Adm's Notice—E. B. Campbell, Adm'r.

Auditor's Notice—Henry Sherwood, Auditor.
Farm for Sale—Alfred T. James.
Selling off at Cost—Nast & Auerbach.
To the Farmers of Delmar and Charlestown—C. L. Wilcox.
150 Bushels of Seed Potatoes for Sale—H. Tipple.

The Delmar drafted men only re-ceived Troy on their way to report at Williamsport. They will now report in April, as will appear by referring to the order of the Provost Marshal.

We are obliged to print a half sheet this week, owing to the fact that the stock caught our stock of paper at Tioga. At one time it appeared probable that no paper could be issued. As it is, we go to press without much news save of the big flood. No mails from the outside world have reached us since last Thursday.

To Correspondents.—Several communications from "the soldier boys" have come to hand, but so long after their date as to render their publication useless. Some are dated back in January, and none later than the 20th of February. The mails seem to be very uncertain. We are always glad to hear from our army correspondents, but cannot always publish their letters because of their failure to reach us in time.

Notice to Drafted Men.

OFFICE PROVOST MARSHAL, 18th Dist. Pa., WILLIAMSPORT, March 17, 1865.
Instead of the dates indicated in their several notices, the Drafted Men of the following Sub Districts will report as follows:

- April 14—Delmar, Union, Ward, Richmond and Covington.
- April 15—Knoxville, Covington—Buro, Bloss, Middlebury and Elkland.
- April 18—Tiogaboro, Mainburg, Tioga, Oseola, Deerfield and Rutland.
- April 19—Brookfield, Chatham and Westfield.
- April 20—Glymer, Gaines, Elk, Nelson, Morris and Jackson.
- April 21—Lawrence, Lawrenceville, Elipson, Farmington and Sullivan.

The above extension is made necessary by the interruption of Railroad communication caused by the recent flood. The remaining Sub Districts will report as heretofore directed.

Furloughs heretofore granted are extended to April 4th, 1865, for the same reason.

COUNTY PRISONS, &c.—A letter to Governor Curtin, neatly printed in pamphlet form, from the "Philadelphia Society for alleviating the miseries of Public Prisons," has been placed in our hands. It is an exceedingly interesting document, and displays a familiar knowledge of the subjects discussed. The agents of this society have visited every county in the State during the past year. One paragraph of the letter might be taken as slightly personal to Tioga County. We quote:

"The prison has four apartments for the Sheriff and his family. The external appearance is neat, being of brick; ornate mentally designed. The cells are two stories high, built of blocks of sandstone twenty inches square, which give the appearance of great strength. The cells back to each other, having strong iron doors and locks, and one apched with a four inch arch, through which a woman could easily work her way with only a tenpenny nail. Several of the cells have yet open the man-holes which the prisoners broke, and through which they escaped, and these afford the principal ventilation."

This sketch must be taken as remarkable coincidence, or as personal to our jail.

A HORSE THEFT SHOT.—A shooting affray took place between the Bradford House and the Depot on Wednesday week, about 7 o'clock P. M., between Wm. Braine, a Constable from Canton, and a Daniel Chaple, hailing from Chenango Co., N. Y., who had stolen a pair of horses in the vicinity of Canton. The thief had been tracked to this place, and discovered making his way to the train, which was then standing at the depot. Officer Braine approached him and informed him he had a warrant for him, whereupon Chaple sent him to the earth by a stunning blow, and started off at a smart pace. Braine told him to stop, at the same time leveling his revolver at him, and Chaple continuing to run, he fired on him three times. One shot took effect in the thigh, and another shattered the bones in one of his arms badly, thus putting an end to his flight. He was then taken to the Bradford House, where his wounds were dressed by Dr. A. K. Azzell, and then removed into Wyoming County.—Troy Times.

THE FLOOD.—The "oldest inhabitant" will find some difficulty in calling to mind so destructive a flood as that of Thursday and Thursday night, 16th instant. The day had been warm and lowering, and the snow disappeared briskly. Up to six o'clock P. M., however, the channels of the little streams running on either side of the village proved sufficient for the volume of water. But at 6 P. M. a copious rain set in, and continued with little abatement until 10 o'clock.

Early in the evening the creek on the east side of town overflowed on Pearl Street and poured through Wain into Main Street, down which it flowed with a strong current, doing much damage to the roadway. The families living in Roy's buildings on Pearl Street had to be removed, the flood at one time threatening to undermine the building. Luckily the buildings were not damaged. The chief damage done is to the bridges, nearly all of which, in and around the town, are rendered difficult of passage if not destroyed. To give some idea of the force of the current we may mention that a lot of heavy polish kettles near the foundry, were carried on to the premises of Mr. Wm. Roberts, while logs and beams, and

boxes deposited their bulk in various out-of-the-way places.

The chief private damage was to the gardens and lots adjacent to the creeks. The creek at the upper end of the town made a bad break through the garden of Mr. W. Harrison, damaging him to the extent of several hundred dollars, probably. Mr. Roy's damage will be considerable. Mr. John Dickinson, a mile below town, has suffered heavily in damage to his mill-seat and from flood-water.

The flood has caused an almost universal suspension of travel. The various stages had to lie-up for several days, and no mails were received on Friday, and Saturday.

The chief damage would seem to have been sustained on the Tioga River, and on Pine Creek. At present writing it is feared that the loss of lumber on the latter stream will be immense. Every bridge on the Tioga river, save Berry's Bridge, is said to have been carried away. The water is reported to have been two or more feet in depth in the streets in Tioga. If this be true it is to be feared that the village of Lawrenceville has suffered greatly. We have no news from the Cowanesque, but there is little doubt that the damage to the river farms is very heavy.

Since writing the foregoing, we have reliable news from Pine Creek somewhat unfavorable to the lumber trade. In the aggregate the loss is very heavy. The Messrs. Robinson, of this village, lose some 300,000 feet of extra pine lumber. Mr. J. R. Bowen loses some 250,000 or 300,000 feet of lumber in the log, and a quantity of shingles. Mr. Clark Wilcox loses, probably, 300,000 feet of lumber.—Mr. H. Stowell loses a large quantity of shingles and some lumber. The store of Mr. Stoddard, at Cedar Run, together with his safe, money, books and papers, was carried away. Several houses and barns on the creek were carried off. It is not possible, at present, to give a detailed statement of the loss sustained by lumbermen and farmers on the large streams. Later news from the north and east swells the record of destruction fearfully.—Cornwall and Elmira suffered heavily. Railroad travel is entirely suspended, owing to the destruction of the track and bridges. Still, rumor is not entirely reliable, and it is idle to compute the damage. It is said that the barracks occupied by the rebel prisoners at Elmira were submerged, and many were drowned before they could be removed. It is painfully evident that the loss of life on the great streams has been great. But until the excitement subsides we forbear giving tongue to the rumors.

HORRIBLE ACCIDENT.—The Pittsburg Gazette says:
"On Friday a German, named John Brenne-man, was accidentally killed while at work in the Clinton Mill, Monongahela Borough. It appears that one of the men employed about the mill had picked up a gun barrel which had been purchased with some old scrap iron, and filled it with water. Noticing that the water did not flow through the tube, he threw it down. A short time after he came back, picked it up, and thrust the breach of it into the furnace, for the purpose of heating it to light his cigar. It exploded almost instantly, the ball entering the head of the deceased, who was at the time engaged in piling iron a few feet from the furnace."

FINANCIAL.—The transfer by the Government of the management of the 7-30 loan from its own hands into those of Jay Cooke & Co., has proved a most judicious investment. The sales average over three millions per diem, and the receipts of each week show an increase over that of the previous one. It is probable from what we hear, that the treasury Department will confide to a still greater degree the interests of the Government into the same able hands. The National Currency issued during the week ending Feb. 18, amounted to \$3,112,680. Total circulation of National Banks, \$92,666,380.

ANOTHER WARNING.—We cautioned our readers a day or two since, says the Harrisburg Union, against the too common practice of burning bird wick low in the socket, for the purpose of either saving consumption of the fluid or moderating the light, stating the evil consequences that might result. We now have a late incident to relate—out of many that have fallen under our notice—which we hope will convince the most skeptical that not only health, but life is even endangered by burning the wick low in the socket. The Lansing "Journal" mentions the fact that a woman in that neighborhood was found dead in her bed, having died in consequence of the poisonous gas arising from a burning kerosene lamp, with the wick turned down, in her chamber. With the lamp properly trimmed, the wick at a proper height, the gas is consumed, and there is no danger, but when the wick is turned down too low the gas escapes and poisons the air.

TAX ON WHISKEY.—The President having signed the new revenue bill, the Commissioner of Internal Revenue is taking the necessary steps to collect the tax of two dollars a gallon "on all spirits that may be distilled and sold or distilled and removed for consumption or sale on and after January 1st, 1865." It will now behoove whiskey drinkers to reflect early and carefully before determining to pursue their vocation any longer. Soon they will see, starting at them in big black letters from behind the bars they frequent the melancholy announcement, "Whiskey 20 cts. per drink."

MARRIED.—In Mainburg, 12th instant, by R. K. Brundage, Esq., MR. ANDREW SQUIRES, and MISS LYDIA SMITH, both of Sullivan.

DIED.—In Charleston, on the 11th inst., JAMES, only son of James and Ann Jane Wilkinson, aged 13 years, 2 months and 14 days.
In Middlebury, on the 30th of Jan., 1865, of disease contracted while in the service of his country, WILLIAM SANDO, in the 22d year of his age.
The subject of the above notice enlisted in the 6th Reg't Pa. Reserves, at the commencement of this time he was in several battles and escaped unhurt. He returned home last fall honorably discharged. He was an only son and leaves his aged parents and five sisters to mourn his loss.

CLEAR THE TRACK!

THAT runs to O. BULLARD'S STORE means something!

Of course it does. It means that BULLARD'S NEW STOCK OF FALL & WINTER GOODS, are all the rage, and that about three square miles of people, in and around Wellborough and vicinity, KNOW WHERE TO GO TO BUY GOOD GOODS, AND BUY THEM CHEAP.

BULLARD defies competition in style, variety, quantity, quality and cheapness, of LADIES' DRESS GOODS, FANCY GOODS, LACES, TRIMMINGS, SHAWLS, HOSIERY, LINENS, CAMBRIC, BUTTONS, LADIES' GAITERS, SLIPPERS, GLOVES, and—why enumerate? He has everything in the line of goods that will be asked for. Come and see. And then—

I BUY TO SELL AGAIN, not "cheap as dirt," because good goods can't be sold for a song now-a-days; but as cheap as any like quality of goods can be sold in the country. Also,

BEAVER HATS, ALL STYLES AND MATERIAL.

The Grocery Department, comprises everything in that line, all good and a reasonable price. Drop in with the crowd. One Door above Roy's Drug Store. O. BULLARD. Wellboro, Nov. 1, 1863.

PETROLEUM! PETROLEUM!—Geologists and practical men unite in their belief and so report that the Discovery of Oil in Wellboro is near at hand.

But I would say to the people of TIOGA COUNTY & VICINITY, (before investing your Capital in Oil Stock) that I have recently purchased the Stock of Goods of M. Bullard, consisting of CLOTHING, BOOTS, SHOES, HATS, CAPS, &c., all at a great reduction from New York Jobbing Prices, and am bound to give to my customers the advantage of MY PURCHASE.

Being desirous of closing out the Clothing part of this Stock, I now offer the entire Stock AT COST FOR CASH HATS AND CAPS. I will almost give away, at all events, will sell them as cheap as I will hardly keep the difference.

Call soon and avail yourself of this RARE OPPORTUNITY. Remember the place, the Keystone Store, one door above Roy's Drug Store, G. P. GARD. Wellboro, Jan. 25, 1865-6.

NO. 1, UNION BLOCK. Wellboro, Nov. 1, 1864. JOHN R. BOWEN.

Ayer's Sarsaparilla. THE WOMAN'S GREAT FAVORITE. Scrofula and Scrofulous Diseases From Every Age, a well known merchant, as stated, "I have sold large quantities of your Sarsaparilla, but never yet one bottle, which failed of the desired effect, and full satisfaction to the patient. I wish to say to people that try your Sarsaparilla, it is a medicine that is not before in our community. Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin. From Rev. Robt. Stratton, H. D. D., H. D. D. "I only do my duty to you and the public when I add my testimony to that you have given me. I have had a case of your Sarsaparilla. My daughter, a poor girl, had an eruption of humor on her face, eyes, and hair, which we were unable to cure by any other means. Sarsaparilla she has been well for some months."

From Mrs. Jane E. Rowland, N. Y. "I have used your Sarsaparilla, and I am happy to say that it has cured my daughter of a very severe eruption, which was very troublesome. Nothing afforded any relief until we tried your Sarsaparilla, which soon completely cured her."

From Charles F. Case, Esq., of the City of New York, Murray & Co., manufacturers of quality goods, New York, N. Y. "I had for several years a very troublesome humor on my face, which grew constantly worse until it became a feature and became an intolerable affliction. I tried almost every thing a man could do to get rid of it, but without any relief whatever, until I took your Sarsaparilla. It immediately cured me, and I have never since had any return of it. In a few cases of new skin began to form under the blotches, and continued until my face is as smooth as when I was an infant without any symptoms of the disease that I was in a very poor health, and without a doubt due to your Sarsaparilla."

Erysipelas—General Debility—Purify the Blood. From Dr. Robt. Stratton, H. D. D., H. D. D. "Dr. AYER'S Sarsaparilla has cured me of Scrofula and Scrofulous Diseases.
