

THE AGITATOR.

HUGH YOUNG, EDITOR & PROPRIETOR.

WELLSBOROUGH, PA., WEDNESDAY MORNING, NOV. 18, 1861.

We publish elsewhere in an article headed "Slavery and the War," the views of a correspondent on the great question now before the American people...

OUR FORCES.

The Harrisburg Telegraph gives from official sources the number of troops which Pennsylvania has had and now has in the field.

THE LATEST NEWS.

The great news which comes from the Southern Expedition will carry joy to all hearts. A most important step has been taken toward the crushing of the Rebellion.

The rebels suffered much more severely than we. Our loss is set down at 300. Our troops fought all the way almost into Columbus, entering the camp of the enemy, spiking two guns and bringing away two others, and 200 prisoners.

The main body of Price's army is reported to have been forty-five miles south of Springfield, Mo., on the 6th inst.

John C. Fremont is removed from the command of the Department of the West. The order of the President reached him at Springfield on the 2d inst.

HEADQUARTERS WESTERN DEPARTMENT, SPRINGFIELD, MO., NOV. 2, 1861. Soldiers of the Mississippi Army: Agreeably to orders received this day, I take leave of you.

The feeling ran high among the soldiers during the night after the news was received, and there were numerous meetings in the camps.

The weather, until Friday, has been fine and pleasant. Everything looked lovely and gay—marching armies covered the hills by day, and thousands of camp fires illuminated the valleys by night.

CAMP FREMONT, VA., NOV. 4, 1861.

Friend Agitator.—During the past week but little of importance has transpired in this section of the country.

The review which took place on Tuesday, was a splendid thing. The morning came, and a lovely one it was. Not a cloud was to be seen, the air was clear and filled with martial music.

I understand that Capt. Carl has the best company in the 6th regiment. That speaks well for "Old Tioga."

Last Friday night it began to rain—rained all night, all day Saturday, and part of Sunday night. This was a hard one; the rain fell in torrents, and the wind blew a perfect hurricane.

jealousy" to stand blinded, or rest upon other objects than Fremont, until these battles are over, and for our young hero to lead the van of the mighty army of the Potomac over the embattlements of war which oppose us.

SLAVERY AND THE WAR.

Never was a country, lored as this country has been, by all those who have shared the benefits wherein it has exceeded all others.

Though the great rebellion is guided by a few prominent leaders, it by no means grew out of the ambition of these men.

In the infancy of the world—out of which it has hardly emerged—strong men used weak ones very much as they would other animals.

The great quarrel between Great Britain and her American colonies, found all of the latter more or less involved with African slavery.

As the slaveholders are actually at war with the whole human race, in favor of injustice to the weak, shall we not take up the gage and fight for downrights justice?

Does anybody ask, after the slaves are set free and the rebellion crushed, what then? Will slaveholders consent to work a free system? Doubtless not, if left to themselves.

It would be easy to bring almost innumerable proofs of the existence, and overwhelming prevalence of the sentiment above described at the South, yet thus far the war has been managed by the government as if no such sentiment existed.

It is not founded on misconception or ignorance, but is most intense in those who best know the North. It could not be diminished, but only increased by letting every body at the South know exactly the truth about the feeling towards them at the North.

Every thing seems to have been done on the supposition that the South has been misled by conspirators, has acted on a misconception, and will come back and apologise as soon as it is disabused.

It is really a case of national life or death, and the people must judge according to their own sight and observation whether the terrible fact is as above stated.

Is it objected that uttering the word "Liberty" to the slaves of the rebel states would violate our constitutional obligation to the border slave states still nominally loyal?

No man, not lost in misanthropy, can believe that the great majority of the people of the free states are not in love with free institutions and the honest application of the doctrine of the Declaration of Independence to all men, everywhere.

As the slaveholders are actually at war with the whole human race, in favor of injustice to the weak, shall we not take up the gage and fight for downrights justice?

AYER'S CATHARTIC PILLS. Are you sick, feeble, and complaining? Are your feelings uncomfortable? These symptoms are the prelude to serious illness. Some of the most distressing and dangerous diseases are caused by the use of the right cathartic. Take Ayer's Pills and let the fluids move on unobstructed channels.

From a Forwarding Merchant of St. Louis, Feb. 12, 1854. Dr. AYER: Your Pills are the paragon of all the great medicines. They have cured my daughter of uterine disorder, my hands which had proved incurable for years, my mother who had been long and grievously afflicted with blotches on her skin and in her hair.

As a Family Physician. From Dr. E. W. Cartwright, New Orleans. Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in the treatment of the bowels, without in any way interfering in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach. From Dr. Edward Boyd, Baltimore. DEAR DR. AYER: I cannot express your Pills in all that I have cured with your Pills. I have seen you say that we ever treat with a purgative medicine. I place great dependence on an effectual cathartic, and my daily content with disease, and believing that your Pills afford us the best we have, I of course value them highly.

Bilious Disorders—Liver Complaints. From Dr. Theodore Bell, of New York City. Not only are your Pills admirably adapted to the purpose as an aperient, but they are equally effective upon the Liver. I have marked indeed, that in my practice proved more effectual for the cure of bilious complaints than any other remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

Department of the Interior, Washington, D. C., 7th Feb. 1854. Sir: I have used your Pills in my general hospital practice ever since they were first introduced. I do not hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ.

Fraternally yours, ALONZO BALL, M. D. Physician of the Marine Hospital. Dysentery, Diarrhoea, Bilious Worms. From Dr. J. G. Green, of Chicago. You Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients ever found. Their alternative effect upon the liver makes them an excellent remedy, which gives small doses a powerful effect on the bowels. Their sugar-coating makes them very acceptable and convenient in the use of women and children.

Dyspepsia, Impurity of the Blood. From Rev. J. V. Himes, Pastor of Advent Church Boston. Dr. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known of, and can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1853. DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of blood. JOHN G. MEACHAM, M. D. Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, &c. From Dr. J. P. Vaughn, Montreal, Canada. Too much cannot be said of your Pills for the cure of Costiveness. If others of our fraternity have found them so efficacious as I have, they should join me in proclaiming their merits to the world, and those who suffer from that complaint, which, although not enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston. I find one or two large doses of your Pills, taken at the proper time, are excellent promoters of the natural secretion which wholly or partially cures the chronic rheumatism. Notwithstanding I had the visits of physicians, the disease grew worse and worse until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. The effects were slow, but sure. By persevering in the use of them, I am now entirely well.

Senate Chamber, Baton Rouge, La., 5 Dec. '55. Dr. AYER: I have been entirely cured, by your Pills, of Rheumatic Gout—a painful disease that has afflicted me for years. VINCENT SLIDELL, JR. Most of the Pills in market contain mercury, which, although a valuable remedy in a slight degree, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever. Price 25 cents per box, or 5 boxes for \$1. Prepared by Dr. J. C. AYER & Co. Lowell, Mass.

TIOGA CO. COURT PROCLAMATION. Whereas, the Hon. Robert G. White, President Judge of the 4th Judicial District of Pennsylvania, and E. T. Bentley and J. C. Whitaker, Esq., Associate Judges in Tioga County, have issued their respective orders in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever. Price 25 cents per box, or 5 boxes for \$1. Prepared by Dr. J. C. AYER & Co. Lowell, Mass.
