County Court Proclamation.

Notice to the Public—Wm. Rose.

the Subscribers of the Democrat.

By the late disastrous fire in this village, the office of the Democrat is totally destroyed. Unfortunately, the paper will again be published, depends on the circumstances. With this view, I have thought to send bills to those who owe it, in the hope every one will see the necessity of settling up their accounts as soon as possible. If any one is indebted, will please remit. If any one is a creditor, will please remit. Most of the names are so well known that there is scarcely a name that can be omitted. I feel sure, taking it in view of the fact that I shall not be disappointed. To the friends who have aided and encouraged me during the past four years, I return them my warm thanks. From the unpleasant situation I have placed in, I appeal to those indebted to me, to make prompt remittances, in order to enable me to make arrangements for the re-publication of the Democrat.

Wellboro, Pa., December 23, 1861.

Chas. F. Brown, better known as "Artemus Brown," is to lecture in Corning, on Monday evening, the 27th.

An Editor in Iowa has become so hollow from spending upon the printing business alone for bread, he proposes to sell himself for store pipe at three dollars a foot.

NO PAPER NEXT WEEK.—In accordance with the usual custom, in order to give "the boys" an opportunity to enjoy the holidays, no paper will be published from this office next week. If anything of importance occurs, an EXTRA will be issued.

CARD.

The undersigned begs leave to offer his thanks to the Ladies and Hosiery Companies, to his neighbors, and to the ladies in particular, for their efforts on the night of the fire in saving a large part of his goods.

JOHN R. BOWEN.

Little Bets.—W. H. Davis, Ebouctionist, will speak at the Court House to-night. Admission, 15 cents.

The following friends of the Sunday School children of the M. E. Church, were so successful, that they repeat them on New Year's night.

A club for the weekly Tribune, is now being read at the Post Office. Subscriptions will be received until the first of January.

MASSIVE.—At the Regular Communication of the Chapter, No. 194, Royal Arch Masons, held at the Court House, the following officers were elected for the ensuing year:—H. P. Alonzo Howland, K. Wm. S. A. Foley, Treas., R. R. Sec., Thos. J. Sec.

The following item of information we think will place in our local column. It is from the Western Telegraph. It is directions for making shoes for use in winter, to protect horses from the cold. These shoes should be made of the best material, and should be made in the usual way. Many a horse has been ruined by the cold joint sprained in consequence of the cold shoes. Let those of our readers who are using the attention of their blacksmiths to this matter.

THE SECOND ANNUAL FESTIVAL OF THE Ladies and Hosiery Companies, will take place this night at the Court House. The entertainment will consist of a great variety of brilliant tableaux, which we would like to describe if we had the space. The ladies particularly distinguished themselves in a splendid supper, and an order and a beautiful ball. A quartette sang the national anthem, and the excellent quartet of vocalists, with the best of music. The Festival decided success, and this success is attributable to the untiring industry of the ladies, and to the kindness and generosity of the Executive Power.

THE ATLANTIC MONTHLY.—The Atlantic for many opens the ninth volume of this popular periodical, and is considered by the people of the month by its issue. The public generally has taken this opinion. Among its leading features are articles by Prof. Agassiz, Howland, and Mr. Dorocheimer's article on Free Soil will be of interest, as coming from one of the staff of the Atlantic. This is a rare privilege, as Dorocheimer says, is not intended as a defence of Free Soil, or in any respect as an answer to the expedition to Springfield. The remaining contents:—Agnes of Sorrento, by Mrs. H. B. Stowe; The Heroine; Jefferson on Slavery, by Prof. A. W. of the University of Michigan; A Story of the Author of "Life in the Iron Mills"; Perseus and the Gorgon, by George S. Hillard; Perseus and the Gorgon, by George S. Hillard; Perseus and the Gorgon, by George S. Hillard; Perseus and the Gorgon, by George S. Hillard.

THE PINK.—Up to this time, we have no conception of the origin of the great fire of the 23rd, than we had last week. As we said last week, it was accidental, resulting, as we have no doubt, from the carelessness of somebody. We are glad to say, we cannot tell. In fact, it is difficult to say, even in what building it originated. It is conceded on all hands, that, but for the fire, the whole business portion of the town, would have been destroyed. But the engine had not a fair chance to get to the engine, much of the property would have been saved. Let us hope that the fire, therefore, profit by this sad experience, and be a similar emergency, by being vigilant in the subject of fire.

It is worth considering. The following is a correct list of the names of the subscribers to the Democrat, for the year 1861.

Dr. Gibson, damages on house and Drug Store, \$150. Insured.

C. G. Osgood, damage to Store building \$50. Insured.

In explanation of the above figures, it may be remarked, that the buildings are not put down at their actual value, but at the value placed upon them by the Insurance Agents—much below their actual worth. While the firemen, and the citizens generally, were engaged in trying to stop the spread of the flames, the ladies worked heroically in saving such of the goods as could be saved. All honor to them. We have no words, on the other hand, to characterize the cowardly indifference with which some men stood, with their hands in their pockets, and looked on as if the conflagration were a show.

It will be seen that the aggregate of the loss comes very near the figures of the hasty estimate of last week.

SPECIAL NOTICES.

IMPORTANT TO FEMALES! THE HEALTH AND LIFE OF WOMAN.

It is continually in peril if she is mad enough to neglect or neglect those sexual irregularities to which two-thirds of her sex are more or less subject.

DR. CHEESEMAN'S PILLS, prepared from the same formula, which the inventor, GONNELIUS L. CHEESEMAN, M. D., of New York, has for twenty years used successfully in an extended private practice—immediately relieve without pain, all disturbances of the periodical discharge, whether arising from relaxation or suppression. They act like a charm in removing the pains that accompany difficult or irregular menstruation, and are the only safe and reliable remedy for Flashes, Sick Headaches, Pains in the Loins, Back and Sides, Palpitation of the Heart, Nervous Tremors, Hysterics, Spasms, Broken Sleep and other unpleasant and dangerous effects of an unregular condition of the sexual functions. In the worst cases of Fluor Albus or Whites, they effect a speedy cure.

TO WIVES AND MATRONS.

DR. CHEESEMAN'S PILLS are offered as the only safe means of renewing interrupted menstruation, but

LADIES MUST BEAR IN MIND.

That on their very account, if taken when the interruption arises from natural causes, they will invariably prevent the expected events. THE CAUTION IS ABSOLUTELY NECESSARY, for such is the tendency of the Pills to restore the original functions of the sexual organization, that they inevitably arrest the process of gestation.

AYER'S CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some of the sicknesses creeping upon you, and should be arrested by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in their regular channels. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease, and cold settles somewhere in the body, and obstruct its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect extends them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and in many of them surely, cured by the same means. None who know the virtues of these Pills, when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, '65.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MURBRIDGE.

As a Family Physic.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the price of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore.

DEAR BRO. AYER: I cannot answer you what complaints I have cured with your Pills better than to say all that we ever treat with a purgative medicine.

Place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1865.

DR. J. C. AYER, Sir: I have been repeatedly cured of the worst headache any body can have by a few of your Pills. It seems to me that you have a foul stomach, which they cleanse at once. Yours with great respect,

ED. W. PREBBLE, Clerk of Steamer Clarion.

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as a aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effective for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

Department of the Interior, Washington, D. C., 7th Feb. 1856.

Sir: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick, and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them.

Fraternally yours, ALONZO BALL, M. D. Physician of the Marine Hospital.

Dysentery, Diarrhoea, Relax Worms.

From Dr. J. Z. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alternative effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and diarrhoea. Their sugar-coating makes them very acceptable and convenient for the use of children and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. W. Hunt, Pastor of Advent Church Boston.

DR. AYER: I have used your Pills with constant success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours,

J. W. HINES.

WARREN, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, &c.

From Dr. J. P. Vaughn, Montreal, Canada.

Too cannot be said of your Pills for the cure of Costiveness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although not enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promoters of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and external worms. They are so much the best physic we have that I recommend no other to my patients.

From Rev. Dr. Hooker, of the Methodist Epist. Church, Pulaski House, Savannah, Ga., Jan. 6, 1856.

HONORABLE SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

Senate Chamber, Baton Rouge, La., 5 Dec. '55.

DR. AYER: I have been entirely cured by your Pills, of Rheumatic Gout—a painful disease that had afflicted me for years. VINCENT SLIDELL.

Most of the Pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous to the public mind, and in consequence that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price 25 cents per box, or 5 boxes for \$1.
