They have done my wife 'more good than I can tell you.
She had been sick and pining away for monthe. Went of
to be doctored at great expense, but got no better. She then
commenced taking your Pills, which soon cured her, by expelling large quantities of, worms (dead) from her body.
They afterwards cured her and our two children of bloody
dysentery. One of our neighbors had it bad, and my wife
cured him with two doses of your Pills, while others around
us paid from five to twenty dollars doctory' bills, and lost
much time, without being cured entirely even then. Such
a medicine as yours, which is actually-good and honest, will
be prized here.

Honord Sie: I should be ungrateful for the relief your skill has brought me if I dd not report my case to you. A cold settled in my limbs and brought on exeructating nenralgic pains, which ended in chrouic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until, by the advice of your excellent agent in Baltimore, Dr. Makenzle, I tried your Pills. Their effects were slow, but sufe. By persovering in the use of them I am now entirely well.

DR. AYER: I have been entirely cured by your Pills of Rheumatic dout—a painful disease that had afflicted me for years.

For Dropsy, Pk thora, or kindred Complaints, requiring an active purge, they are an excellent remedy.

and for the relief of consumption, and for the relief of consumption patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmohary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory-over the subtle and dangerous diseases of the throat and lungs. While the first in the most powerful antidote yet/known to man for therformidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and adfest remedy that can be employed for infants and young persons. Parents should have it in store against the insiduous enemy that steals upon them emprepared. We have abundant grounds to believe the Cherry Pectoral saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable cunker that, fastened on the vitale, eatz your life away. All know the dreadful fatality of lung disorders, and as they know too-the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.

CONSUMPTION,

A ND Diseases of the THROAT and LUNGS, can be cured. Not however by any medicine taken into the stomach as has been fully shown FOR PILES.—As an external remeuy, we claim that it is the best known, and we challenge the world to produce an equal. Every victim of this distressing complaint should give it a trial, for it will not fail to afford immediate relief, and in a majority of cases will effect a radical cure.

Let a be the stomach as has been fully snown taken into the stomach as has been fully snown taken into the stomach as has been fully snown to know York City, published in the Daily Tribune; but by inhaling the suitable medicine combined with oxygen, into the Lungs. The subscriber is so fully satisfied of this that he has entered into an arrangement with Dr. Hunter, by which any person suffering QUINSY AND SORE THROAT are sometimes extremely malignant and dangerous, but a timely application of this Liniment will never fail to cure.

SPRAINS are sometimes very obstinate, and enlargement of the jeints is liable to occur if neglected. The worst case may be conquered by this Liniment

He has made this arrangement and gives this notice that no one in this county may die of these diseases without the trial of this last and most successful triumph of medical science.
