Of cough, it applies to those idle gossips who will talk, said having nothing better to talk should must presente their voluble calling upon a very small capital of grath, immensely exaggerated. There is an abundance of such gossip—they are as thick as crows stound & cornfield—and to all such we carnestly dedicate angle the parable of

There are differences of opinion in regard to Gen. McClellan's recent address to his troops; but ont he whole it has experienced from the press and people a negative reception. The general opinion is, that it were better unwritten. There is an expression in ifespecially unhappy. He says: "you have brave for to encounter formen well worthy of the speel you will use so well." Is this so? When the battle field of Ball's Bluff was recently occupied by our troops, they found on it the whitening bones of our soldiers who fell in that engagement. The "brave foes," the "foemen waithy of the steel" of our tronps, had left the begies of our men unburied. Is such conduit faroning a brave foe? Let the reader judget We will praise Gen. AYER'S CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the preside to serious illness. Some fit of sickness is creeping upon you, and should the traited by a timely use of the right remedy. Take A, et's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstrucrigorous activity, purify the system from the obstruc-tions which make disease. A cold settles somewhere in the body, and obstructs its natural functions.— These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Aper's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep scated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, when suffering from the disorders

From a Forwarding Merchant of St. Louis, Feb. 4, '56 DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pim-ples on her skin and in her hair. After our child was cured, she rise tried your Pills, and they have cured her. Their execution to qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855. Dr. J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have by a

dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. Yours with great respect,

ED. W. PREBLE, Clerk of Steamer Clarion. Bilious Disorders-Liver Complaints.

From Dr. Theodore Bell, of Now York City. Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Livr very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can men-tion. I sincerely rejoice that we have at length a pargative which is worthy the confidence of the profession and the people.

Department of the Interior, Washington, D. C., 7th Feb. 1856. Sin: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided; consequently they are an admirable remedy for derargements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them.

Dysentery, Diarrhoea, Relax, Worms. From Dr. J. G Green, of Chicago.

You!Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their sugars outing makes them very acceptable and convenient for the use of women and children.

Costipation, Costiveness, Suppression, Rheumatism, Gont, Neuralgia, Dropsy, Paralysis, Fits, etc. From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of Costiveness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Pills affect that organ and cute the disease. From Mrs. E. Stuart, Physician and Midwife, Boston. I find one or two large doses of your Pills, taken t the proper time, are excellent promotives of the natural specific when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients.

From Rev. Dr. Hawkes, of the Methodist Epis. Church. Pulaski Honse, Savannah, Ga., Jan. 6, 1856. HONORED SIR: I should be ungrateful for the re-lief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on exeruciating neulalgic pairs, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the discuse grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.
