REV. GEO. H. JENKS, desires gratefully to acknowledge the receipt on Tuesday, May 3d, of fifty dollars and fifty cents, from the members of his church and congregation. Such surprises are alike agreeable to the people and encouraging to the pastor. This, and other acts of kindness cannot be forgotten.

NEW MILLINERY SHOP AT STONY FORK.—MRS. ALICIA GREEN has just received a nice lot of Millinery Goods, and has removed them to the house of Peter Walker, at Stony Fork, where she may be found ready to do work for all who may favor her with a call. We congratulate the ladies of that section of our county in securing her services, as she is well qualified to do all kinds of Millinery work with neatness and dispatch. For the last four years she has been more or less of the time under the instruction of Miss Pauline Smith, one of the best Milliners in Tioga County, and we trust the people in that neighborhood will give her their patronage.

We received the following notice too late for publication last week. We publish it for the benefit of our readers, and caution them to look out for the receipt:
TIOGA COUNTY BANK, TIOGA, Pa., May 3, 1864.

M. H. COBB, DEAR SIR: Please inform your readers relative to a New Counterfeit \$5 Albany City Bank, Albany, N. Y. They are being put in circulation in this county by two men driving a grey horse, and are at Pottery on Crooked Creek last evening. The paper is unattractive and poor, and tolerably well executed.
Yours truly,
A. S. TURNER, Cashier.

FARMINGTON HILL, May 2, 1864.
M. H. COBB, DEAR SIR: I wish to speak through the columns of your paper the following: I understand that some persons are reporting through this community, that their letters have been opened and read by me, that I told one of the "young ladies" was going to be married, &c., and other things too numerous to mention, which is a grievous matter. I therefore request all such persons to come and tell me without delay about it before writing elsewhere, as I think it will gain them credit in a number of places and higher ambition in the society in which they move, than to be injurious to the reputation of their neighbor. Furthermore, it will be both agreeable and pleasant to me if they will change their Post Office address to some other office where honest Post Masters will do them justice.

M. A. HALL, Ass't. M.
CONVINGTON, May 3, 1864.
The Ladies Aid Society of Convington have been obliged to suspend work during the cold weather for lack of an available room, met on the 9th of April to re-organize for the summer.
The Society elected for their President, M. E. CLAYTON, and for their Secretary, J. W. CLAYTON. The Society also decided that they would meet in a neighboring place, and the memory of whose stirring energy, and almost ceaseless activities when among us still dwells in our hearts, yet from her devoted interest to our good cause, we are sure she will be glad to know that her mantle has fallen on a most admirable fitness upon her worthy successor. But this is digression. We would say that the Society elected for their Vice Presidents, Mrs. J. L. GULICK, and Mrs. U. S. IRELAND; for Secretary, J. W. CLAYTON, and for Treasurer, J. W. CLAYTON. GRAIN IN CENTRE COUNTY.—The Central says that reports from all parts of that county indicate that the prospect of the grain crop is very good.
LAST FRIDAY, a bright little girl aged six to four years, daughter of Dennis Bailey who lives on the "Island," was burned so badly by her dress taking fire, as she was playing around a bonfire near the house, that she died the next day.—Corning Journal.

The Legislature of this State has passed a law appropriating \$700,000 to pay the expenses incurred in selling out the militia to repel invasion last year.—Gov. Curtin had made himself personally liable for those moneys and Congress failed to respond.

A LADY WRITER in the Easton Argus says: "Our State is deeply in debt and if a tax of 5% was put on each Bachelor, it would yield a great revenue to the State." That's right, ladies; you've a right to recommend and propose this. If by legislation it is worth enjoying it is worth paying for.

Born branches of the Pennsylvania Legislature have passed the bill providing for a special election throughout the State on the first Tuesday of August next, at which the people shall decide whether the proposed amendments to the Constitution permitting soldiers to vote shall be adopted. The Legislature is to meet on the 22nd day of August to receive the returns of the election.

THE TWO-CENT COIN.—This new coin, to be made of bronze, is in size about midway between a Spanish dollar and an American quarter of a dollar. On one side is a shield, resting against crossed arrows, with the motto, in a scroll above, "In God is our Trust"—underneath, "1864." On the other side a wreath of corn, &c., inclosing a large figure above the word "cents," and around the margin "United States of America."

The question of increasing the salaries of members was voted on in our Legislature, recently. The Union men with five or six exceptions, voted against the increase, while the Democrats, with only two exceptions, voted for the increase.

These same Democratic members of the Legislature are the men who voted against petitioning Congress to increase the pay of private and non-commissioned officers in our army. Our soldiers will remember these men.

ALMOST A MURDER BY AN INSEAN WOMAN.—An insane woman named Northrop, residing in Franklin township, attacked, and nearly murdered Mrs. Weston, (wife of the late Dr. Weston), a few days since. It appears that Mrs. W. and the doctor's wife were met on the road, when the latter said she was going to call on John, (Mrs. W.'s son), and as Mrs. Weston turned to leave her, she was struck a blow on the head which felled her to the ground. She was then beaten and pelted by the crazy woman, until it is supposed she was left for dead. When Mrs. Weston was discovered, she was completely covered with blood, and had several severe cuts about the head. At last accounts she was slowly recovering.

THE AGRICULTURIST.—The May number of this valuable journal has been received, and it abounds with useful information to the farmer and gardener. It is plentifully illustrated with cuts and engravings, and a bound volume would be a great addition to any one's library. Only one dollar per annum. Address Orange Judd, 41 Park Row, N. Y.

DISCHARGED.—Capt. W. W. White, who was arrested in January last, has been tried by Court Martial in Washington city, and has been honorably discharged, his dismissal in January revoked by the President.

Several persons of this place, who were present at the trial, all concurred in the opinion that the Capt. would, after the investigation of the case, present as clean a record as any other officer in the U. S. service. There are but few officers in the Provost Marshal's department, who excel Captain White as an officer. He has, while in service at this place, exhibited a great zeal in the discharge of his various and difficult duties. He was particularly successful in apprehending deserters, and displaying great energy of character in all the duties of his office.

The Captain in his official capacity was quite a favorite in this place, and the citizens of all parties feel much gratified in the announcement of his discharge and restoration to duty.—Williamsport Bulletin.

THE AMERICAN CONFLICT is the title of a work which is a History of the Great Rebellion, its causes, incidents and results, intended to exhibit especially its moral and political phases, with the drift and progress of American opinion respecting Human Slavery from 1776 to 1864. It is edited by HORACE GREENLEY, than whom no living American writer could more fully assume so responsible a task, or produce a more honest and truthful history of the Rebellion and its incidents. We have received two series of specimen pages of the work, which are nicely printed on fine paper, splendidly illustrated with portraits of distinguished men, and the entire work will be issued in two large double column octavo volumes of 600 pages each. Vol. I. will be ready on or about the 1st of June. Published by O. D. Case & Co., Hartford, Conn.

On the 21st inst., after a sudden and brief illness, SLEEMAN SHAW, aged 77 years, and 18 months, departed this life. He was one of the earliest settlers in this county, having come into it fifty-nine years ago. He had his home till the time of his death, where his son, Palmer Shunway, now resides, in the town of Charleston. He leaves a wife at the age of 69 years, and five children to mourn his departure. He was buried with Masonic obsequies, on Thursday, May 5, the funeral being held at the school house on Shunway hill.

In Wellsboro, on the 6th inst., EBENEZER MURRAY, aged 96 years.
This venerable colored man and citizen came into this region of Pennsylvania, as long ago as the year 1804. He had formerly lived in Delaware, where he was in the service of a man of the name of James Murray. From this man he derived the name of Wellsboro. The name of his own father and mother was Parker. A gentleman, of the name of Wells bought his service for five years from Murray, with the understanding that at the expiration of that time he should be free. But the five years were not completed, when he was sold to his wife Hetty (who still survives at an advanced age) into this county, and settled on what is now the Estuwan farm in Delmar, the whole country being then an almost unbroken forest. After three years, Mr. Wells was sold to the region of the Lakes in Wellsboro, where he had his farm, for raising sheep or hogs. Large orchard of apple and pear trees, chiefly grafted fruit—about 200 trees. The orchard alone might be made to pay the interest upon the cost of the whole property. It is situated about 12 miles from the Tioga Railroad, which connects with the Erie Railroad at Corning. Leave Corning at 7 1/2 a. m., take stage at Tioga Station, reach Wellsboro about noon. Price of the property \$50 per acre—one fourth cash down, balance to suit convenience of purchaser. Apply to

Farmer's Catechism.

Question. What is the best kind of Wooden beam Plow?

Answer. THE WEAVER PLOW.

Ques. Wherein does it excel all others?

Ans. In ease of draft, in being less liable to clog, and in fact it excels in every particular.

Ques. Where is this Plow to be found?

Ans. AT THE KNOXVILLE FOUNDRY, where they are made, and at various agencies around the country.

Ques. Are there any other plows made at that Foundry?

Ans. Yes! Biles makes various kinds of wooden and Iron beam Plows, both for flat land and side hill, which last are long as from two to four feet in length, getting the BEST PATTERNS invented, without regard to the COST.

Ques. Are Plows all that Biles makes?

Ans. By no means. He also makes HORSE HOES; a superb article for Corn, Potatoes, &c. ROAD SCRAPERS that beat the world. Cast Cultivator Teeth of a very superior pattern. Shovel Plow Castings for new land, and indeed almost every thing that is ever made up at a Foundry, from a Boot Jack to a Steam Engine.

Ques. Would you then advise me to buy there?

Ans. Most certainly would I, besides making the best KIND of every thing, Biles makes those that are the most DURABLE, and it is a common expression here that his Plows 'have been introduced, that they last as long as from two to four feet at any other shop; he has always been at the business from a small boy and ought to know how it is done, and if you try his wares once, you will be ready with me to tell all wanting anything in that line to go, send, or in some other way procure them of J. P. BILES, at the Knoxville Foundry.
