confidence that there is no better machine for general family use than Grover and Baker's Sewing Machine Co. It makes a beautiful elastic seam that does not rip with wear or washing, runs almost noiselessly, is plain, simple, easy to work, and not liable to get out of repair, fastens the ends of its own thread, and uses threads and silks directly from the spools on which they are bought."—*N. Y. Leader.*

Grover and Baker's Machines' work in their peculiar stitch, and fabrics put together by it, may wear and drop to pieces from original weakness or hard usage, but come apart or give way at the seams, they can't not: they will hold together when the cloth or calico around them hangs in rags and tatters.—*N. Y. Daily News.*

"The points we conceive most necessary and important to meet the wide range of requirements in a machine for family sewing, we find more fully combined in the Grover and Baker, viz., extent of capacity, simplicity of construction, ease of management, advantage of using thread from two spools without re-winding, strength of work, elasticity, durability and regularity of stitch, and quietness of movement. We therefore mark award to the Grover and Baker."—*Report of Tennessee State Fair of 1860—also of St. Louis State Fair of 1860.*

THE following works are sent to Subscribers in any part of the country, (upon receipt of retail price,) by mail or express, prepaid:

The New American Cyclopedia. A popular Dictionary of General Knowledge. Edited by George Ripley and Charles A. Dana, aided by a numerous select corps of writers in all branches of Science, Art, and Literature. This work is being published in about 15 large octavo volumes, each containing 750 two-column pages. Vols I, II, III, IV, V, VI, VII, VIII, IX, X, and XI, are now ready, each containing near 2,500 original articles. An additional volume will be published once in about three months.

Price, in Cloth, $3; Sheep, $3.50; Half Morocco, $4; Half Russia, $4.50 each.

The New American Cyclopedia is popular without being superficial: learned, but not pedantic, comprehensive but sufficiently detailed, free from personal pique and party prejudice, fresh and yet accurate. It is a complete statement of all that is known upon every important topic within the scope of human intelligence. Every important article in it has been specially written for its pages by men who are authorities upon the topics of which they speak. They are required to bring the subject up to the present moment; to state just how it stands *now*. All the statistical information is from the latest reports; the geographical accounts keep pace with the latest explorations; historical matters include the freshest *past* views; the biographical notices not only speak of the dead, but of the living. It is a library of itself.

ABRIDGMENT OF THE DEBATES OF CONGRESS.—Being a Political History of the United States, from the organization of the first Federal Congress in 1789 to 1850. Edited and compiled by Hon. Thomas H. Benton, from the official Records of Congress.

The work will be completed in 15 royal octavo volumes of 750 pages each. 14 of which are now ready. An additional volume will be issued once in three months.

A WAY OF PROCURING THE CYCLOPÆDIA OR DEBATES.

BOARD REDUCED TO $2 PER DAY.

Since the opening of this vast and commodious Hotel, in 1854, it has been the single endeavor of the proprietors to make it the most sumptuous, convenient and comfortable home for the citizen and stranger on this side of the Atlantic.

And whatever has seemed likely to administer to the comfort of its guests they have endeavored, without regard to cost, to provide, and to combine all the elements of individual and social enjoyment which modern art has unfolded, and modern taste approved; and the patronage which it has commanded during the past six years is a gratifying proof that their efforts have been appreciated.

To meet the exigencies of the times, when all are required to practice the most rigid economy, the undersigned

Have Reduced the Price of Board to Two Dollars per Day,

at the same time abating none of the luxuries with which their table has hitherto been supplied.

TREADWELL, WHITCOMB & CO.

New York, Sept. 25, 1861.—3 mos.

MANHOOD. HOW LOST, HOW RESTORED. Just Published, in a Sealed Envelope. A lecture on the Nature, Treatment, and Radical Cure of Spermatorrhœa, or Seminal Weakness, Sexual Debility, Nervousness and involuntary emission, producing impotency, Consumption and Mental and Physical Debility. By ROBT. J. CULVERWELL, M. D.

The important fact that the awful consequences of self-abuse may be effectually removed without internal medicines or the dangerous applications of caustics, instruments, medicated bougies, and other empirical devices, is here clearly demonstrated, and the entirely new and highly successful treatment, adopted by the celebrated author fully explained, by means of which every one is enabled to cure himself perfectly, and at the least possible cost, thereby avoiding all the advertised nostrums of the day. This lecture will prove a boon to thousands and thousands.

Sent under seal, in a plain envelope, to any address, post paid, on the receipt of two post stamps, by addressing

Dr. CH. J. C. KLINE,

127 Bowery, New York. Post Office box 4,586.
