ably forth like the last groan of a dying cat; and in place of "march" we hear "wail." A sword is a "load-sticker," and any of the altered patterns of muskets, are known as "howitzers." Mess beef is "salt horse" and butter "strong grease." "Bully" is the highest term of commendation, while dissent is expressed in the remark, "I don't see it." Almost every regiment has its nickname, and few officers or privates receive their legal appellations or titles when spoken of in their absence. The Massachusetts men have even rechristened their Governor, nor have his "military family" escaped receiving their *nom-de-guerre*, one or two of which are decidedly uncomplimentary, though laugh-provoking.

DELINQUENT SUBSCRIBERS.—A poetical editor addresses his delinquent subscribers in the following musical and touching numbers: Who happy are they Who the editors pay, And have squared up for one year or more; Who tongue cannot express The great joy of the press When delinquents have paid the old score. Printers all the day long Labor hard for a song. A fate that is hard, all agree— They have worked night and day, And of course want their pay, To buy sugar, and coffee, and tea. One would hardly believe, What small pay they receive For the paper addressed to each name; But the price is so small That the good people all Will pay up for fear of the shame.

ADJOINING COUNTIES.—Bradford—Accident.—We learn that on Saturday a number of men were extracting stumps with a machine, on a farm in Bradford township, Mr. Lewis met with an accident which will probably result in his death. It seems that a large stump had been raised from its foundation, and Mr. Lewis going under it, by some means it flew back crushing him, under it. He was remained for some time, while twelve men with axes endeavored to raise the stump off of him, but in vain. They were finally obliged to attach the machine to the stump, succeeded in raising it and liberating Mr. Lewis from his perilous situation. Nearly all of his ribs were broken—many of them entirely splintered from the backbone. He was otherwise badly injured. His brother was also caught under the stump, but not very severely injured.—Reporter.

On Tuesday night last, some graceless scamp, who had neither the fear of the law nor the devil before his eyes, audaciously and feloniously entered this office, and with "malice aforethought" did purloin, and carry away one of our best sets of types (of the round variety) which we had taken of an honest farmer in exchange for the *Reporter*, for three months. Such an outrage to be perpetrated in a civilized community is without a parallel in the calendar of crime. Stealing from a printer is acknowledged an unpardonable sin, and the perpetrator of this outrage is undoubtedly the vilest villain among men. May his dreams be night be of turpins, and his meditation by day be on the same delicate subject. May he be obliged to eat the whole bushel at one meal, and the last one—real hot—stick in his throat. So mote it be.—Reporter.

CELEBRATED NOISELESS SEWING MACHINES, FOR FAMILY AND MANUFACTURING USE, 495 BROADWAY, NEW YORK.

Agencies in all the principal Cities and Towns in the United States.

Shuttle or Lock Stitch Machines. The Grover & Baker S. M. Co. beg to call the attention of the public to their recently introduced NOISELESS FAMILY AND MANUFACTURING SEWING MACHINES,

MAKING THE SHUTTLE OR LOCK STITCH. These machines combine all the latest useful improvements in sewing machinery, and are highly recommended for their

Simplicity of Construction; Noiselessness; Rapidity; Ease of Management; Capacity for all kinds of Work, And Beauty and Regularity of Stitch.

Various styles of these machines adapted to the house or workshop will be found at the different agencies of the company throughout the United States. Their new SHUTTLE MACHINE FOR TAILORS' USE,

The latest triumph of the sewing machine art—noiseless, rapid, and easily operated—will commend itself to those who use machines for manufacturing clothing.

GROVER & BAKER MACHINES, MAKING THE GROVER & BAKER STITCH.

These justly-celebrated machines, adapted to all the wants of the household and manufactory, continue to maintain the pre-eminence which the almost universal verdict of the public has awarded them. The well known STRENGTH, ELASTICITY AND DURABILITY

of the Grover & Baker Stitch will always insure for these machines the preference for family use, and for the manufacture of such goods as are intended for wear—for use and not for show.

Wherever the Grover & Baker Stitch Machines have been exhibited and fairly judged in competition with the leading Sewing Machines in the market, including the Wheeler & Wilson, they have invariably borne off the first premium.

This assertion is confirmed by the decision of the Committees of the State Fairs of ILLINOIS, OHIO AND MICHIGAN,

recently held, which awarded the first premium to the Grover & Baker Machine over all others in competition. Oct. 30, 1861. May 15, 1861.—ly.
