A shocking accident occurred on Friday noon at the upper railroad bridge, by which two men were killed. They were coming across the bridge upon the upper track, as the Switch Engine overtook them which was backing hown with some crippled cars, and therefor hey were not discovered, and did not notice be approaching danger. One man named Timothy Carey was struck and fell through to the ice below. The other, John Sally, was knocked against the side of the bridge and so bally in-Jured that he died within a few minutes after being carried home, which was a short time after the accident. These men were solver, industrious and worthy citizens. Mr. Sally left a wife and family. #### FROM THE SOLDIER BOYS.

BATTERY "A," IST PA. LIGHT ART'Y, Seven miles from Richmond, Feb. 2d, '65. FRIEND COBB-As I have the pleasure of dropping you a few lines I will try and give you a little sketch of the late doings around

Know ye all men by these travels and rambles through this world that on the 25th of Dec., there was a Jonny Reb made his appearance in the Union lines, and as soon as he got over our breast works he jumped up and said "By - I am a man again!" and then he was taken by a detachment of colored troops and marched to headquarters of the 24th A. C., and of coruse as all prisoners are lodged in the guard house with a number of others of the same stamp which is called "Desertion," and they all say they prefer desertion before starving. They say their cause is hopeless, and they never can whip the Yankees in the

world. We are under orders to be ready to march at a moment's notice with three days rations in go when called on, for I want to see the thing ended and then return to my friends in the little village of Mansfield. I am a veteran. I re-enlisted one year ago the 28th of last December, and I don't think I shall have to stay my time out for the noble Yankees-will eat up the South before my three years is out and make sausage meat of old Jeff. Davis. As I have been in the saddle all day, and it

is now one o'clock at night will close. Yours, truly, ED.

5тн А. С., Feb. 10, 1865. FRIEND COBB-Having a few spare moments I will endeavor to entertain you by informing you of the move of the Army, The 5th, 6th, 2d and 9th Corps were on the move at daylight Sunday A. M., 5th linst., were across Hatches Run at 10 a. M., met the enemy and were fighting at noon. They fought all the afternoon and into the evening. Our men first drove the Rebs and then the Rebs drove our men, but they were soon back in the old place again. Our line has advanced about four miles on our left. The country is a perfect wilderness where the boys now are. The 6th Corps by mistake fired into the 5th, killing and wounding some of their own men, but not very many. Loss of killed in 3d brigade is, officers 1, privates 4; wounded. officers 5, privates 49; missing, 40. Marcus Cline of Tioga was wounded. Our men are putting up forts and rifle pits, and I understand that the 23d Army Corps will relieve our men out front and let them come back to

the boys have to suffer a great deal, but they people, in and around Wellsborough and vicinity, do not grumble or find half so much fault as KNOW WHERE TO GO TO BUY GOOD GOODS some of the folks at home did when I was up on furlough. I should not be surprised if cour men would try to take the South Side railroad. There are a great many rumors affoat but I will wait for more correct information.

From Charles P. Gage, Esq. of the widely-known Gage, Murray & Co., nanujacturers of enamelled papers in Nashua. A. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it distigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took jour Sarsaparitta. It immediately made my face worse, as you told me it might for a time, but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your Sarsaparitta."

"Our only child, about three years of age, was attacked by pimples on his forchead. They rapidly spread until they formed a loathsome and virulent sore, which covered fins face, and actually blinded his eyes for some days. A skilful physician applied nutrate of silver and other remedics, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tree every thing else we had any hope from, we began giving your Sarsaparkilla, and applying the iodide of potash lotion, as you direct.
