

THE AGITATOR.

LOCAL AND MISCELLANEOUS. Wellsboro, Wednesday, June 15, 1864.

New Advertisements. Opinion's Court Sale—A. J. Ross, Adm'r. —James Tubbs, Adm'r. —Isaac Squires, Ex'r. Caution—E. Wetmore. Notice—Wm. C. Ripley, President. Perine's Flag—Perine & Co.

Don't fail to read Perine's Column, and when you visit Troy give him a call. Practice—There will be a Picnic on Saturday next, 15th inst., in Seely's Grove, near Shawangunk Hill, in Charleston, for the benefit of the sick and wounded soldiers. All are invited to attend.

Sold Out—Mr. R. JENKINS, has sold the material in the Banner Office to Thos. L. Baldwin, of Flonga. If these type don't "sing a different tune" next time they are used we lose our guess.

On Sunday night last, about twelve o'clock, the Red School House in this Borough, used for the accommodation of scholars from the township, was discovered to be on fire, and in a few minutes was entirely consumed. The fire is supposed to be the work of an incendiary.

To Wounded Soldiers.—All Soldiers who have been discharged by reason of wounds received in any battle, and who have not received the one hundred dollars bounty, can receive the same now at once, by applying either in person or by letter, at the State and Naval Agency, No. 427 Walnut Street, Philadelphia. JOSEPH E. DEWITT & COMPANY.

RECKLESS ACCIDENT.—A daughter of Ab'm Updegraff, Esq., was very seriously injured on Wednesday last, by being thrown from a carriage, striking on the sidewalk. A horse she was driving became frightened and ran, the carriage struck the stone at the corner of Market square and Market St., near Dinn's clothing store, when the young lady was thrown out with great violence. A young lady who accompanied her, escaped without injury.—Williamsport Bulletin.

YESTERDAY morning, about nine o'clock, John C. Bixby, while felling trees was struck on the head by a limb of a falling tree that had been lodged, breaking his skull. His uncle, George Bixby, was with him at the time, and immediately carried him to his home, but the injury was so great that he died in eight hours. He was a worthy and respected citizen, and his death will be deeply lamented by all who knew him. He was about twenty-nine years old, and he leaves a wife and three children.—Corning Jour.

ROBBER.—On the night of the 30th ult., Mr. E. Davidson, of this Borough, who is engaged in purchasing wool, was staying at the public House kept by Daniel Kramer, in Reubensville, Centre Co., and during the night his valise, containing several hundred dollars in notes and accounts, was stolen from a closet where it was deposited. The thieves forced out a window, with an axe, and gained access to the house. They were aware, probably, that Mr. D. was unassuming, and expected to find his money, but in this they failed.—Williamsport Bulletin.

J. A. PARSONS, Corning, N. Y. April 27, 1864.

United States 10-40 Bonds.

THESE BONDS are issued under the act of Congress of March 8th, 1864, which provides that all bonds issued under this act shall be EXEMPT FROM TAXATION by or under any State or municipal authority. Subscriptions to these bonds are received in United States notes or notes of National Banks. They are TO BE REDEEMED IN COIN, at the pleasure of the Government, at any period not less than tenor more than forty years from their date, and until their redemption FIVE PER CENT. INTEREST WILL BE PAID IN COIN, on bonds of not over one hundred dollars annually, and on all other bonds semi-annually. The interest is payable on the first days of March and September in each year. Subscribers will receive either registered or coupon bonds, as they may prefer. Registered bonds are recorded on the books of the United States Treasurer, and can be transferred only on the owner's order. Coupon bonds are payable to bearer, and are more convenient for commercial uses. Subscribers to this loan will have the option of having their bonds draw interest from March 1st, by paying the accrued interest in coin—or in U. S. States notes, or the notes of National Banks, adding fifty per cent. for premium—or receive them drawing interest from the date of subscription and deposit. As these bonds are Exempt from Municipal or State Taxation, their value is increased from one to three per cent. per annum, according to the rate of tax levies in various parts of the country. At the present rate of premium on gold they pay OVER EIGHT PER CENT. INTEREST in currency, and are of equal convenience as a permanent or temporary investment. It is believed that no securities offer so great inducements to lenders as the various descriptions of U. S. States bonds. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities only, is pledged for payment, while for the debts of the United States the whole property of the country is held to secure the payment of both principal and interest in coin. These Bonds may be subscribed for in sums from \$50 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest. It may be useful to state in this connection that the total Funded Debt of the United States, on which interest is payable in gold, on the 31st day of March, 1864, was \$768,965,000. The interest on this debt for the coming fiscal year will be \$45,937,126, while the customs revenue in gold for the current fiscal year, ending June 30th, 1864, has been so far at the rate of over \$100,000,000 per annum. It will be seen that even the present gold revenues of the Government are largely in excess of the wants of the Treasury for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount of importations, to \$150,000,000. Instructions to the National Banks acting as loan agents were not issued from the United States Treasury until March 20, but in the first three weeks of April the subscriptions averaged more than TEN MILLIONS A WEEK. Subscriptions will be received by all NATIONAL BANKS which are depositaries of Public money, and all RESPECTABLE BANKS AND BANKERS throughout the country, (acting as agents of the National Depository Banks), will furnish further information on application and AFFORD EVERY FACILITY TO SUBSCRIBERS. May 18, 1864—3mos.

MOHAWK CHIEF.

MOHAWK CHIEF was raised in Montgomery County, N. Y., from a pair of the celebrated Black Hawk Stallion, owned by David Hill, of Bridgeport, Vt., who is admitted to be the best Stock Horse ever kept in the New England States, so much so that his bones now form a part of the curiosities in the Agricultural Museum in Boston. His dam was Messenger, which makes the best cross that has ever been attained, having all the qualities of the Black Hawk and the size of the Messenger; these simple facts I deem sufficient and better than to make up a pedigree to make him brother or cousin to all the celebrated Stallions in America. The above facts cannot be controverted. Mohawk Chief will devote the next two months to the propagation of his species as per annexed time table:
