THE VETERANS.—Our Borough was made cuite lively last week by the return of the veterans of Companies G, H, and I, of the 45th Pa. Although having suffered junger and starvation at the siege of Knoxville, ni yertheless most of these brave boys look tough and hearty. Our citizens invited all the voter as to a supper at J. W. Bigoney's last night, the particulars of which have not come to hand. This is right. Let the people show by all possible means their gratitude for the service of these brave men.

The subject of the above notice was a young man of rare and promising ability, having graduated with the first honor in his profession and qualified himself the first honor in his profession and qualitied himself for future usefulness in life. He began the practice of medicine at Elmina, N. Y., where on the first call for volunteers, he enlisted in the N. Y. service as a private. The bardkhips were too great for him, and after suffering some three months with the typhoid fever he received his discharge and came to Tioga in in this county. There he again entered upon the duties of his profession and won the esteem and friendship of all who knew him. At the time of the last ship of all who knew him. At the time of the last invasion of Pennsylvania he received the appointment of assistant surgeon in the U.S. Army, and joined the 107th Regiment Pa. * * * * * I have known Hoofiand's German Bitters avorably for a number of years. I have used them in my own family, and have been so pleased with their effects that I was induced to recommend them to many others, and know that they have operated in a strikingly beneficial manner. I take great pleasure in thus publicly proclaiming this fact, and calling the attention of those afficted with the diseases for which they are recommended to these Bitters, knowing from experience that my recommendation will be sustained. I do this more cheerially as Hoofiand's Bitters is intended to benefit the afficted, and is "not a rum drink." Yours truly.

From Rev. J. Newton Brown. D. D., Editor of the Encyclopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and, effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hooflands German Bitters, prepared by Dr. C. M. Jackson. of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and land almost de-paired of regaining. I therefore thank God and my friend for directing me to the use of them.

From the Rev. Jos. H, Kennard, Pastor of the 10th Bap Dr. Jackson:—Dear Sir:—I have been frequently requested to connect my name with commondations of different kinds of medicines but regarding the practice as ont of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my fam ply, of the usefulness of Dr. Hooffand's German Bitters, depart for once from my usual course, to express my full conviction that, for general debility of the system and especially for liver Complaint, it is a sate and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above cause. Yours, very respectfully, J. II. Dr. Jackson;—Dear Sir:—Having used your German Bitters in my family frequently, I am prepared to say that it has been of great service. I believe that in most cases of general debility of the system it is the safest and most valuable remedy of which I have any knowledge.

Dr. C. M. Jackson;—Dear Sir;—I feel it a pleasure thus, of my own accord, to bear testimony to the excellence of the German Bitters. Some years since being much afficied with Dyspepsia, I used them with very beneficial results. I have often recommended them to persons enfeculed by that tormenting disease, and have heard from them the most flattering testimonials as to their great value. In cases of general debility, I believe it to be a tonic that cannot be surpassed.

Nothing that is not wholosome, genial and restorative falls nature, enters into the composition of HOSTETTER'S STOMACH BITTERS. This popular preparation contains no mineral of any kind, no deadly botanical element; no flery excitant; but it is a combination of the extracts of rare belsamic herts and plants, with the purest and mildest of all diffusive stimulants.

It is well to be forearmed against disease, and, so far as the human system can be protected by human means against maiadies engendered by an unwholesome atmosphere, impure water, and other external causes. HOSTETTER'S BITTERS may be relied on as a safeguard.

In districts infested with Ferer and Ague, it has been found infallible as a preventive, and itresitible as a remedy, and thousands who resort to it under apprehension of an attack, scrape the scourge; and thousands who neglect to avail themselves of its productive qualities in advance, are cured by a very brief course of this marvelous nedicine.—Fever and Ague patients, after being piled with quinine formonths in valu, until fairly saturated with that dangerous alkaloid, are not unfrequently restored to health within a few days by the use of HOSTETTER'S BITTERS.

The weak stomach is rapidly invigorated and the appetitor restored by this agreeable tonic; and hence it works nonders in cases of DESPESIA end in less confirmed forms of Indications. Acting as a gentle and painless apperient, as well as upon the liver, it also invaribly relieves the Cosstitation organis.
