A. RAMSEY, M. D., Albiqu, Monroe Co., Iowa, writes, Sept. 6, 1855: "During my practice of many years I have found nothing equal to your Cherry Pectoral for giving ease and relief to consumptive patients, or curing such as are corable."

We might add volumes of evidence, but the most convincing proof of the virtues of this ramedy is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Seme no human aid can reach; but even to those the Cherry Pectoral affords relief and comfort.

DR. AYER, LOWELL: I feel it a duty and a pleasure to inform you what your Cherry Pectoral has done for my wife. She had been five months laboring under the dangerous symptoms of Communition, from which no aid we could procure gave her much relief. She was steadily failing; until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill; for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.

Consumptives, do not despair till you have tried Ayer's Cherry Pectoral. It is made by one of the best medical chemists is the world, and its cures all, around us bespeak the high merits of its virtues.—Philadelphia Ledger.

The sciences of Chemistry and McMacine have deep taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that their Pills have virties which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleusant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate shuggest of disordered organs into their natural action, and impart healthy tone with strength to the whole systems. Not only do they cure the every-day-complaints of every body, but also forn idable and dangerous di-eases that have baffied the best of human, skill. While, they produce powerful effects, they are far the same, time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take, and being purely vegetable, are free from any fielt of harm. Cures have been made which surpass belief were they not substantiated by-men of such exalted position and character as to forbid the suspicion of untruth. Many, eminent clergymen and physicians have lent their names to cartify to the public the reliability of my remedies, while-others have sent to the substantiated by my noticion that my Preparations contribute immensely to the relief of my afflicted, suffering fellow-nien. They also, by purifying the blood and astimulating the system, cure many complaints which it wulld not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangsments of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.
