THE LADY'S FRIEND FOR JUNE.-The June number of this handsome monthly opens with a fine steel engraving of "The Young Brood." This is followed by a handsome colored Fashion Plate, double the size of those usually given by two-dollar magazines. Then come a number of well executed wood engravings of the farbions, needlework, &c., such as ladies alone know how to properly value. A number of en gravings illustrating "Archery for Ladies," is an interesting feature of this number.

Among the literary articles we note the "Marriage of Convenience," "The Heiress of Nettlethorpe," (illustrated.) "Mabel's Mission," "Shadow and Sun-shine," "Margaret's Cross," "Richard Graham's Love," "The Transformed Village," (illustrated,) &c. Altogether this is a very interesting number. Price. \$2 00 a year, (back numbers furnished); 20 cents a single number.

Published by Deacon & Peterson, 319 Walnut st., Philadelphia.

GODET'S LADY'S BOOK .- The number for June contains four beautiful engravings of the latest fashions, from the house of A. T. Stewart & Co., of New York, They were engraved expressly for Godey, and can be obtained from no other source. Ladies who are prepreparing for the watering places and other fashionsquest to "send the paper as long as the noney ble resorts will find these invaluable. The literary department is sustained by an excellent corps of writers, and is equal, perhaps superior, to that offered by the other fashionable magazines. As a ladies' book Godey's stands far in the van, and it will be long in the history of American literature before another will be found to take its place. The present number completes the thirty-fourth year, every one of which has added new laurels to its reputation. Such unvarying success as it has realized is without a parallel in the history of periodical literature.

Address L. A. Godey, 323 Chestnut Street, Phila delphia.

United States 10-40 Bonds. THESE BONDS are issued under the act of Congress of March 8th, 1864, which provides that all bon: s issued under this act shall be EXEMPT FROM TAXATION by or under any State or municipal authority. Subscriptions to these bonds are received in United States notes or notes of National Banks. They are TO BE REDEEMED IN COIN, at the pleasure of the Government, at any period not less than tennor more than forty years from their date, and until their redemption FIVE PER CENT. INTEREST WILL BE PAID IN COIN, on bonds of not over one hundred dollars annually, and on all other bonds semi annually. The interest is payable en the first days of

March and September in each year. Subscribers will receive either registered or coupor bonds, as they may prefer. Registered bonds are re corded on the books of the United States Treasurer, and can be transferred only on the owner's order .-Coupon bonds are payable to bearer, and are more

convenient for commercial uses. Subscribers to this loan will have the option of having their hands draw interest from March 1st, by paying the accrued interest in coin-(or in U. States otes, or the notes of National Banks, adding fifty per cent. for premium,) or receive them drawing interest from the date of subscription and deposit. As these bonds are

in currency, and are of equal convenience as a permanent or temporary investment. It is believed that no securities offer so great in-

ducements to lenders as the various descriptions of U. States bonds. In all other forms of indebtedness, the faith or ability of private parties, or stock companies. or separate communities only, is pledged for payment, while for the debts of the United States the whole property of the country is holden to secure the paynent of both principal and interest in coin. These Bonds may be subscribed for in sums from

\$50 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest.

total Funded Debt of the United States on which interest is payable in gold, on the 3d day of March, 1864, was \$768,965,000. The interest on this debt for the coming fiscal year will be \$45 937,126, while the customs revenue in gold for the current fiscal year, ending June 30th, 1864, has been so far at the rate of over \$100,000,000 per annum.

It will be seen that even the present gold revenues of the Government are largely in excess of the wants of the Treasury for the-payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount of importations, to \$150,000,000.

Instructions to the National Banks acting as loan agents were not issued from the United States Treasury until March 26, but in the first three weeks of April the subscriptions averaged more than TEN MILLIONS A WEEK.

Subscriptions will be received by all NATIONAL BANKS

which are depositaries of Public money, and all RESPECTABLE BANKS AND BANKERS throughout the country, (acting as agents of the National Depositary Ranks), will furnish further information on application and

From the Rev. Levi. G. Beck, Pastor of the Baptist Church Pemberton, N. J., formerly of the North Baptist Church Philadelphia.

* * I have known Hoften Bitters favorably for a number of years. I have used them in my own family, and have been so pleased with their effects that I was induced to recommend them to many others, and know that they have operated his a strikingly beneficial manner. I take great pleasure in thus publicly proclaiming this fact, and calling the attention of those afflicted with the diseases for which they are recommended, to these Bitters, knowing from experience that my recommendation will be sustained. I do this more cheerfully as Hoofland's Bitters is intended to benefit the afflicted, and is 'not a rum drink.' Yours truly.

LEVI G. BECK.

From Rev. J. Newton. Brown, D. D., Editor of the Encyclopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hooflands German Ritters, prepared by Dr. C. M. Jackson, of this city, hecause I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am undebted to my friend Robert Shoemaker, Eaq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of boduly and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefere thank God and my friend for directing me to the use of them.

Philadelphia, June 20, 1861. J. NEWTON BROWN.

From the Rav. Jos. H, Kennard, Pastor of the 10th Baptist Church.

Dr. Jackson:—Dear Sir:—I have been frequently request ed to connect my name with commendations of different kinds of medicines but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my family, of the usefulness of Dr. Hoofkard's German Briters, I depart for once from my usual course, to express my full conviction that, for general debility of the system and especially for Liver Complaint, it is a sate and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above cause. Yours, very respectfully, J. H. KENNARD.

Dr. C. M. Jackson; —Dear Sir: —Personal experience enables me to say that I regard the German Bitters prepared by you as a most excellent medicine.—In cases of severe cold and general debility I have been grently benefitted by the use of the Bitters, and doubt not they will produce similar effects on others. Yours, truly, WARREN RANDOLPH, Germantown, Pa. From Rev. J. H. Turner, Pastor of Hodding M. E. Church, Philadelphia.

Dr. Jackson; —Bear Sir: —Having used; your German Bitters in my family frequently, I am prepared to say that it has been of great arrive. I believe that in most value of general debility of the system it is the safest and most valuable remedy of which I have any knowledge.

Yours, respectfully,

New Rochelle, N. Y.

Dr. C. M. Jackson; —Dear Sir :—I feel it a pleasure thus, of my own accord, to bear testimony to the excellence of the German Bitters. Some years since being much afflicted with Dyspepsia, I used them with very beneficial results. I have often recommended them to persons enfeebled by that formenting disease, and have heard from them the most flattering testimonials as to their great value. In cases of general debility, I believe it to be a tonic that cannot be surpassed.
