DONATION VISIT.—The friends the Rev. J. the relidence of Ira Johnson, on Shut, my Hill, on Rednotdey evening, Jan. 29th, 1862.

The Editor's letter, (promised in car last week's (mue) descriptive of the "Invincibles," "Buckstails," ic, ac, has not, as yet, reached us. We presume but he now intends to wait until he reaches home; before chronicling the description "of what he sees."

On Thursday of last week, we learn, some of the good natured people of Mainsburg Boro' went to unfield on a "liquor suit," We halieve in temperance and enforcing the laws; wet, it is said the snaw of this action, partakes more of "spite" than brilly to the "powers that be."

The Suprome Court having deels addhat part of the "Stay Law" wherein stay of eigention was waired, unconstitutional, many of the people who all compelled to take advantage of its provisions, now find themselves in "close quarters" and in grater need than they had anticipated

We see by the January number of the School surnal, that our 'Co. Sup't., H. C. Johns, attended he recent Educational Convention at Harrisburg, in high every interest in the State from the Common school to the College was represented, and figured argely in its deliberations.

We learn that an effort is being made to oust" the School Directors of Coving in, for not pening a small achool. Our impression that there us too many small schools in the country. They are ot only an additional expense to the distract, but unrofitable to the patrons of rock schools. A small school invariably lacks "vies."

A WORD TO THE FAIR .- The fadite of Penngirania, says the Press, beautiful and actiomplished, en eminently ornamental the light, grace, and tharm of society. They have now the opportunity at which they should rejoice, as true-hearted women, of hing eminently useful also. There is an absolute messity, at this moment, for knit woolen; socks and sittens, with a variety of other "fixeds," in the maps of various articles of wearing applared, for the ture defenders of their country constitutional nghts. It is utterly impossible to keep to army in helth without warm feet and hands, and wotton socks and Region gloves are wholly inadequate for this purme. Every gentlewoman ought to be able to use her medit, and she cannot better employ bertime than invoiding these articles, not only for the men on my, but for the sick soldiers.

The old district school house that so long unced our beautiful village, has been replaced by Sobeiski Ross likes commodious building for a graded rebool; Tioga County J. Bryden's from the Board of F. S. Elliott Insiors. Every citizen who appreciates the advanbut of education and its salutary official upon socim must feel grateful to them for their unitiring zeal

impraiseworthy an object.

Isday (Wednesday) the Directors, Fo. Sup't. mit and citizens are holding an interesting, and we init not, a prosperous "conference" meeting. New stimportant rules and regulations have Seen adoptdby the Board with the defermination of introduupinto the school thorough discipling and order, mbout which, all efforts at establishing a horoughly result and prosperous school of any gode, would

To Trachens .- The science, protheory of nathing, by the instructions of the Satt Superin-munt; is an additional topic in which all applimis for a certificate hereafter, will be exactined. It be necessary, therefore, for those feathers who will keep up with the progress of the main and sucmin their profession, to adopt a congest profestital reading. On Thursday Evo of last week, i dampany defriend, we started for the resident by Bider where the good people of the vicinity, ereito continging with them gifts, not of "Fr hk-incents hirb," but rather of the kind to apple and the deand the stomach, and keep the body warm and abstable. Behind a fast horse, we so me sped over istance of five miles, which brough the to the question; lights were gleaming i grough, half shutters, and we could hear "soy gs of mirth from crowded halls within." I'm epitering, tte greeted by the master of the house, who led hogh a side door into an adjacent room; where a filled with the guests of the evening. After and ourselves, and getting the frost out of our att. we walked up and "deposited our gifter not on art. th," but on the table. Hearing the cattering er in a room over our heads, where the "young Nath assembled, we proceeded up there when that a right met our gaze!" In the capter of hom, in close proximity, stood four as the staltothe, while round, and round them, Shh the to of the wind, there whirled two individuals, as

faster, flew their feet over the smooth floor, 'till Ac, by some mishap, knocked his "pegs" together, and came down with a "crash upon the broad arena, amid the thundering acclamations of the populace." Luckily, there was no one elec that shared the same fale, and he, like a whipped cur, slunk away into a corner, leaving the course clear to an abler competitor.

Having seen shows enough for one evening, and no one asking us to take "a hand in," we wished the host and libertess a good evening and pleasant dreams and were soon locked in the embrace of morpheus, at home. If there are any more gatherings of this kind, and we are there, we will let you know.

AYER'S CATHARTIC PILLS. Are you sick, feeble, and complaining? Are you

out of erder, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and deense out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body inte vigorous activity, purify the system from the obstruc-tions which make disease. A cold settles somewhere in the body, and obstructs its natural functions.— These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Fills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apporent in this trivial and common complaint, is also true in many of the deep-sented and dangerous distempers. The same purgetive effect expels them, Caused by similar obattractions and derangements of the natural functions of the body, they are rapidly, and many of them arrely, cured by the same means. None who know the vir-

these Pills, when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public From a Forwarding Mymbant of St. Louis, Feb. 4, '58. DR. Aven: Your Pills are the paragon of all that

is great in medicine. They have yared my little daughter of nicerous sores upon her bands and feet that had proved incurable for years. Her mother has been long griegougly afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she rise tried your Pills, and they have sure.
ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Cartwright, New Orleans. Your Pills are the prince of purgos. Their excel lent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease. Headache, Sick Headache, Feul Stomach.

From Dr. Edward Boyd, Baltimore. DEAR BRO. ATER: I cannot answer you what complaints I have cured with your Pills better than to say all that we over trent with a purgative medicine. I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I de that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855. Dr. J. C. Aven. Sir: I have been repeatedly cured of the worst headache any body can have by dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. Yours with great respect,

ED. W. PREBLE, Clerk of Steamer Clarion.

Bilious Disorders-Liver Complaints. From Dr. Theodore Bell, of New York City. Not only are your Pills admirably adapted to their purpose as an aperiont, but I find their beneficial effects upon the Livr very marked indeed. They have in my practice proved more effectual for the cure of billious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the pro-

fession and the people. Department of the Interior. Washington, D. C., 7th Feb. 1866. Bin: I have used your Pills in my general and trospital practice ever since you made them, and cannot besitate to say they are the best cathartic we employ. Their regulating action on the liver is quiel and decided, consequently they are an admirable rem-edy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.

Fraternally yours, ALONZO BALL, M. D.
Physician of the Marine Hospital. Dysentery, Diarrhoea, Relax, Worms. From Dr. J. G. Grech, of Chicago.

You Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver mades them an excellent remedy, when given in small doses for bilious dysentery and diarrhoes. Their sugar-roating makes them vory acceptable and conve-sient for the use of women and children.

Dyspepsia Impurity of the Blood. From Rev J V Himes Pastor of Advent Church Boston Dr. Aven: I have used your Pille with extraor-Dr. Atra: I have used your Pille with extraor-dinary success in my family and among those I am-called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours,
J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855. Dean Sin: I am using your Cathartic Vills in my practice, and find them an excellent purgative to cleanse the system and purify the fountsins of the blood.

JGHN G. MEACHAM, M. D. Costination, Costiveness, Suppression, Rhenmatism, Gout, Neural-

gia, Dropsy, Paralysis, Fits, etc. From Dr. J. P. Vaughn, Montreal, Canada. Too much cannot be said of your Pills for the cure Too much cannot be said of your Pills for the cure of Costiveness. If others of our fraternity have found them as efficacious as I have, they should join his in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although base enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Pills affect that organ and cure the digeass. From Mrs. E. Stuart, Physician and Midwife, Bostow. I find one or two large; doses of your Pills, taken

at the proper time, are excellent promotives of the natural secretion when wholly or partially suppressed, and also very effectual to cheanse the stomach and ex-pel worms. They are so much the best physic we have that I recommend no other to my patients. From Rev. Dr. Hawkes, of the Methodiet Epis. Church Pulaski House, Savannah, Ga., Jan. 6, 1856.

Notwithstanding I had the best of physicians, the disense grow worse and worse, nutif by the side of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

Senate Chamber, Baton Rouge, La., 5 Dec. '55. Da. Argn.: I have been entirely cured, by Jon Pills, of Rhoumstie Gout—a painful disease that had afflicted me fea years. VINCENT SLIDELL.

Most of the Pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance what-
