ON WHICH SIT

"A men is known by the con " ny he keeps," the old adage says, and truth : I levery loyal man can tell for himself, whe for he is on the right or wrong side, by ascrittaing the political company ho keeps. Who, to the men.with whom you associate? Digy: train with Diz and Dickinson Butler and Lingh, Sheridan and Sherman, Grant and First, at, Everett and Bryant? Or with Vallandi , maand Long, Ben Wood and Harrie, Vooris and Dodd, or Pendleton and Jeff Davis ?

Look at your political comparis ions-who are they? where you with the new into are who are son at the corners and in deep ies, who make the back slums and the villate into of vice echo with cheers for McClellan? For the notoriously disloyal men of the coust, 'on your side? Do the skulkers and descriptor' regather with you? Then rest assured vac. i on the wrong side. Loyal and disloyal men amout honestly and honorably associate toget ir, nor can they both vote the same ticket with, in same conviction." One of the two is sure to the cheated, and the disloyal men are too sharp it be taken in. They know who and what the fore voting for; and any loyal man, who roles th them is but their dupe.

THE REBELS AND THEIR ALLIES .-The Charleston S. C. Courses in speaking of the fall of Atlanta, indulgan and the following instructive reflections relate a to the connection between Southern reper el and Northern politics :

"Our. success in battle, r. res the success of McClellan. Our failure it inevitably lead to his defeat. It is the to tries that have crowned our arms since thin y ar began, that have given existence, streng and harmony to that organization, which is arrayed itself with firm, defiant front again if the despot. and his minions.

"That heavy reverse means at the infancy of that organization. It las now been but started in its carcer. It has not had time to mature its plays and to deal in and augment its actual strength. We all ware that that party, no matter how meps yous, harmonious and powerful, engages inith contest with the party in power under man und grave disadvantages. Even if the can juign under Grant and Sherman come to grift hore the end of the present month, it is a hemely doubtful whether Lincoln, ** will i hefeat his rival, and replace himself in the risidential chair. It is highly probable he at , he able to retain the power he now wields, ent if we are altogether victorious ; there is in f ground for hope that the opposition will fur ed if our armies are visited with defeat,

" Contemplating the Will of Atlanta from this point of view, we are filled to consider it a disaster of great many use." What do the Union and War Demograte, who still cling to McCleke, think of this?-

Ladies, take Particular Notice. THE REAL VELPAU FEMALE PILL. [WARRANTED FRENCH]

THESE PILLS, so celebrated many irregularities, and afterward so notorious for their criminal employment in the practice of aborfion, are now offered for sale for the first time in America. They have been kept in comparitive observity from the fact that the comparative obscurity from the fact that the originator, Dr. Velpau, is a physician in Paris of great wealth and strict conscientious prin-kiples, and has withheld them from general Ciples, and lias withheid them from general use, lest they should be employed for unlawful purposes. In overcoming Female Obstructions, Falling of the Womb, Whites, Green Sick-ness, Suppression, Retention, or Immoderate Flow of the Monthly Discharges, they seem to be truly omnipotent, bursting open the Sand arts from whotever cause may have flood-gates from whatever cause may have stopped them; but they are offered to the pub-lic only for legitimate uses, and all agents are forbidden to sell them when it is understood that the object is unlawful. Married ladies should never take them when there is any reason to believe themselves pregnant, for they will be sure to produce a miccarriage. These pills are entirely safe under all cir-

cumstances, being composed entirely of sub-stances from the vegetable kingdom. Each box has the coat of arms for the City

This popular preparation contains no mineral of any kind, no deadly botanical element; no fary accitant; but it is a combination of the estracts of rare balsamic herts and plauts, with the purest and mildest of all diffusive atimulants. It is well to be forearmed against disease, and, so far as the human system can be protected by human mean sagainst maladies engendered by an unwholesome atmosphere, im-pure water, and other external causes, HOSTETTER'S BIT-TERS may be relied on as a safegnard. In districts infested with *Ferr and Ague*, it has been found infallible as a preventive, and irresistible as a remedy, and thousands who resort to it under apprehension of an at-tack, escape the sconrge; and thousands who neglect to avail themselves of its preductive qualities in advance, are gured by a very brief course of this marvelons medicine.— Fever and Ague patients, siter being phed with quinine for months it vain, until fairly saturated with that dangerous alkaloid, are *not unfrequently restored to health within a* few days by the use of HOSTETTER'S BITTERS. The weak etomach is rapidly invigorated and the appetite restored by this agreeable tonc; and hence it works won-ders in cases of DISPERSIA end in less confirmed forms of INDUSTION. Acting as a gentle and painless apperient. as well as upon the hure, it also invariably relieves the Coxstr Atros superinduced by irregular action of the digestive and sectrive organs. Persons of feeble habit, liable to Nyrrpus Atlacks, Lowhaving added one new Roll Machine, will enable bin to dispatch and accommodate people from a distance. THE Insurance Company of North America har, appointed the undersigned an agent for Tioga County and vicinity. As the high character and standing of this Compa-

well as upon the liver, it also invariably relieves the Corsti-PATION superInduced by irregular action of the digestive and secterity organs. Persons of feeble habit, liable to Nervise Atlacks, Low-ness of Spirits and Fits of Languor find prompt and per-mament relief from the Bitters. Therestimony on this point is most conclusive, and from both sexes. The agony of Bittors' Conc is immediately assunged by a single dose of the stimulant, and by occasionally resorting to it, the return of the complaint may be prevented. As a general tonic, HOSTETTER's BITTERS produce ef-fects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weak-mess, Premature Decay, and Debility and Decrepitude ari-ing from old age, it exercises the electric influence. In the convalescent stages of all disenses, it operates as a delightful Invigorant. When the powers of nature are relaxed, it op-erates to re-enforce and re-enablish them. Last, but not least, it is Th- Only Safe Stimulant, being manufactured from sound and inochous materials, and en-ticely free from the acid elements present more or less in all the ordinary tonic and stomachies of the day No family medicine has been so universally, and. it may be truly added, descredly popular with hte intelligent por-tion of the community, at HOSTETTIER'S BITTERS.
