We had hoped to give the names of the drafted men to our readers this week, but up to the time of going to press no list of the lucky fellows had come to hand.

Twenty Months in Rebel Prisons.

Mr. A. D. RICHARDSON, correspondent of the New York Tribune will deliver a Lecture in the Court House, at Wellsboro, on Monday evening, March 6th, and at Tioga, on Tuesday evening, March 7th, at the Methodist Church, detailing his sufferings and experiences in the life out Southern Bastilles. Admittance, 25 cents.

Mr. Richardson was taken prisoner in attempting to run the batteries at Vicksburg during the siege of that city, and up to the present time has been incarcerated in different Rebel Prisons. It will be specially interesting to those who have friends or acquaintances there at the present time.

The Rev. T. B. Hudson and Lady return their sincere thanks to the friends of Wellsboro and vicinity for the surprise visit and liberal donation on the 16th ult., at their residence in Mansfield.

A CARD.—The trustees, teachers and pupils of the Mansfield State Normal School, take this opportunity of tendering to the Hon. T. Dyer, of Covington, their sincere and heartfelt thanks for the valuable collection of Geologic specimens presented to this institution.

STATE NORMAL SCHOOL, Mansfield.

HANDSOME COMPLIMENT.—The patients and officers of ward 1, Finley Hospital, Washington, made their surgeon, Dr. Wm. B. Rice, of this county, a handsome present on the occasion of his retiring from duty in that ward. The present consisted of a beautiful case of operating instruments, costing upward of fifty dollars. It was a testimonial to be proud of, and may be considered a strong expression of the esteem which his fidelity, kindness and skill won for him. Dr. Rice took with him the respect of the medical staff of the hospital, as well as that of his patients. It gives us pleasure to record this decided triumph of a Tioga man.

MANSFIELD STATE NORMAL SCHOOL.—The third and last term of the school year of this institution commences on Monday, the 13th of March. The attendance so far, during the year has been greater than ever before. Everything appears to be in a prosperous condition, from all quarters we hear the most favorable accounts of the school. Some forty of Prof. Allen's former pupils from Chester and Delaware counties and from Philadelphia have been in attendance during the year. We begin to feel now that we have a Normal School in our county: one worthy of, and deserving the patronage of our citizens. The great question now is, room for pupils.

ODDITY for March has just been received. It will maintain its old position as the "Ladies' magazine." It is full of the usual amount of fashion gossip with illustrated plates and designs. The stories will fully meet the expectations of its numerous readers.

REBEL PRISONERS.—We understand, says the Elmira Advertiser, that about two thousand and five hundred rebel prisoners have signed their wish to take the oath of allegiance, providing that Government will release them from confinement.

NORRISTOWN SEMI-WEEKLY HERALD.—The enterprising publishers of the "Norristown Herald and Free Press," have commenced the issue of a semi-weekly edition of their paper. It will be published every Tuesday and Saturday, at \$4 a year. The Herald has been much improved lately, and now ranks among the first of its class of papers.

NEW COUNTERFEIT.—A new counterfeit United States treasury note, of the denomination of five dollars is now afloat. It is poorly executed, the engravings being quite coarse and rough in appearance. The goddess of Liberty on the left hand end of the note, and the ground around the figure 5 on the upper right hand corner, are very poorly engraved. The green on the back is of an indifferent shade and unlike the genuine.

FROM THE SOLDIER BOYS.

CAMP 2d PA. CAVALRY, Feb. 6, 1865.
FELIX COBE.—Thinking that the friends and relatives of the members of Company L, 2d Pa. Cavalry would be anxious to hear from them I send a few extracts from my diary.
On Saturday evening last, Major General Gregg issued orders to his command in accordance with other orders from headquarters of the Army of the Potomac to move at three o'clock on the following (Sunday) morning.
At the appointed time we left camp, the 2d brigade, brevet Brigadier General Gregg, commanding had the advance, moving on the Jerusalem plank road and followed by the rest of the command. By a circuitous route we proceeded to Reams' Station, reaching there about the break of day. Leaving Reams' Station, we next moved direct for Dinwiddie Court House. On arriving before Rowanty Creek, we encountered General W. H. F. Lee's division of rebel cavalry dismounted and posted behind breast works on the opposite side of the stream. The fortified position held by the enemy enabled him to command the bridge over the creek where a sharp fight ensued, the 13th Pa. moving to dislodge them, General Gregg ordered the first battalion of the 2d Pa. Cavalry commanded by Captain R. B. Ferry, to charge the

the bridge, when, followed the most gallant and daring charge made during the war. The battalion with drawn sabres dashed up to the bridge and finding the plank removed from the centre two men were ordered to dismount and replace them, when Captain R. B. Ferry not waiting for them to be replaced, leaped his horse over an open space of several feet, shouted to his command to follow, waving his heavy sabre dashed furiously on the foe followed by his battalion with such force and rapidity that the rebels could not stand but broke and fled leaving their dead and wounded in our hands. We captured about fifty prisoners, several army wagons, mules, &c. The casualties of Co. L, were: James Howland, killed; Corporal Erasmus Chaple, wounded in the arm, Nelson Labar, in the arm; Adelbert Soley, taken prisoner.

Company L, 2d Penn's Cavalry was first organized and commanded by Capt. R. T. Wood, and next by Capt. C. R. Taylor, who gained a reputation for the Company, second to none in the brigade, and which is not likely, to be tarnished by the present commander, Capt. R. B. Ferry, who has the entire confidence of his brave Company, and who was formerly a private of the Company.

FIGHTING JOE.

Festival at Osceola.

The anniversary of the natal day of "The Father of his country," awakens more than usual interest in the minds of every patriot, in view of the present conflict of principles—of wrong against right—in the land of Washington. This interest concentrating in the minds of the ladies composing the auxiliary of the U. S. Christian Commission of Osceola, it was deemed appropriate to honor the memory of the great soldier, by calling together the friends of those who are following in his footsteps, in defence of all that is dear to us as a free people.

Such was the assemblage convened at the High School Chapel, on the evening of the 22d ult. The meeting was called to order by Prof. Stone, and the Rev. Mr. Emdar was invited to invoke the divine blessing. This was followed by an address from the Rev. Mr. Graves. It was then announced that the supper, provided by the ladies of the association, was ready. This announcement received a hearty response from the company, who at once made an assault upon the ample arrangements of the committee. The latter had evidently done all in their power to meet the expected attack, yet in a short time their works presented a scattered and fragmentary appearance, and with a grace worthy of their cause, they yielded to superior numbers. The attacking party then retired to their former position, and the evening was passed in a very social and agreeable manner, with manifestations of warm hearts, and earnest wishes of relief for our wounded and suffering soldiers.

The amount realized on this occasion was over one hundred dollars. This, no doubt, would have been considerably augmented, but for the efforts now being made to raise our quota.

Thus, while many hearts and vigorous hands are moving our fathers, and brothers, and sons, to deeds of noble daring, against a high-handed and wicked rebellion, they are cheered and kindled and sustained by the sweet voices and kind words, the loving hearts and ardent prayers of mothers, and sisters, and daughters, who stand ready to hail them victors, over the last foe to God and humanity in our land.

Swiftly mourned when Freedom's banner,
Furled its stars at traitor's nod;
Patriots trembled, lest in vengeance
We should feel the chastening rod;
Though we mourned for thousands slain,
God and Freedom yet shall reign.
Hark! the rebel hordes are moving!
Their shout is not the shout of freedom,
But of vassals hating day;
Let them onward in their madness;
Swiftly comes their hour of sadness.
Again our banner waves o'er Sumner,
With its stripes and stars unfurled,
Tears of joy and gladness,
Type of freedom to the world;
Prepare the song of joyful glee,
Columbia lives! we still are free!

NO. 1, UNION BLOCK, Wellsboro, Nov. 1, 1864. JOHN R. BOWEN.

The peculiar taint or infection which we call Scrofula lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder.

Scrofula, the Scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The disease it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla is compounded from the most effectual antidotes which medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blisters and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous circulation, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of Ayer's Sarsaparilla, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trials, and no remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL, The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.
