They invariably wear out their shoes at the toe first, and not unfrequently before the other parts are a quarter worn. Children's shoes with Metal tips never wear out at the toe, and it is safe to say that on an average one pair with them will more than out-wear three pairs without them. Most shoe-dealers keen them.

That other jump in goods foretold a few weeks since by prominent parties in the Dry Goods business has taken place, with the slight difference that they jumped downward instead of up, out of the reach of small buyers. Goods of all kinds are now much lover. Staple Cotton Goods, such as Prints, Ginghams, Bleached and Brown Sheetings and Shirtings, Cotton-ades, Colored Cambrics, Paper Cambrics, Drillings, Spool Cottons, &c., are now cheep in comparison to what they were, being sold freely for but two weeks sidee.

Dress Goeds, such as new Spring DeLaines, Chal-lies, Mozambiques, Alpaccas, Poil DeChevres, Poplins &c., in all the new and most desirable styles, are now about as cheap as ever, some goods nearly 100 per cent, less than the prices of last March. The sub-scriber has now on hand a large and complete assortment of all those goods bought during the recent panie in prices for cash, and is selling them at a small advance on those low cost prices, putting them in the reach of the most economical or needy persons. All

coming season we shall wholesale goods to all huyers at a snall advance on New York and Manufacturers prices, making it greatly to the interest of all buyer who come this way to call and see for themselves We can sell most goods at less than they can be bought in New York in small bills.
