Their effects were slow, but sure By persevering in the use of them I am now entirely well.

Senare Changh. Bayor Rodge, La. 5 Dec. 1855. Dr. Sweet's Infallible Liniment, as an external remedy, is without a rival, and will alleviate pain more speedily than any other preparation. For all Rheumatic and Nerveus Disorders it is truly in-fallible, and as a curative for Sores, Wounds, Sprains, Bruises, &c., its soothing, healing and powerful strengthening properties, excite the just worder and astonishment of all who have ever given it a trial. Over one thousand certificates of remarkable cures,

Dr. Sweet's Infallible Liniment for Horses For Costiveness or Cobstigation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even Deafness, and Partial Bludiness, have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, elthough a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incutious use. These contain no mercury or mineral substance whatever. is unrivaled by any, and in all cases of Lameness, arising from Sprains, Bruises or Wrenching, its effect is magical ordi certain. Harness or Saddle Galls, arising irou common, is magical and certain. Harness or Saddle Gaus, Scratches, Mange, &c., it will also cure speedily. Spavin and Ringbone may be easily prevented and cured in their incipient stages, but confirmed cases are beyond the possibility of a radicul cure. No case it may be alleviated by this Liniment, and its faithful application will always remove the Lameness, and enable the horses to travel with comparative ease.

and for the relief of consumption,
and for the relief of consumption,
ges of the disease.

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects: and fewer yet the communities any where which have not among them some living trophy of its victory over the suble and dangerous diseases of the tirpeat and imags. While it is the most powerful askidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young porsons. Parents should have it in store against the insiduous enemy that steals upon them unprepared. We have abundant grounds to believe the Cherry Pectoral saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fathiy of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.

Propared by Dr. J. C. AYER. should have this renedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless.
