Attention Tioga County - T. C. Cowen, Professor of Music - P. A. Wadsworth, List of Letters - Hugh Young, P. M.

Dr. F. D. BROWN, of Lawrenceville, has been appointed one of the Surgeons for the Rebel prisoners at Elmira. So says the Corning Journal.

Notice - Lieut. D. A. CLARKE, of Middletown, will retrace his Company at Tioga, on Friday, September 24, at 9 o'clock A. M. to organize and proceed to Camp Curtin, Harrisburg.

PERSONAL - We lately had the pleasure of meeting at the hand and welcoming back to Wellsville, Mr. Geo. W. MERRICK, of the 18th P. V., who left for Petersburg in June. The Major is in the best of spirits. He is in the best of spirits. He is in the best of spirits.

THE LADY'S FRIEND FOR SEPTEMBER - A full and entertaining, called "The Double Step," opens the September, followed by a blind steeple chase, richly colored. By the way, we note that one of the ladies in the Plate is wearing the Russian boot, with high heel, now so popular in Paris. Then follows a series of engravings of ladies and children's fashions. The literary contributions are varied and interesting. There is the usual Work Table, Editor's Department, Receipts, Fashions, &c. Price \$2 a year. Jackson & Peterson, Publishers, 319 Walnut street, Philadelphia.

OUR LADY - It becomes a peculiarly painful duty to chronicle the death of Wm. D. STANWOOD, one of Mr. David Storrock, of this borough, and late an employee in this printing office. He died in the U. S. Hospital, David's Island, near New York, on Saturday, August 20th, of fever contracted in the service before Petersburg.

William was a member of Company A, 1st Pa. Volunteers. He enlisted from a sense of duty, and in the necessity of filling up our ranks, and of the duty of young men to volunteer. He was often heard to declare that if he did not go to the service he would not be able to look the world in the face when the fight should be over. He was some months under military age when he enlisted, only reaching his eighteenth birthday in the July of '62.

William participated in the first battle before Petersburg, and escaped the casualties of that battle. He was a member of the company, and at that time, after weeks of lingering and painful illness, death came like an angel of mercy to his mind. His relatives have the deep sympathy of the community in this second great affliction, and aided consolation of knowing that he had bravely done his duty, and that he had not been a burden to his family.

THE OTHER DAY we heard a rich neighbor's boy had run away with railroad stock. The U. S. bonds, for say higher interest. Just then poor Richard came up, and said that he had just bought some of the same three years' notes, paying seven and one-half per cent. interest. My rich friend exclaimed, "You! I thought you had no money to buy any more." "Yes," said Richard, "I had no money, but for you know it is well to have something laid up against a wet day, and I have kept it in my savings bank."

choose—and tell me (honor bright, now) how many have paid a uniform income for ten or twenty years. Not one in a hundred, Mr. Smith, and you know it. "Now here is the Government will pay you without varying a tittle. Now I like something that gives me my income every year. "Thirdly, you want something which is marketable any time you wish to sell it. Now, Mr. Smith, if you are President, he will tell you that Government stocks are the only kind of property that is always salable, because they will sell anywhere in the world. "Now, Mr. Smith, I put my little savings in Government stocks. I confess, too, that I wanted to help that dear old country, which is my home and my country. "I confess," said Mr. Smith, "I had not thought of all this. There is a good deal of sense in what you say, and I will go to as to put two or three thousand dollars in United States stocks. It can do no harm."

U. S. 7-30 Loan.

THE SECRETARY OF THE TREASURY gives notice that subscriptions will be received for U. S. Treasury Notes, payable three years from August 15, 1864, with semi-annual interest at the rate of 7.3104 per cent. per annum—principal and interest both to be paid in lawful money. These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of \$50, \$100, \$500, \$1,000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars. The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

AS THE NOTES DRAW interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit. Parties depositing \$25,000 or upward for these notes at any one time will be allowed a commission of one-quarter of one per cent, which will be paid by the Treasury Department upon receipt of bill for the amount, certified to by the officer with whom the deposit was made. No deductions for commissions must be made from deposits.

SPECIAL ADVANTAGES OF THIS LOAN. It is a National Savings Bank, offering a higher rate of interest than any other, and the best security. Any Savings Bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it cannot pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper. It is equally convenient as a permanent or temporary investment. The notes are always sold for within a fraction of their face and accumulated interest, and are the best security with banks as collateral for discounts.

CONVERTIBLE INTO A 5 PER CENT 5-20 GOLD BOND. In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less than five per cent. premium, and before the war the premium on United States stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

EXEMPT FROM STATE OR MUNICIPAL TAXATION. But aside from all the advantages we have enumerated, a special Act of Congress exempts all Treasury notes and bonds from local taxation. On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country. It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

WHILE THE GOVERNMENT offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of all people. Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the original certificate the denomination of notes required, and whether they are to be issued in blank or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Treasury Department.

SUBSCRIPTIONS will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositories, and by the FIRST NATIONAL BANK OF TOWANDA, and by all National Banks which are depositories of public money, and ALL RESPECTABLE BANKERS and BANKERS throughout the country will give further information and afford every facility to subscribers. August 10, 1864-3m.
