HOSTETTER'S CELEBRATED STOMACH

A Pure and Powerful Tonic, Corrective and Alterative, of Wonderful Efficacy, in Diseases of the

BITTERS.

STOMACH, LIVER AND BOWELS; Cures Dyspepsia, Liver Complaint, Headache, General Debility, Nervousnass, Depression of Spirits, Constipation, Colic. Intermittent Fevers. Cramps and Spasms, and all Complaints of either Sex arising from Bodily Weakness, whether inherent in the system or pro-duced by Special Causes.

Norma that is not wholesome, genial and restorative in its nature, enters into the composition of HOTETTER'S STOMACH BITTERS. This popular preparation contains no mineral of any kind, no deadly botanical element; no fiery excitant: but it is a combination of the extracts of rare balsamic herbs and plants, with the purest and mildest of all diffusive stimulants.

It is well to be forearmed against disease, and, so far as the human system can be protected by human means against maladias engendered by an unwholesome atmosphere, impure, water, and other external causes. HOSTETTER'S BITTERS may be relied on as a safegnard.

In districts infested with Free and Ague, it has been found infallible as a preventive, and irresistible as a remedy, and thousands who resort to it under apprehension of an attack, escape the securge; and thousands who neglect to avail themselves of its productive qualities in advance, are cured by a very brief course of this marvelous medicine.—Fever and Ague patients, after being piled with quining for months in vain, until fairly saturated with that dangerous alkaloid, are not unfrequently restored to health within a few days by the use of HOSTETTER'S BITTERS.

The weak stomach is rapidly invigorated and the appetite restored by this agreeable tonic; and hence it works wonders in cases of DISTESTA and in less confirmed forms of Industrian. Acting as a gentle and painless apperient, as well is upon the liver, it also invariably relieves the Constituents.

Petroons of feeble habit, liable to Norwas Mitacks, Loo-

well hs upon the liver, it also invariably is never the sand secretive organs.

Persons of feeble habit, liable to Norvous Attacka, Loveness of Spirits and Fits of Languar find prompt and per manent relief from the Bitters. The testimony on this point is most conclusive, and from both saxes.

The agony of Biliers' Coulc is immediately assunged by a single doss of the stimulant, and by occasionally resorting to it, the return of the complaint may be prevented.

As a general tonic, HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Fremature Decay, and Bebility and Becrepitude arising from old age, it exercises the electric influence. In the convalence is tages of all diseases, it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re-enforceand re-establish them.

Last, but not least, it is The Only Safe Stimulant, being manufactured from sound and inocuous materials, and entirely free from the acid elements present more or less in all the ordinary tonics and stomachics of the deg.

No family medicine has been so universally, and, it may be truly added, deservedly popular with he intelligent portion of the community, as HOSTETTER'S BITTER'S.
