WE learn that the pastor of the M. E. Church 12 this Borough, will be absent from town for thee (x four Sabbaths to come. We understand that he is in deliver the annual address on Washington's Birthdal, at Lima Seminary, N. Y.

SKEDADDLED .- During the night of Sunday a ma) named Woodford, committed some weeks ago in difault of bail in an action on the case, let himself or t of the County Jail in the usual way; that is, ty gaining the skylight and getting down by torn sheets knotted together. We presume that, after the Grand Jury shall have presented the jail as a nuisance, a few times more, something will be done to prevent this kind of leakage.

THE people have been delighted during the paint week to welcome back again to Wellsboro the Rei J. F. Calkins, who in his absence from our milst is very efficiently engaged as a Chaplain in the Arm When the "battle clouds" shall have disappeared from the sky that bends above us and be is no long ger needed to teach men how to fight as well as how to die, we trust that his home here shall be a permynent one among us.

THE WEATHER during the month of January was very remarkable for this latitude. The thermameter showed an average for the first week, of 9 deg; seeond week, 131 deg.; third week, 28 deg.; last ten days, 561 deg. Average barometer for first wee- was 28.56; second week, 28.40; third week, 28.607 last ten days, 28.54. The coldest day of the month was the 2d, when the thermometer averaged 6 deg. helow zero. The warmest day was the 28th, the there om?ter showing 70 deg. at 2 p. m., and averaging for the day, 412 degrees. The observations forming the data of the above were made three times daily at? a. m., and at 2 and 9 p. m.

In Libby Prison.—A letter was received on Mon day from Licut. Chas. M. Hart, of Co. I, 45th Rogt. Pa. Vols., dated at Libby Prison, Richmond, Va., Jan. 3d. He states that he was made prisoner, together with Sergt. John B. Emery, Corp. Jesse . Wilcox of Middlebury, and about fifty others, while on their way to join their Regiment at Knoxville, Ternessee, on the 11th of December, last. It seems thet they fought as well as they could to preven engture, and in the fight Corp. Wilcox was wounded in the hand. Lieut. Hart writes that they were all there in good health, and asks his folks to send a box of clothing, provisions, &c., indicating that the 111 of the rebel prisons are not calculated to "fat uf " va.

Bonough Election.-The election on last Briday for Borough and Township officers passed off quietly. Only one whiskey row occurred in the streets. The following officers were chosen for the Borough: Burgess .-- H. W. Williams, re-elected.

Congress has put a tax of 60 cts. per gallon upon whiskey. Topers, what do you think of that to You will have to decrease your cups as well as the n en who made the law.

WE see by the School Journal, that immediately after the annual appointment of teachers in each district, the secretary of the board is required to send a written list of names, and the schools to which they have been respectively appointed, to the proper county superintendent, with a notice of the day apon which the ensuing term of school, in the district, will commence, and the determination thereof, as directed by the board.

Notice to School Directors .- The following has just been received from the Department: "Cwing to the change in the law, basing the calculated for distribution upon the number of scholars anatind of taxables as formerly, the Department is not vet prepared to pay out the State appropriation, As on as practicable, however, all warrants will be fori A- Wine. ed to districts entitled to their share."

NINE MONTHS' MEN TO BE DRAFTED .- The U. S. Senate has so amended the Enrollment of that none but such as are in the service, or have been in the service two years, and have been honorably dis-charged, are exempted from the operation! of the draft. This throws all those who served in the nine months' regiments, into the classes liable to draft -They still have one advantage over other mer, and but one, that is they get a bounty of \$402 if they enlist, while others get only \$302. No doubt many of them will "go in." Those who were draged and served in 1862 will also be liable to draft.

THE MAGAZINES .- We have received I terson' Magazine for February. The slipper pattern is very teautiful and worth more than the price of the book. This periodical is justly very popular and the infrease in its edition for 1864 is very large.

The Continental Monthly seems to be seedly in. creasing in favor. "The Treasury Report of Mr. Secretary Chase," by the Hon. F. P. Ster. on, will attract much attention both for the canar of its tatements, as well as the high tribute mail to the Attracrainary ability of the Secretary of the Treasu-ry, in managing the financial affairs of the givernment. We notice also an excellent articles da "Pe-

Then there is a star of "A Half-Life and Half a Life," which show strongly the power that may be developed in the world cated heart by kindness and a proper appreciation. We would not forget as we pass on the very intitional reasonable poem of the "Snow." "The House and Home Papers" are particularly charmiss as well as practical. A partial sketch of the 'literage' life of Bryant, which includes a review of his latest book entitled "Thirty Poems" is remarkably well written, "Amesley Hall and Newstead Abbey" it cry interesting, associated as they are with the order of Byron and the memory of Mary Chaworth, it reviews of new books are excellent, and a viry good knowledge of those worth reading may be bained simply from these. Among the literary natices in the present number is one of "the Rounds out Papers" by W. M. \* \* \* \* \* \* \* I have known Hoofiand's German Bitters favorably for a number of years. I have used them in my own family, and have been so pleased with their effects that I was induced to recommend them to many others, and know that they have operated in a strikingly beneficial manner. I take great pleasure in thus publicly proclaiming this fact, and calling the attention of those afflicted with the diseases for which they are recommended, to these Bitters, knowing from experience that my recommendation will be sustained. I do this more cheerfully as Hoofiand's Bitters is intended to benefit the afflicted, and is "not a rum drink." Yours truly,

LEVI G. BECK.

From Rev. J. Newton Brown, D. D., Editor of the Encyclopelin of Religious Knowledge.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofhauds German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mentalyigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.

PMLADELPHIA, JUNE 20, 1861. J. NEWTON BROWN.

From the Rev. Jos. H, Kennard, Pastor of the 10th Bap ist Church. Dr. Jackson :- Dear Sir :-- I have been frequently request-

ed to connect my name with commendations of different kinds of medicines but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my fam ply, of the usefulness of Dr. Hoofland's German Bitters, depart for once from my usual course, to express my full conviction that, for general debility of the system and especially for Liver Complaint, it is a sute and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above cause. Yours, tery respectfully, J. II. KENNARD.

From Rev. Warren Pandolph, Pastor of the Baptist Church, Germantown, Penn. Dr. C. M. Jackson;—Dear Sir:—Personal experience ena-bles me to say that I regard the German Bitters prepared by you as a most excellent medicine. In cases of severe cold and general debility I have been greatly benefitfed by the use of the Bitters, and doubt not they will produce similar effects on others. Yours, truly, WARBEN RANDOLPII, Generators, Ps.

From Rev. J. H. Turner, Pastor of Hedding M. E. Church, Philadelphia. Philadelphia.

Dr. Jackson;—Dear Sir:—Having used your German Bitters in my family frequently, I am prepared to say that it has been of great service. I believe that in most cases of general debility of the system it is the safest and most valuable remedy of which I have any knowledge.

Yours, respectfully;

Dr. C. M. Jackson: Dear Sir; — I feel it a pleasure thus of my own accord, to bear testimony to the excellence of the German Bitters. Some years since being much afflicted with Dyspepsia, I used them with very beneficial results. I have bysipesar, I used them with very consended results. I have offen recommended them to persons enfeebled by that tormenting disease, and have heard from them the most flattering testimonials as to their great value. In cases of general debility, I believe it to be a tonic that cannot be surpassed.

Causes.

Nothing that is not wholesome, genial and restorative in its nature, enters into the composition of HOSTETTER'S SIGMACH BITTERS. This popular preparation contains no mineral of any kind, no deadly botanical element; no fiery excitant; but it is a combination of the extracts of rare balsamic herts and plants, with the purest and mikless of all diffusive stimulants.

It is well to be forearmed against disease, and, so far as the human system can be protected by human means against maladics eagendered by an unawholesome atmosphere, impure water, and other external causes, HOSTETTER'S BITTERS may be reflect on as a safeguard.

In districts infested with Ferer and Agre, it has been found infallable as a preventive, and irresistible us a remedy, and thousands who resort to it under apprehension of an attack, escape the scourge; and thousands who neglect to avail themselves of its productive qualities in advance, are cured by a very brief course of this marvelous medicine.—Fever and Agrue, patients, after being piled with quinine for months in vain, until fairly saturated with that dangerous alkaloid, are not infrequently restored to health within a few days by the use of HOSTETTER'S BITTERS.

The weak stomach is rapidly invigorated and the appetite restored by this agreeable tonic; and hence it works wonders in cases of Dyspersia end in less confirmed forms of Innecessians.
