CONTINUATION.—The rite of Confirmation was administered by Bishop Stevens to a class of eight perpas at St. Paul's Episcopal Church, last Sunday morning. The Bishop preceded to a crowded house in the morning. In the evening the house was denseis mended, the occasion being the parting address of in Rector, Rev. Geo. H. Jenks. Mr. Jenks takes with him the regrets and good wishes of the commutily to the distant parish in Illinois where he requines lis labors. May be be abundantly prospered.

Eishop Stevens preached an elegnent germon on Menday evening. The night was wet, but the audieres excellent.

Printing ledy writes us from Fermington urching a pic-ric held for the bonefit of Rev. C. L. I. Howe in that town on the 23d of June. The pecpie merejadaressed appropriately by Mr. Howe, ofter which the assembly repaired to the feast of good things-which, from the description, was worthy of the liberality of our Farmington friends. After dinter, the people reassembled and were addressed by Resers, Wilson, Bowman and Wiles. The Proceeds of the pic-nic were presented to Mr. Howe by J. B. Mes, Esq. The occasion appears to have been in all respects agreeable.

We have received a communication, with a list of the names of persons who have left Bloss for Canada message the draft. The communication is from a taliable man and is accompanied by a request to pub-Lib. We agree with him as to the propriety of put-Me such men on record; but we propose to delay me publication until about the time of the draft, if a draft has to be resorted to to fill our quots, thus giving its selinquents an opportunity to return and most the emergency like men, undisgraced. Company.-It is with more than ordinary regret ust we chronicle the death of an old friend, Mr. ED-73 L. Szans, nt the Marine-Hospital, New Orleans, m the 5th of June. Mr. Sears was a member of a New Tork regiment, fought bravely in the battle of Pleasant Hill, as well as in that of the preceding day, mi fell at last a victim to the fatigues and a sposupes ti the campaign. He was so well known it this vically, where the most part of his active life was nut, that this brief tribute of friendship may seem renecessary. But we cannot forbear some slight tesimony to this manly, straitforwand friend of the human race, whose heart beat true and generously to minst throb. His hatred of tyrants was . Frer concaled. Dying at 37, he lived long enough to prove à. his manhood and die beloved.

Mr. Sears leaves a widow and one child, and a nice circle of friends to mourn his loss.

LOSE OUT FOR THEM. - We caution our Beaders to te on their guard against an emission (spurious thy cent notes (the new plats;) which have just been jut in circulation herenbouts. The bronze circle around the head the counterfeit can hardly be seen, while the gentinks deep color. The spurious though indistinct is all its optimes, is darker than the good.

Look out for counterfelt greenbacks altered from hate \$10%. They are easily detected from the fact that the have they portrait of Mr. Chase just and of Insident Lincoln on them.

A FALSE STATEMENT CORRECTED .- As the statenent has to some extent been circulated of late, that I have used my influence in behalf of some one of the candidates now in the field for the office of Sheriff of Tioga County, and as some persons are foolish enough to believe the statement. I take this public place to say that the report is utterly without foundations of the statement of the stat tion so far as I am concerned. Whatever political interest I have chosen to exhibit ar any time in any candidate for office, has had reference solely to some office of the nation or of the commonwealth. Net-ther by word nor by deed have I given my personal induspector any candidate now seeking any local or county office. And he or they who have circulated any thing contrary to this, have done it ill-advisedly J. D. Brit.

THE SARBATH SCHOOL CELEBRATION -Notice was given last week of the Sabbath School gathering and plo-nic, to be held at Dartt Settlement, on August 10. I wish to say that the grove that has been selected is that of Mr. Joshua Atherton, a short distance this side of the Dartt Settlement Church. As it was the request of the preachers who are to be present at the Preschera' Convention on the 9th day of August that as many Sabbath School children should be induced to attend as possible, I carnestly urge a general at-tendance of the schools in this vicinity and their france. Mr. J. Gray will act as committee for the Weilsberg. Mr. E. S. School; Ita Johnston, for the Shumway Hill school; Wm. B. Bowen, for the school that meets at the Brewster school house; and Mr. Orin Penten, for the school that meets at the Vourge. acheol house. J. D. Bell.

United States 16-40 Bonds. THESE BANDS are issued under the act of Congress of March Stb, 1884, which provides that all bonds issued under this act shall be EXEMPT FROM TAXATION by or under any State or municipal authority. Subscriptions to these bonds are received in United States notes or notes of National Banks. They are TO BE REDEEMED IN COIN, at the pleasure of the Government, at any period not less than tennor more than forty years from their date, and until their FIVE PER CENT. INTEREST WILL BE PAID IN COIN, on bends of not ever one hundred dollars appually, and on all other bonds semiannually. The interest is payable on the first days of

March and Soptember in each year. Subscribers vill receive cither registered or coupon bonds, as they may profer. Rogistered bonds are re-corded on the blocks of the United States Treasurer, and can be trasferred only on the owner's order .-Coupon bonds are payable to bearer, and are more

convenient for ommercial-uses, Subscribers to this loan will have the option of having their bonis draw intorest from March lat, by paying the addresd interest in coin-(or in U. States notes, or the notes of National Banks, adding fifty per cent, for penjum,) or receive them drawing intorest from thedate, of subscription and deposit. As these bonds are :

Exempt from Idunicipal or State Taxation, their value is increased from one to taree per cent per annum, according to the rate of tax levies in ve ious parts of the country.

At the present rate of premium on gold they pay OVER EIGHT PER CENT. INTEREST in currency, and are of equal convenience as a perma nent or temporary investment.

It is believed that no securities offer so great inducements to lenders as the various descriptions of U. States bonds. In all other forms of indebtedness, the now offered, consisting of new patterns. faith or ability of private parties, or stock companies, or separate communities only, is pledged for payment, while for the debts of the United States the whole property of the country is holden to secure the payment of both principal and interest in coin.

These Bonds may be subscribed for in sums from \$50 up to any magnitude, on the same terms, and are thas made equally available to the smallest lender and the largest capitalist. They can be converted intomoney at any moment, and the holder will have the eneat of the interest.

It may be useful to state in this connection that the total Funded Debt of the United States on which interest is payable in gold, on the Ed day of March, 1864, was \$768,965,000. The interest on this debt for the coming fiscal year will be \$45 937,128, while the customs revoute in gold for the current fiscal year, onding June 30th, 1864, has been so far at the rate o over \$100,000,000 per annum.

It will be seen that even the present gold revenues of the Government are largely in excess of the wants of the Treasury for the payment of gold interest, while the recent increase of the tariff will doubtle's raise the annual receipts from customs on the same amount of importations, to \$150,000,009.

Instructions to the National Banks acting as loan agents were not issued from the United States Treasury until March 26, but in the first three weeks of April the substriptions averaged more than TEN MILLIONS A WEEE.

Subscriptions will be received by all NATIONAL BANKS

which are depositaries of Eablic money, and all RESPECTABLE BANKS AND BANKERS throughout the country, (acting as agents of the National Depositary Ranks), will furnish further information on application and AFFORD EVERY FACILITY TO SUBSCRIBERS. May 18, 1864-3mos.

Although not disposed to fover or recommend Petent aided laines in general, through distrust of their ingredients and effects, for knew of no smilisent researce why a man may not twenty to the benefits he believes himself to have received from any simple preparation, in the loops that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofands German Ritters, prepared by Dr. O. M. Jackson, of this city, because I was prejudical against them for many years, under the impression that they were chiefly an alcaholic mixture. I am dandebted to my friend Robert Shoemaker, Eq., for the removal of this prejudice by proper tests, and for spoon-agament to my them, when saffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by erident relief, and restoration to a dorres of bodily and mental view might had not felt for six months before, and hed climest despaired of regulating. I therefore thank God and my filted for direction me to the me of them.

Some years since being much afficied with Dyspenda, I used them with very beneficial results. I have often recommended them to persons enfeebled by that tormenting disease, and have heard from them the most fastering restimonials as to their great value.
