THE DRAFT .- We mentioned two weeks ago excellent appointment of Hon. T. L. Baldwin as the Enrolling Marshal of this county. Mr. Baldwin and his deputies have completed the enrollment, and it is now in the hands of J. Exery. Esq., the Commissioner appointed by the Governor to superintend the drafting, and Dr. Borden, Surgeon. These gentlemen are now engaged in bearing and adjusting claims for exemption. As will be seen by ndvertisement elsewhere, drafting will commence on the 19th inst. A very large number were here on the 14th U.S. Infantry, whose head quart faire over Monday and Tuesday claiming exemption from the French's Greecy Store, opposite United Block, is draft, some on the most trifling and frivolous pretendraft, some on the most trifling and frivolous pretences, many for real causes, and some for amusement. One fellow elbowed his way through the crowd of would-be exempts into the examining room. "Well sir, what ails you?" asked Dr. B. looking at him carnestly. "Nothing at all," said the man with a chuckle, "I'm just as tough as a pine knot," and out he went enjoying the jeke on the Doctor.

It will be seen by the above announcement of a Faculty for the coming year, that the Trustees are determined to spare no reasonable pains to furnish the school with a competent Board of Instruction. Seven foreign languages, including Greek, Latin, Prench, German, Spanish, Italian and Hebrew, will

be taught, if fequired.

The Teacher's and Normal Departments, under the supervision of Profs. Reynolds and Johns, will afford all the facilities of a Normal School, in which students are especially drilled and trained to become practical teachers. The trustees have already taken measures, which it is expected will be consummated early in December, for offering and having the Saminary accepted by the State as a State Normal School

The Department of Penmanship, Book-Keeping &c., offer all the advantages of a Commercial Col lege. The Seminary is under contract, to be finished and furnished by the 10th of September next. Special attention is given to the health and physi-

cal education of the students. onleducation of the students.

Nothing need be said to recommend the Principal to the confidence of the peeple, as his conduct of the Seminary for the past two years, has placed him fully before the public as one of the educators of the country. Profs. Reynolds and Johns—the former, the late Superintendent of common schools of the county—and the latter the present incumbant are seen as and the latter the present incumbent, are too well and too favorably known to need further notice to recommend them to the public. Students coming from a distance will have their rooms farnished—those from within a few miles will bring their own furnishing, except bedstead, table, chairs, wash-stand

and stove.
All students furnish their own towels, wash-bowls, pitchers, pails, mirrors, &c. Rooms for self-boarding can be had in the village at reasonable rates. If ac-commodations enough for self-boarding cannot be had in the village, rooms for that purpose, under certain restrictions will be furnished in the Seminary by students furnishing their own cook-stove.
