Good FOR COVINGTO t .- The Covington Loyal League meets every two i ceks, and is a live institution. We hope this excellent example may be generally imitated throughoft the county. There is no time for sluggard sleeep. The campaign of 1864 is at hand and must be for ght with renewed energy. By all means let the Loyal Leagues keep their organizations intact and the fires brightly burning .-Tioga must do still better for Liberty and Progress next year. .

THE "UNIVERSAL CLATHES WRINGER" is one of the greatest of clothes ar d labor-saving machines .-We speak by the book, I jving had one in operation in our family for some time. It wrings the clothes perfectly dry, does not it live them so much by 1000 per cent as the hand wrifiging process, and is a great saving in both time and labor. We called the attention of Dr. UpDeGraff, the proprietor of Eye and Ear Institute opposite the Brainard, to the notice.-He laughed at us for, displaying such interest in the statement, and said that in 'his practice such cases were common, and that he could cite us to nearly a score of them, and on Saturday last he invited us to call at the Institute when we were introduced to the wife of D.A. Gillette, Esq., of Bentley Creek, Pa., a lady of 55 years, and who for more than six years has been totally blind. She came to Elmira a little over two weeks since and was operated upon by the doctor. This we had from her own lips. When we saw her she was about leaving for home and although her eyes were weak, and imperfect, from the want of proper glasses, she could see sufficiently to read from a card which we held bel ire her. Our Elmira occulist thinks nothing of performing such cures as the Rochester people are making such a fuss about .- Elmira Daily Press, Nov. 9th.

PERINE & Co .- This well-known house, which is one of the largest, if not the largest in Northern-Pennsylvania, is now fully prepared for the Fall and Winter trade, with more than their usually wellknown facilities. Mr. P., who is one of the right stamp, has just returned from New York, where he has completed one of the largest purchases ever brought to this section of the country, of an unusually well-selected and choice assortment of everything pertaining to the Mercantile trade. MADAME PORTER'S CURATIVE BALSAM has long tested the truth that there are first pruciples in Medicine as there is in Science, and this Medicine is common and in the manifold nature of Man! The cure of Colds is in keeping open the pores, and in creating a gentle internal warmth, and this is caused by the use of this Medicine. Its remedial qualities are based on its power to assist the healthy and vigorous circulation of blood through the lungs, it enlivens the muscles and assists the skin to perform its duties of regulating the heat of the system, and in gently throwing off the waste substance from the surface of the body, at is not a violent remedy, but emollient, warming, searching and effective. That will restore them to their usual health. Such has been the case in thousands of instances, and a fair trial is but equired to prove the assertion.

From Rev. J. Newton Brown, D. D., Editor of the Encyclo-pedia of Religious Knowledge,

pedia of Religious Kuowledge,

Although not disposed to favor or recommend Patent Medicines in general, threugh distrust of their ingredients and effects, I yet-know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hooflands German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am undebted to my friend Robert Shoemaker, Eq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefere thank God and my friend for directing me to the use of them.

### ATTENTION, SOLDIERS! AND THE FRIENDS OF SOLDIERS.

We call the attention of all having relations or friends in the army to the fact that "HOOPLAND'S German Bitters" will cure nine tenths of the diseases induced by exposures and privations incident to camp life. In the lists, published almost daily in the newspapers, ou the arrival of the sick, it will be noticed that a very large proportion are suffering from deblity. Every case of that kind can be readily cured by Hoofland's German Bitters. We have no hesitation in stating that, if these Bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise would be lost.

The proprietors are daily receiving thankful letters from sufferers in the army and hospitals, who have been restored to health by the use of these Bitters, sent to them by their friends.
