We are under obligations to Senator Wilson, and Representative Bownis for copies of the Daily Legislatice Record. Also de a volume of Penna. School Report for 1862.

ERROR CORRECTED .- We have a letter from a member of the 136th Regt. Pa. Vols., stating that John I. Mitchell, late Lieutens if, is commissioned as Captain of Company A, of that Regiment, instead of Lieut. Bailey, as published Fist week. At the time of our publication it was surposed that Lieut, Bailey was promoted. Sergt. H. L. Prutsman has been promoted to a second Lieutenancy in the same Company.

BREET Music,-We have received from Oliver Ditson & Co., 217 Washi igton St., Boston, excellent selections of their latest publication of sheet music, as follows : "Golden R bin Polka;" "Gentle Anna Ray," song and chor's, as sung by the Buckley's. The celebrated "Lang ling Song," from Manon Lescaut, as sung by the Patti sisters; "Beauties of Simon Boccanegra;" Gen. Butler's Grand March;" and "Gen. Hooker's March." . Firth, Pond, & Co., are the New York publishers.

A Wondard Troga County Fanners .- The high price of cotton and other materials out of which paper has been made heretofore, has driven manufacturers and consumers to seek out new and cheaper substances to be used instead. A very white and beautiful paper is now made from corn-husks, in limited quantities, however. Farmers will do well to save their hughs for this purpose. If wanted for the manufacture they will reft the farmer more than they

PLANT AN ORCHALD. If the man who makes two blades of grass to grew where but one grew before is a benefactor to the rice, the man who plants an orchard, and adorns his grounds with flowering shrubbery is thrice a benefic or. He not only provides for his own household bid in posterity.
In speaking of this we are reminded that the pec-

ple of Tioga county leid no longer go abroad to procure fruit trees, and fare shoubbery. They can now patronize home enterprise and at the same time know that they are dealing with an honorable man, We refer to Mr. B. C. Wickham, whose nursery near Tioga has become one of the institutions of the county.
We cordially commind him to the patronage of our fellow-citizens. - Sife-file

A New Extended We learn that the Syracuse Salt Company have felled hings area of coal lands of the Tiega Improviment: Company, and purpos mining and carrying a may some 250,000 tons of coal the coming season. The milroad is to be extended three miles further into the coal region. This additional enterprise will have a tendency to increase not only the material wealth of the county, by developing its mineral resources and likewise by creating new demand for produce, but the population of the county as well. As the new Company intend building about two hundred dwellings for the accommodation of their employees, we feel to congratulate the good-folk of Blossburg on the prospect of a handsome ed perspiration, and as five eighths of the waste mataddition to their town.

NATIONAL UNION LEAGUE.—Elsewhere we publish a communication relative to the organization of this patriotic League in this signify. A copy of the Pledge is being circulated and signed in this village, together with a calf for a preliminary meeting at the Court House on Saturday evening, for the purpose of organization. Here is the sledge;

YESTERDAY Mr. ELIAS H. SMITH Was at Work at the Fall Brook Co., Machine Shop, when one of the large doors fell upon, and would have crushed him to death, but for a stick of timber lying near by, which partially surfained the weight of the door. Mr. S. was much bruised, but it is hoped that there is no internal injury.—Corning Journal, 18th.

Robberges.--We understand that almost every night, houses and cellars are entered, in this place, and provisions and other valuable articles purloined. One night last week, the Convent was entered and several valuable articles taken. Within the last week. several houses have been entered, and in many cases the burglars were alarmed and fled before securing their booty. Thus far no arrests have been made.-Bradford Reporter.

WIPE BEATING .- This disgraceful and inhuman practice is becoming dreadfully common among the rum drinkers of this town. Within the past few days, Justice Cooley has been called upon by a large number of much abused and suffering members of the fair sex, to whose sorrowful tales he is obliged to listen. A few days since there were three of these unfortunately mated feminines called at his office at the same time, each wishing to see him privately and as it proved upon the same business. These "things" who call themselves husbands, and thus disgrace their sex, should in every case be punished to the full extent of the law. A light punishment does not seem to abate the evil. Send the miserable cruel wretches to Rochester for six months. The villain who will beat his wife as some of these dastards are guilty of deing, should not be suffered to live among decent people. Banish every one of them, we say, and we believe that Justice Cooley will do it if any of these appear on this charge again.—Elmira Press.

Bonko for Oil.—R. T. Hall, Esq., Postmaster at Faimington Hill in the country, informs us that Mr. C. Murray, of Beloit, Wisemann, is boring for oil in the lower part of the township. Mr. Murray has fitted up his decricks and is boring by steam. He has now reached a spith of forty feet, principally through the solid rock.

Mr. Murray was in seed to commence operations by the presence of a sightly inflammable gas which was observed to rise. Brough the water at that place. This gas may indicate oil, or it may be the result of the decomposition of regetable deposits. We hope Mr. Murray may styke oil and reap a rich reward the reserve.
