NOTICE TO TEACHERS.-The Directors of Del-mar School District will meet at the Better mar School District will meet at the Butler School House, Stony Fork, on Sâturday, the 19th day of Nov. next, at 9 o'clock A. M., to hire Teachers for the winter schools in said district. Teachers will please to have their certificates with them. By order of the Board of Directors,

Delmar, Nov. 2, 1884. ISBAEL STONE, Sec.

ESTRAY.-Strayed from the premises of the sub-scriber, in Delmar. on or about the 1st of Oct. ult, a RED YEARLING

THE SECRETARY OF THE TREASURY gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from August 15, 1864, with semi-annual interest at the rate of 7-316ths per cent. per annum,--principal and

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect, They will be issued in denominations of \$50. \$100, \$500, \$1.000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dol-

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepar-

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit. Parties depositing \$25,000 or upward for these notes at any one time will be allowed a commission of one-quarter of one per cent., which will be paid by the Treasury Department upon receipt of bill for the amount, certified to by the officer with whom the deposit was made. ¡No deductions for commissions must be made from deposits.

Special Advantages of this Loan It is a National Savings Bank, offering a higher rate of interest than any other, and the Lest security. Any Savings Bank which pays its depositors in U. S. Notes. considers that it is paying in the best circulating medium of the country, and it cannot pay in any thing better, for its own assets are either in government securities or in notes or bonds payable in gov. ernment paper.

It is equally convenient as a permanent or tempo rary investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discounts.

Convertible into a 6 per cent 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the curaent rate for 5-20 Bonds is not less than nine per cent premium, and before the war the premium on United States stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent per annum. **Exempt** from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special Act of Congress exempts all Tréasury notes and bonds from local taxation. On the average, this exemption is worth about two per cent. per an num; according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great induce ments to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States. While the government offers the mest liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the original certificate the denomination of notes required, and whether they are to be issued in blank or payable to order. When so endorsed it must be left with the offeer receiving the deposit, to be forwarded to the Treasury Department.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the FIRST NATIONAL BANK OF TOWANDA, and by all National Banks which are depositaries of public money, and ALL RESPECTABLE BANKS | We will allow the public to judge of their success. and BANKERS throughout the country will give further information and afford every facility to subscri-
