The counties will be drawn for in the fellowing order : Center, Clinton, Lycoming, Tioga, Potter. It is not probable that the drawing for this county will take place before Monday next.

THANKEGIVING IN ELLSBORG.-The national day of Thankigiving wat airly observed in our borough. Most of the places of bainess were closed, and the E. J. Bosworth, Esq., on Saturday, and a jury cen-tiandance upon the discourse of Rev. Mr. BELL in sisting of A. L. Bodine; Foreman, T. J. Hall, S. Bowattendance upon the discourse of Rev. Our boys came inte town about 2 s. in., Sunday, and of course found a allent welcome." Had they given due notice of their return they would have had an ovation. Their welcome has not been less warm and kindly because it has been personal. The beys show the marks of the sun, but otherwise seem not greatly worse for their soldieting

Tax Soldiers' Aid Society will meet on both Thursday and Saturday of each week until further notice. It is hoped that the stiendance will be increased rather that the increased season will pepulate the hospitals with soldiers. To show that the labors of the Society are appreciated we make the following extract from a letter from Mrs. Grier to Miss L. E. Moore, Cor. Sec'y of the Wellsbore branch :

bore branch: "Hew well you are working. Tell all the dear ladles of your Society that such auxiliaries strength-en us and warn our beats. I know the good wives and mothers among you will avail themselves of the blackberry season to put up all the nice prepara-tions of it possible for our poor fellows. Surgeons are begging for it now. Cashions about ten or twelve inches square dowred on one side with oil cloth are very much liked by the Surgeons. You know the water drishing from a wound soaks the ordinary sush-ions and soon, makes them unpleasant. Our city is crowned with weathed aufferers from Gettysburg." crowded with wounded sufferers from Gettysburg."

erts, sustained considerable damage through the il-directed efforts of excited mersons. It should be A PLAIN STATEMENT OF FACTS ! directed efforts of excited persons. It should be recollected that the best way to protect household gooods in proximity to a fire, is to save the houses in which the goods are stored. There was no necessity for removing a single article from either house.

And great credit is due the fire company for its services on the eccasion. Let us hear no more grambling about the engine, which showed itself capable of doing as much service as any machine of its power we have ever seen at work. It was operated under the disadvantages of scarcity of water and lack of organization, yet no doubt saved much property from destruction. We regret to state that its foreman, Mr. Shakespeare, was severely injured by the fall of the hoisting pully of the Foundry, which struck him on the head inflicting an ugly wound and rendering him insensible for a considerable time. He is now recevering, but unable to leave his bed.

.

BLOSSBURG ITENS-FATAL AFFRAT.-A DARTY OF Irish Roughs, late in the employ of J. Magee, Esq., on the Fall Brook Bailroad and coal mines, came into this village on Friday evening last, and under cover of the dark night, commenced an indiscriminate attack upon any person they met, with slung shot or stone, inflicting severe injuries upon several citizens, which in the case of Robert Farrey a miner from Scranton, proved fatal. An inquest was held before en, T. Murray, T. Fletcher, and M. Hughes. A post mortem examination was made by H. Kilburn, M. D., who upon raising the scalp found a fracture of the skull over the right temple, sufficient to cause the death of deceased. Further evidence was given by several of the parties injured upon which the jury found that the deceased died from the effects of a blow inflicted by the hands of one of the party, conalsting of John Brennan, John Cassidy, Philip Cowley and Anthony Creamer. Warrants were issued for their apprehension, but they had absconded and have

not yet been captured. SERIOUS ACCIDENT .- As a little girl about six years old, belonging to Simon Golding was at play on the Common on Saturday evening last, she was kicked by a horse in the forehead and now lies in a very precarious state.

PIC-NIC .-- The people of Niles Valley had a fine pic-nic party on Saturday last, which turned out one of the pleasantest social gatherings at which we have been present this senson. Rev. J. D. BELL, of this borough, made an excellent and inspiriting address, and the vocal music by the Niles Valley School, led by Miss Westbrook, the choir, and the excellent performance of the Middlebury Band, lent additional zest to the occasion. We are grateful to our Niles Valley friends for a day's unalloyed enjoyment.

THE MAGAZINES .- Among the excellent articles in the Atlantic for August, we notice several of marked ability and interest. "An American in the House of Lords" presents graphic sketches of the more prominent notables in the British Senate, and will be found instructive in regard to the function of that body. There is also an essay and chatty review of Theodore Winthrop's writings, interesting, as everything relating to that young hero always is. Prof. Agassia contributes a scientific paper. " The Geological Middle Ages." In "Debby's Debut," we have a pleasant story, and in "Wet, weather work" a quaint essay on agricultural and kindred literature of the 16th and 17th centuries. The number is first-rate as a whole. Harper opens with a finely illustrated paper-in

continuation of Scenes in the war of 1862. The amusing paper--- "An American family in Germany," is concluded. "The Battle and triumph of Dr. Susan," and "Gur Contraband," are capital, each in its way. The lovers of light reading will find a good story in "Eulalie." There is a fine article entitled "Cometeries." and the number is edited with great CATE.

Each of the above Magazines may be had of Robinson, at the Book Store.

and owned by the first of Young & Williams, was dis-covered to be on first discovered, dense manages of smoke were siming from beneath the cor-nices and if from the source and windows. The alarm was instantly gives, and the engine got upon the ground with considerable alactity, and began to play upon the balleling with each scant supply of water as could be had from the creek on Pearl street.

The Foundry building beens to have been given up from the beginning, and the efforts of all were d.rected to the arress of the farther progress of the fames. Carpets we gread upon the exposed por-tions of the dwelling of Messre. Williams and Wm. Roberts, and saturated with water. Meantime the sugino played upon the purning building with such supply of water as cald be obtained. The position of those who kept watch, and worked upon the dwellings contiguous, was trying. We saw 'no flinching from duty however, The women of Wellsboro did their part nobly as it by always do in such emergen-cies. Through united and strongous effort the fire was confined to the main Foundry building, which, with its machinery, pitterns and tools, was totally destroyed. The meuting room and furnace are not materially damaged. The Woodworth Planer was an insurance on the property of \$2300 in the Lycoming Mutual and the tops will be about \$4000; besides the interruption of luminess. The loss falls upon one of our most enterprising and energetic business firms, one, however, which will not be discouraged from rebuilding by any sommon misfortune. Mr. Young is at present an officer in the six menths troops on daty in Harrisburg. The fire originated over the esgine room."

We trust that some of the labors performed on that occasion will be omitted in future in like cases. Men thould keep their basis color anount in the cases. NIL ADMIRARI.-A Democratic meeting held at Elbridge, Edgar county, Ill., on the 4th ult., passed the following resolutions :

Resolved. That we hereby undividedly pledge ourselves one to another that we will not render support to the present Administration in carrying on the Abolition grusade against the South. That we will resist to the death attempts to draft any of our citizens into the army, and that we will permit no arbitrary arbitrary arrests to be made among us by the minions of the Administration.

Resolved. That we regard the emancipation proclamation as the final blow that has destroyed all hopes of reconstructing the Union as it was. We also view it as the entering wedge which will ultimately divide the Middle and Northwestern States from our mischief-making, puritanical, fanatical New England brethren, and finally culminate in the formation of a n incident and the engine and boiler, it is Democratic republic out of the Middle, North- H thought, will be sared in fair condition. There was western, and Southern States; and for this we are thankful.
