The DEAFT is progressing quietly in New England and in Philadelphia. The day for drafting in this district has not been fixed.

JOHN MILLER, of Loyalsock, gave one dollar (\$301) to every soldier that left Williamsport for the war .--His advanced years alone prevented him from shouldering a musket.

Wing to the press upon our columns, we have been constrained to put the advertisement of the Commissioners' Sales of seated and inseated lands, over until dext week.

Wr are glad to learn that Lieut. Col. Niles is improving. His wound is assiming a healthy appearance, and does not give him a great deal of pain .-He does not yet venture upoi, the street. Lieut, Bodine is also doing well.

THE President sets spart Thursday, August 6th, as a day of thanksgiving and prayer, in gratitude for the signal victories which have accrued to our arms within the fortnight. The evistomary services in the various places of worship may be expected.

THE draft fell pretty heavily upon the Corning and Blossburg Rail Road employees. Two conductors, the baggage master, and several other employees were among those who drew the prizes in Steuben County. Also all the cashiers of the Banking houses in Corn-

ing. WE desire to direct the attention of our readers to two contributed articles on the first page. "A Reminiscence," is written by one who participated in the scenes he so graphically describes. We have read no description of a battle during this war so vivid and life-like. "Hospital Scenes," by a lady who has visited the hospitals, will be read with interest.

One of the Six Months' volunteers writes us as follows of the estimation in which Capt. Merrick is held by his command: "There is not a man in our com pany but thinks our Captain all right. He has been offered the position of Major of our battallion, but would not accept it, saying 'that he would not leave his boys." This is high praise for Capt. Merrick, and we are glad that he deserves it.

Two-CENT, STAMPS .--- New two-cent stamps have just been issued by the Department to meet the demand created by the new law fixing the rates on drop letters, circulars, transient printed matter, &c., at two cents. They are black in color, and bear a finely engraved head of Gen. Andrew Jackson. The portrait occupies nearly the entire surface of the stamp, and the character of the engraving is such that the pro-eess of defacement, to what it must be subjected, is easily and effectually performed.
