#### The Richmond Enquirer on the Presidential Election.

On the Tuesday next after the 1 rst Monday in November, which will be the 8th of that month, an election for President will be held in the United States. At present all the indication that usually precede such elections, point to the election of Mr. Lincoln. The Pennsylvania election which took place on Tuceday last, the 11th of the month, have not yet been heard from. For twenty years as the October elections in Pennsylvania have tone, so has the Presidential election. If the present state of affairs has not entirely disdeant ered parties, we may in a day or so hear fre m. hat election and be able to form an opinion as to the result in November.

Events must take place between now and the-Presidential election which will greatly affect the result. Pennsylvania may have gone for the Republicans on last Tuesda; by an over-whelming majority, and yet a disaster to the Federal armies in Georgia and Lirginia, would change the aspect of affairs in the United States so completely as to utterly defeat Lincoln.

The uncertainty which hangs over the fate of Sherman has not been permitted to be known to the people of the United State; the authorities at Washington keep from the public the fact that Sherman is shut up it Atlanta, with an army between him and Chat Lacoga. They publish bulletins to show that I brest has broken the telegraph and railroade kind prevented dispatches from Atlanta from a ling received; they relieve public anxiety by war gazettes from Stanton, that Thomas and Morgan and Rosseau have cornered Forrest and driven him off: that the telegraph would be repaired to Alatoona that evening; that Sterman was believed about to inflict some ter ble blow upon Hood. All such stuff is mere & distling to keep their courage up-the Washing on authorities, are waiting for something to the up that may help them out. Should the escut situation in Georgia become more crit nl, and greater disasters befall Sherman that those reported already in Richmond, should Seridan be withdrawn from the valley by the necessities of Grant, should Grant assault at be repulsed at Richmond—any or all of the disasters are possible—the result of the Pres Unital Election would place McClellan in the ? hite House.

# A Fact for Patricts to Ponder.

It is now fixed beyond all contradiction that the money which the Copper and State Committee disbursed during the courses for the lote election, came through August Belmont, as a contribution from the prince, aristocracies, and speculators in Europe, we have so long been plotting the overthrow fied extinction of civil and religious liberty in the United States. The fact is well established, fat Mr. Belmont sent one check for \$100,000 to the city of Philadelphia, while his agents in the counties bordering on the New York State (1), were busy distributing money to corrupt the masses wherever that means was deemed necessi of to carry a candidate. The money used by the Copperhead leaders in the late campaign a Pennsylvania, was originally intended for dif farsement in the South, to support the rebel as is, but was attracted from that purpose in the hope that its expenditure in Pennsylvania i hald effect more important objects for the fixign holders of Confederate securi ics, by secting a political triumph for the treason syn athizers in the

These facts should at once as ruse the spirit of every freeman in the State of vennsylvania, to meet the further attempts of Ar. Belmont, as the agent of Foreign Broke to secure the corruption of the people of the North, in order that political victories my be won favorable to the cause of treason in he South. The game being thus uncovered, the Union men of the State know exactly what; i do to counteract the influence of foreign go I in the American ballot-box. Failing in the South to uphold the rebel cause—failing on the ocean to secure the sway of rebel pirates; failed in a fair fight to overwhelm the freemen of the Union, battling far the safety of the Go ernment-these miserable foes of the Union have also failed in the attempt to control and ec rupt the balletbox. It will require but one more effort, and we will have conquered our extenies alike all over the world.—The Dial.

THEY GIVE UP THE CONFEST. The New York Herald, which has been intensely Democratic for several days past, is aid yesterday: "The returns of the Maine e extion show that, as in Vermont, instead of long ground, the Republicans have gained sourithing on their heavy majority of seventeen, thousand of last year. If the rule of '63 is that to be followed out in all the States yet to some, the Democracy will have nothing to iffear by except New Jersey." And the same paper, while strepnously advocating the cause of Endleton, adds these eignificant words: "The obnoxious Copperhead affiliations of the Den biracy since Governor Sermour's election have to seriously crip-

pled the party among the people that, under the most fortunate circumstances that can be ooked for, it will be a dificult task for General McClellan to rebuild the Democratic art in season for the November flind, interrupt as the rains of forty days, and forty nights have already set in." alrendy set in."

Will some of our high toned Conservatives condescend to crack this nut :- The Chicago platform asserts that the object for which this war was commenced his been perverted. Instead of a war for the Union, it has become [we are told] a war for Abolition. Gen. Mc-Ciellan hints at the same thing in his letter; and Democrats everywhere lay it down as an incontrovertible fact. From this stand-point President Lincoln is denounced as a usurper of power, and as being guilty of a shameful and viblent disregard of the Constitution. He is accused of making his own despotic will the supreme law of the land. Now, then if it is unconstitutional to harm the enemies of our country by abolishing slavery and confiscating their property, how much more unconstitutional is it to harm them by taking away what is even more sacred and valuable their lives! Does not the Constitution protect lives as well as property? II MAL HUEL AH

HOSTETTER'S **CELEBRATED** 

# STOMACH BITTERS.

A Pure and Powerful Tonic, Corrective and Alterative, of Wonderful Efficacy, in Diseases of the

STOMACH, LIVER AND BOWELS; Cures Dyspepsia, Liver Complaint, Headache, General Debility, Nervousnass, Depression of Spirits, Constipation, Colic, Intermittent Ferers. Cramps and Spasms, and all Complaints of either Sex arising from Bodily Weakness, whether inherent in the system or produced by Spasms. duced by Special

Causes.

Norming that is not wholesome, genial and restorative in its nature, enters into the composition of HOSTETTER'S STOMACH BITTERS. This popular preparation contains no mineral of any kind, no deadly botanical element; no flery excitant; but it is a combination of the extracts of rare balsamic herbs and plants, with the purest and mildest of all diffusive stimulants.

It is well to be forearmed against disease, and, so far as the human system can be protected by human means against mahadies engendered by an unwholesome atmosphere, impure water, and other external causes, HOSTETTER'S BITTERS may be relied on as a safeguard.

In districts infested with Feter and Ague, it has been found infallible as a preventive, and irresistible as a remedy, and thousands who resort to it under apprehension of an attack, escape the scourge; and thousands who neglect to avail themselves of its productive qualities in advance, are cured by a very brief course of this marvelous medicine.—

Fover and Ague patients, after being plied with quinine for months in vain, until fairly saturated with that dangerous alkaloid, are not unfrequently restored to health within a few days by tho use of HOSTETTER'S BITTERS.

The weak stomach is rapidly invigorated and the appetite restored by this agreeable tonic; and hence it works wonders in cases of Dyspersia end in less confirmed forms of Indiensition. Acting as a gentle and painless apperient, as well as upon the liver, it also invariably relieves the Constitution of the digestive and secretife organs.

Persons of feeble habit, liable to Normous Atlacks, Low-

well as upon the liver, it also invariably relieves the Constitation of the digestive and secretive organs.

Persons of feelle habit, liable to Nrevus Attacks, Lowness of Spirits and Fits of Languor' find prompt and per manent relief from the Bitters. The testimony on this point is most conclusive, and from both sexes.

The agony of Binots' Coile is immediately assuaged by a single dose of the stimulant, and by occasionally resorting to it, the return of the complaint may be prevented.

As a general tonic, HOSTETTER'S BITTERS, produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Premature Decay, and bebuilty and Decreptude arising from old ages, it exercises the electric influence. In the convalescent stages of all diseases, it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re-enforce and re-establish them.

Last, but not least, it is The Only Sufe Simulant, being manufactured from sound and inocuous materials, and enticly free from the acid elements present more or less mall the ordinary tonics and stomachics of the day

No family medicine has been so universally, and, it may be truly added, deservedly popular with his intelligent portion of the community, as HOSTETTER'S BITTER'S.
