U. S. 7.30 Loan.

THE SECRETARY OF THE TREASURY gives notice that subscriptions will be received Coupon Treasury Notes, payable three years from August 15, 1864, with semi-annual interest at the rate of 7.310ths per cent. per annum,-principal and

interest both to be paid in lawful money. A little will be convertible at the opition of the iolder, at maturity, into six per cent. gold learing oonds, payable not less than five nor more than twent ty years from their date, as the Government may elect, They will be issued in denominations of \$60, \$100, \$500, \$1,000 and \$5,000, and all subscriptions must be for lifty dollars or some multiple of fifty dol-

The notes will be transmitted to the owners are of of transportation charges as soon after the receipt of the original Cortificates of Deposit as they can be prepar-

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit. Parties depositing \$25,000, or, upward for these notes at any one time will be allowed a commission of one quarter of one per cent, which will be paid by the Treasury Department upon receipt of bill for the amount, certified to by the officer with whom the depositi was made: [No deductions for, commissions must be made from deposits.

Special Advantages of this Loan. It is a National Savings Bank, offering a higher rate of interest than any other, and the best security. Any Sayings Bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it cannot pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a permanent or tempoary investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discounts.

Convertible into a 6 per cent 5-20 Gold Bond.

· In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the curaent rate for 5-20 Bonds is not less than nine per cent. premium, and before the war the premium on United States stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent per annum. Exempt from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special Act of Congress exempts all Treasury notes and bonds from local taxation. On the average, this exemption is worth about two per cenf. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government, In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States. While the government offers the most liberal terms

for its loans, it believes that the very strongest appeal will be to the loyalty and patrictism of the people. Duplicate certificates will be issued for all deposits. The party depositing must enderse upon the original certificate the denomination of notes required, and whather they are to be issued in blank or payable to order. When so endorsed it must be left with the ofreceiving the deposit, to be forwarded to the

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Tressurers and designated Depositaries, and by the FIRST NATIONAL BANK OF TOWANDA, and by all National Banks which are depositaries of public money, and ALL RESPECTABLE BANKS and BANKERS throughout the country will give further information and afford every facility to subscribers.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple proparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofiauds German Bittefs, prepared by Dr. O. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottless of these Bitters, at the beginning of the present year, was followed by ovident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.

From the Rev. Jos. II, Kennard, Paster of the 10th Baptist Church. Dr. Jackson: —Dear Sir:—I have been frequently request ed to connect my name with commendations of different kinds of medicines but regarding the practice as outlof my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, for general debility of the system and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above cause. Yours, very respectfully, J. H. KENNARD,

From Rev. Warren Randolph, Pastor of the Baptist Church, Germantown, Penn. Dr. C. M. Jackson;—Dear Sir:—Personal experience ena-bles molto say that I regard the German Bitters prepared by you as a most excellent medicine. In cases of severe cold and general debility I have been greatly benefitted by the use of the Bitters, and doubt not they will produce similar effects on others. Yours, truly, WARREN RANDOLPH,

From Roy, J. H. Turner, Pastor of Hedding M. E. Church,
Philadelphia.

Dr. Jackson; — Dear Sir: — Having used your German Bitters in my family frequently, I am prepared to say that it has been of great service. I believe that in most cases of general debility of the system it is the safest and most valuable remedy of which I have any knowledge,
Yours, respectfully, J. H. TURNER,

From the Rov. J. M. Lyons, formerly Pastor of the Columbus (N. J.) and Milestown (Pa.) Baptist Churches.

New Rochelle, N. X.

Dr. C. M. Jackson; — Dear Sir; — I feel it a pleasure thus, of my own accord, to bear testimony to the excellence of the Gorman Bitters. Some years since being much efficied with Dyspersia, I used them with very beneficial results. I have often recommended them to persons enfectled by that tormenting disease, and have heard from them the most flattering tostimonials as to their great value. In cargis of general debility, I believe it to be a tonic that cannot be surpassed.
