

THE AGITATOR.

LOCAL AND MISCELLANEOUS.

Wellbore, Wednesday, Jan. 8, 1883.

New Advertisements. Wellsboro P. O. Wellsboro P. O. N. D. & J. B. Mardagh.

To Correspondents.—We would remind "Patron," "Happy Family," "Adelaide," "Proof" and "B. A. L." that the real name of the writer must be sent with all articles to insure publication.

Our devil request us to state that the reason we issued no address to his patrons at the beginning of the New-Year, was that times are hard, and people have been "bled" so much lately for so subjects, that he had not the heart to ask for his Quarter. He wants us, also, to notice that New-Year, he will make no objection to taking all from those who want to give it.

A KENZEL'S COAT—may be seen at Robinson's Store which bears the following inscription on its sleeve: A. G. H. received of JAMES TERRILL of Baltimore, taken on the 21st of July 1881 the Balance of the Masses when the Yankees ran. Written on this is the following: Captured by J. C. Horn of Wellsboro, Dec. 20, at the Battle of Drainesville when the rebels ran the Bucks.

With the energy and enterprise of which he has, Mr. C. L. Wilcox has erected a temporary House, and filled it with a stock of goods, all in a couple of weeks.

On Friday night, a light of glass was broken out of the door of the new store, and clothing, dry goods, shoes, &c., to the amount of \$30 abstracted. A light fall of snow enabled our men to trace the culprit to a conclusion which resulted in the arrest of a man named Jones, two colored individuals of whom has been twice before imprisoned for crimes. They were examined before the Magistrate, and committed for want of bail.

deg. Noon, fifty-seven and one twelfth deg. Evening, forty-five and seven twelfths deg., being only two twelfths deg. variation from last year. The coldest day in the year, was February 8th, the average being two and two-thirds below zero. The warmest day in the year, was August 4th, average temperature being 83 degs. The warmest morning observations, were June 26th, and August 4th, being each 74 degs. The coldest noon observation, was February 8th, being 2 degs. The warmest noon observation, was August 4th, being 83 degs. The greatest change in temperature from warm to cold in 24 hours, was from February 7th, 6 o'clock, 38 degs., to February 8th, 6 o'clock, 18 degs. below zero, making a change of 56 degs. On the morning of the 7th, the wind was south, and raining. About 9 o'clock the wind changed to the north-west and began to snow. The wind increased until it blew a perfect gale, and the afternoon and evening of this day, was one of the severest storms ever known in this part of the country. Many who froze their feet, hands, ears and noses, will long remember that day and evening. This storm approached the nearest to the "cold Friday" in New England, on January 19th, 1860, of any storm that we have had since that time. The greatest change from warm to cold, in 12 hours, was February 7th, being 50 degs. The greatest in 6 hours, was on March 28th, from 12 M., to 9 P. M., being 30 degs. The greatest change from cold to warm, in 6 hours, was on April 26th, 6 o'clock A. M. to 3 P. M.—12 M. 71 degs., making a change of 41 degs. There were 93 days in which it stormed, and there fell at this point 591 inches of snow. August was the warmest month; average of temperature, 66 degs. January was the coldest month; average temperature, 24 degs. E. T. BENTLEY. Tioga, Jan. 6, 1882.

Trial List for February term, 1882. Barna Jackson, vs. Harris Mattison. M. S. Kelly & wife, vs. T. B. Goodenough. James L. Fortnes, vs. James L. Palmer. C. W. Bally, vs. G. W. Mat. A. Sly, vs. G. E. E. Middagb, vs. Wm. Bertwick. Strang & Gillett, vs. R. & E. Covell.

ADJOINING COUNTIES. Lycoming.—Wm. Pratt, of Williamsport, who was struck by a windlass about two weeks ago, died on Wednesday morning. He was between twelve and thirteen years old. Patrick Murry, employed on the Philadelphia & Erie railroad, at Williamsport, had one of his legs terribly mangled on Friday morning, by falling under a train. A son of Albert Vananda, aged about twelve years, broke one of his legs and one of his arms, and received other serious injuries about his head, by falling from Dr. Lyon's hay loft, on Wednesday.—Gazette. A PATRIOTIC FAMILY.—All the male members of the family of Charles W. Butcher, of Williamsport—father and three sons—are in the military service of their country. C. W. Butcher, the father, is fourth Sergeant of company H, Stewart's Engineer Regiment. The eldest son, William F. Butcher, is Orderly Sergeant of Company D, 1st Pennsylvania Cavalry; the second son, John J. Butcher, is a Second Sergeant in Rush's Regiment of Lancers; and the youngest son, Frank H. Butcher, is a member of company C, Kane-Rifle Regiment, ("Buck-tails.") Only the mother remains at home. Where is there a family of like numbers that beats that? A brother of C. W. Butcher and two of his sons and a son of another brother are also in the military service.—Gazette. By revised lists of the killed and wounded at the late fight at Drainesville, we see that our Lycoming boys did come in for a full share among the wounded of the "Blue-Grays." John E. Blair of company D, 1st Regt. of Cavalry, had his right hand thumb shot off; George McGowan, of company C, was shot in the hip; and Samuel Campbell had his nose shot off. Campbell volunteered in one of the northern counties, but formerly worked for the lumbermen of Williamsport.—When he lost his nose, he said he had "sniff powder," but never expected to smell a rifle ball.—Gazette. Bradford.—HEALTH OF JUDGE WILMOT.—We are pleased in being able to state that the health of Judge Wilmot is improving, and he expects to be able in a short time to return to his official duties in the Senate. We learn that a most melancholy accident occurred in Smithfield township, on Monday last. Mr. Harvey Duffe, residing in said township, left his house with a load of staves, intending to carry them to the village a few miles distant, but it is supposed that in arranging the brake he fell from his load, the wagon passing over his body killing him almost instantly. The team proceeded to the village, where search was made for Mr. D. In a short time he was found a corpse where he was supposed to have fallen from the wagon.—Argus. On Tuesday, 17th ult. Mr. Wm. Sibby, of Windham, came to his death under very melancholy circumstances. The facts concerning the matter, as we have learned them, are as follows: Some individual member of his family, was in some way moving a wagon upon sliding ground, and the pole of the wagon struck him somewhere about the abdomen and ruptured an internal blood vessel. He lived but a few hours. Mr. Sibby was a valuable citizen and a devoted Christian.—Argus. The Bradford Argus, one of our best local exchanges, comes to us this week in an entirely new dress, an evidence, we sincerely hope, of increasing prosperity. May it meet with the success it deserves! On Monday evening, about 6 o'clock, Mr. Stephen Shores was crossing the river on the foot, his team broke through and were in imminent danger of getting under. The alarm was immediately given, when a couple help arrived to his assistance, and his horses rescued from their perilous situation. The ice was considered perfectly safe, and teams had been crossing since Saturday.—Reporter. The body of W. Chalk was discovered beneath the ice on the river at this place, on Tuesday last. Mr. C. left his home in Susquehanna Bottom, one day last week, with the intention of going to the mouth of Sugar Creek, and it is supposed in crossing the river at the Sheboquin Ferry, he was caught in the ice, of which there was a large quantity running at that time, and being unable to extricate himself, he was crushed to death. He leaves a large circle of friends to mourn his untimely end.—Argus. We hope all the rest of the clubs may be less unlucky. —Fast.—C. H. Allen, a journeyman in this office, set, on Monday last, 15,900 ems of type in 11 hours. This we believe, is the fastest work on record, at least we are willing to lay a small wager that "Charlie" cannot be beaten, setting type, by any compositor in Northern Pennsylvania.—Argus. Steuben.—Last Saturday morning a weak ago—the laundry of the Dicklason House, in Corning, took fire and burned to the ground. Mary Gaudy, an Irish girl about 20 years of age was found in the ruins charred and dismembered. She had escaped among the first, but had returned for her clothing, and was unable to escape the second time. About a dozen female domestics who slept in the upper story of the laundry, lost all their clothing. Major Field's loss to \$1,500. Mallory's Cabinet shop was burnt. Loss \$1000. —The Corning Journal does not think much of Artemas Ward's (C. F. Brown's) lecture on the "Babes in the Woods." It says it was silly and feeble. The Elmira Press thinks the lecture a "big thing." We think Artemas is pretty nearly "played out." We rank him with Poe's ticks, among the high-binders that were.

AYER'S CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be arrested by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which impede the natural action of the system, and with the buoyant feeling of health again. What is true a d also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons. From a Forwarding Merchant of St. Louis, Feb. 4, '66. Dr. Ayer: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

As a Family Physic. From Dr. E. W. Carter, N. Y. City. Your Pills are the prince of purgatives. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease. Headache, Sick Headache, Pencil Stomach. From Dr. Edward Boyd, Baltimore. Dear Bro. Ayer: I cannot answer you what complaint I have cured with your Pills better than to say all that we ever treat with a purgative medicine, I place great dependence on an efficient cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

Department of the Interior, Washington, D. C., 7th Feb. 1866. Sir: I have used your Pills in my general and hospital practice ever since you made them, and cannot but say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them.

Physician of the Marine Hospital, Dysentery, Diarrhoea, Cholera, Worms. From Dr. J. G. Green, of Chicago. Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alternative effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and diarrhoea. Their soap-making makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood. From Rev. J. V. Himes, Pastor of Advent Church Boston. Dr. Ayer: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855. DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood. JOHNS G. MEACHAM, M. D. Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, &c., etc. From Dr. J. P. Vaughn, Montreal, Canada. Too much cannot be said of your Pills for the cure of Costiveness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although not enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stewart, Physician and Midwife, Boston. I find one or two large doses of your Pills, taken at the proper time, are excellent promoters of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach of excremental worms. They are so much the physician's friend that I recommend no other to my patients.

From Rev. Dr. Houder, of the Methodist Episc. Church, Pulaski House, Savannah, Ga., Jan. 6, 1856. HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgia pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

Senate Chamber, Baton Rouge, La., 5 Dec. '55. DR. AYER: I have been entirely cured, by your Pills, of Rheumatic Gout—a painful disease that had afflicted me for years. VINCENT SLIDELL.

Most of the Pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever. Price 25 cents per box, or 5 boxes for \$1. Prepared by Dr. J. C. AYER & Co., Lowell, Mass.

Sold by C. & J. L. Robinson, Wellsboro; H. H. Borden, Tioga; W. B. Miller and C. Parkhurst, Lewisville; A. & J. Dearman, Knoxville; S. X. Billings, Gaines; J. & J. G. Parkhurst, Elkland; W. K. Mitchell, Mitchellville; F. Redington, Middlebury; Bennett & Randall, Middlebury Centre; G. W. Nesbitt, Mansfield; S. S. Packard, Corning; G. R. Shaffer, Liberty; D. S. Mages, Blossburg; Fox & Willet, Mainburg; and by Dealers every where. Nov. 8, 1861.—6m.

DISOLUTION.—The co-partnership heretofore existing between John B. Bowen, M. Ballard and A. Howland, under the firm of J. B. Bowen & Co., is this day dissolved by mutual consent. The Book and Notes of the firm will be found at the Empire Store, and will be settled by either of the late firm. All those indebted will please call and settle immediately, or cost will be made.

J. R. BOWEN, J. BALLARD, A. HOWLAND. N. B. The balance of the stock of Gooden at the Empire Store will be sold cheap for Cash or ready pay only, by the subscriber. Do not ask for credit, for none will be given, not even for a few days. J. R. BOWEN.

RATS! RATS! The celebrated POISONED WHEAT, or RAT DESTROYER—put up in papers, and sold for 15 cents per package, at ROY'S DRUG STORE.
