No Soldier, and nerreal friend of the soldier, can vote for George W. Woodward for Governor, because he joined in the approval of a decree by which the soldier, absent from the State, defending the honor of the nation, was disfranchised and degreeded to the level of the elave. The man who perils life in the defence of the Government, esteemed by Judge Woodward as unwork of participating in the control of that Government. The man who gives up home, family, fortune, comfort, pleasure and business, in order to promote the welfare of the nation, is regarded by Judge Woodcitizen, and as only a little higher than the common slaves of the South. Is such a man fit to be the Governor of the South. fit to be the Governon of a free people? This question the veterante who are at home, with the friends of the vertians absent fighting the the friends of the verstans absent fighting the battles of the Union must answer. Every vote east for George Woodward for Governor, is a vote in favor of the disfranchisement of the soldier—an duence which may be used, when once sign a man is clothed with power, to disfranchis all who do not acquisese with him is faith in the life of the soldier. with him in faith in the political dogmas which now disturb the peace and threaten the perpetnity of the Government. Remember, freemen of Pennsylvania, you are called upon to decide when you vote for Governor at the coming election, the right of the American soldier to the franchise, as well as the right of the citizen to maintain the American Government against the afforts of armed alaveholders to effect its destruction. Every vote cast against George W. Woodward, is a ballot in favor of . the Union, in favor of the franchise, and in favor of the real peace of the country.-Harrisburg Telegraph.
