RETURNED CAPTIVES.—Lieut. James E. Collins, of the 45th P. V., who was captured at the explosion of the mine before Petersburg last summer, has returned on parole, and is now on a visit to his home in Delmar.

James and Joseph English, of the 45th P. V., for many months captive in rebeldom, have recently returned, and are now on a visit to their mother in Delmar. The boys bear the marks of hard treatment, and one of them is reported sick of fever.

We go to press with little to add to what we published last week concerning the flood. No local papers from the river towns have come to hand. We learn next to nothing about the flood on the Susquehanna above Northumberland from the city papers, whereas, it is above that place that the greatest destruction occurred. The telegraphic reports are general and vague.

Rev. E. D. Wells, writes us from Lawrenceville, in this county, that the Cowanesque was not so high by twelve inches, as three years ago. Still, the damage to land, lumber, and fences was great. The damage to the railroads had been repaired, chiefly, and trains have been running from Corning for two or three days. This gives us a mail from the outer world again, for which, thanks.

FROM THE HOSPITALS.—We are obliged to S. S. Rockwell, of Washington, for news from the boys in the hospitals in that city. He writes under date of March 20, as follows:

"I saw Thomas Skelton yesterday. He is much better. His arm is nearly healed above the elbow and now discharges near the elbow—a good symptom says the surgeon.

"Frank Kelley is doing well and getting fat. About twenty cases came in from City Point yesterday to Finley Hospital.

"Rees Morris is at Emory Hospital and doing well. He is wounded above the elbow of the right arm.

"A. A. Scudder, formerly Q. M. of the 6th Pa. Reserves, has returned from Rebeldom. Capt. Carle is at Annapolis.

"I have seen a great many rebel deserters since you left. They say that they are whipped, and that their leaders are d—d fools for keeping it up any longer."

PETROLEUM.—We are often inquired in relation to the condition and activity of the Wellsboro Petroleum Company. We learn that it is still in existence and preparing to go into operation as soon as necessary arrangements can be made. It is for the interest of the public that the experiment of sinking wells in favorable localities be tried without unnecessary delay. The stock ought to be subscribed and the percentage paid in, immediately, so that the officers of the Company may be able to enter upon these experiments. Personally we know little of the progress made. It ought to be considerable.

If we understand the object of the Company it is to develop the resources of the country, whether those resources be found to be coal, salt, or petroleum. There is little doubt entertained as to the presence of valuable salt springs in several localities. The indications of petroleum are said to be strong in the regions intended to be worked by the Company. It is for the benefit of every individual in the community that the objects of the association be carried out. If there are deposits of salt, oil, or coal, lying beneath our soil, they ought to be brought to the surface and made to contribute to the wealth and prosperity of the country. We trust that the company will get to work vigorously and without delay. A small contribution from each land owner will put the company in condition to test the theory of hidden riches.

The following little poem will, we are confident, be read with pleasure by all lovers of pen-pictures of untamed Nature. Many will recognize the author even though his name is withheld. [Ed.]

NEW-YEAR EVE ON OTTER RUN. [A. C. M.]

[Sale from the north-west—mercury 10° below 0.]
The winds are out in force to-night.
The clouds, in light and blue,
Are charging from the mountain tops
Across the overglades;
There is a fierceness in the air,
A dull, unearthly light,
The Frost King, in his whitest crown,
Rides on the storm to-night.
Far down the gorge of Otter Run
I hear the sullen roar
Of rilled snows, and pattering sleet,
Among the branches hoar;
The giant hemlocks wag their beards
Against the midnight sky,
The melancholy pine trees moan,
The cedars make reply;
The oaks and sugar maples toss
Their frozen arms in air,
The elm and beeches bow their heads,
And shrub as in despair,
Seem shield to-night, for flesh and blood
Is feather, hair, or fur,
From north to south, for many a league,
There is no life astir.
The gaudy jay, with painted crest
Has stowed his plumage away;
The ravening wolf forgets to howl,
The mountain cat to prey;
The deer has sought the laurel brake,
His form, the timid hare,
The shaggy bear is in his den,
The panther in his lair;
From east to west, from north to south,
For twenty miles around,
To-night no track shall find the shroud
That wraps the frozen ground.
I sit and listen to the storm
That roars and swells afloat—
Watching the fitful shadows sway
Upon the rustic roof—
And as I blow an idle cloud
To while the time away,
I croon an old-time ditty
In the minor key of A.

LATER WAR NEWS.—Just as we go to press official news of a brilliant victory before Petersburg reaches us by the New York Sunday papers. The rebels attacked our lines in force, but were repulsed with a loss of 3,000 killed and wounded and 2,700 prisoners. The fighting was done by the Ninth and Second Corps.

NEW STORE—NEW GOODS.—Mr. H. C. Parsons, of Corning, N. Y., has rented the Store in Roy's Building, and is now opening a large stock of Dry Goods, Boots & Shoes, &c., for the Spring trade. Mr. Parsons proposes to sell goods at greatly reduced prices, following the market "down to the bottom." Farmers and others will do well to drop in and price his stock.

Miss Pauline Smith has removed her Millinery Shop to the rooms lately occupied by Mrs. Sheffield, Main Street opposite Roy's Building. She desires to inform the public that she has just received new goods from the city which will be afforded at reasonable rates.

Mrs. Helen Sheffield has removed to the building lately occupied by Col. Hill, on Main Street, where she will be happy to see her old customers and as many new ones as may have need of Millinery goods.

THE PACIFIC MONTHLY Magazine for March proves to be a very interesting number indeed. We notice, among other things of interest and value several communications from distant parts written by consular and commercial agents of the Government. These are descriptive of the countries where they are written, and contain much statistical information of value to trade. If any one wishes to secure a periodical rich in information touching commerce, mining, as well as in well written miscellany, we commend the Pacific to their favorable consideration. See advertisement on 4th page for terms, &c.

SOLDIER'S AID SOCIETY.

The following is a list of articles sent to the Sanitary Commission by the Soldiers' Aid Society of Blossburg, Pa., March 2, 1885:

- 8 dressing gowns, 13 cotton shirts, 2 pair woolen drawers, 8 pillow cases, 13 linen towels, 3 linen armings, 1 sheet, 60 rolls bandages, 2 bundles old linen, 1 box lint, 4 cakes castile soap, 12 handkerchiefs, 5 pocket combs, 3 glass jars, 1 can pickles, 6 cans peaches, 4 cans tomatoes, 1 bottle tomato catsup, 1 package dried prunes, 1 package dried berries, miscellaneous reading.

By order of Society,
Mrs. JAMES H. GULICK, Pres't.

CARRIE WOODRUFF, Sec'y.

The Soldiers' Aid Society of Blossburg meets every Saturday afternoon at the "Literary Club" room, in the Seymour House. It is in a flourishing condition at present. The Aid Society acknowledge a donation of \$75, from the Blossburg "Dramatic Club," the net proceeds of their entertainments. We congratulate the "Dramatic Club" on their ability to win the approbation of the public. The "Club" deserve praise for making the Sanitary the object of the entertainments, and may they receive a hundred fold reward for their exertions in behalf of this good cause.

Our Committee have made large purchases of cloth, and we urgently "call for volunteers" to help make it up. Every woman, old or young, unless actually "disabled" will be "accepted." We trust we will not be obliged to resort to a "draft." "Stragglers" are not allowed in times like these; and "deserters" must expect the disgrace they merit. Humanity and patriotism should make us willing to tax our energies afresh. It is stated and proved by statistics of different armies that at least three times as many soldiers die of disease and from a want of proper care with respect to the wounded, as are killed by the enemy. In view of the coming Spring and Summer campaign, it is hoped that all good men and women who are not privileged to take a more active part, will contribute their mite for this cause. "Everything is needed: clothing of all kinds, delicacies of every description.

Come to the Soldiers' Aid, Mother, and wife, and maid."
Although the object of the Soldiers' Aid Society is to provide supplies for the comfort of the sick and wounded, it has another value, inasmuch that it serves the purpose in keeping alive love of the Union through healthy social contact and mutual exertion. We close with the prayer that has been breathed by many poor soldiers, "God bless the Sanitary."

GOLD AT 150 MEANS CHEAP GOODS.—I am selling all goods at their present value, regardless of cost, and intend to follow the market down to the bottom. I have now on hand and am receiving almost daily, Great Bargains in Dry Goods, Boots & Shoes. Cotton Goods, such as Prints, Shootings, Shirtings, Ticks, Denims, &c., have declined tremendously—from 50 to 100 percent. Dress goods, such as Delaines, Mohairs, Plaids, &c., nearly as much. Woolen Goods, such as Flannels, Pants, Cloths, &c., 25 to 50 percent. Such reductions make all goods cheap, and buyers will do well to take hold.

ROSE'S CHEAP CASH STORE, MANSFIELD, Tioga County, Pa., NEXT DOOR TO MANSFIELD HOTEL. Mansfield, January 11, 1885—1y.

THE INHERENT DISPOSITION OF MANKIND, LEADS HIM TO PURCHASE THE NECESSARIES, AS WELL AS THE LUXURIES OF LIFE, AT THE LOWEST POSSIBLE PRICES; AND SINCE, THE "Almighty Dollar" HAS BEEN STYLED THE SOUL OF MAN, IT TAKES BUT ORDINARY UNDERSTANDING TO COMPREHEND THE TRUE VALUE OF AN ESTABLISHMENT, THAT FURNISHES A COMMUNITY with a large variety of SEASONABLE MERCHANDIZE, AT UNIFORM LOW RATES.

When Perine & Co. located their establishment in Troy, it was for the express purpose of furnishing the public with goods at SUCH PRICES AS COULD NOT FAIL OF ATTRACTING PURCHASERS.

We will allow the public to judge of their success.

MR. E. P. PERINE, WHILE THANKING THE PUBLIC FOR PAST FAVORS, WOULD SAY, THAT NO EFFORT SHALL BE WANTING ON HIS PART, TO MERIT A CONTINUANCE OF SAID FAVOR.

HE NOW HAS A LARGE STOCK OF MERCHANDIZE FOR THE FALL AND WINTER TRADE, PROBABLY LARGER THAN CAN BE FOUND IN THIS OR ADJOINING COUNTIES, WHICH THE PUBLIC ARE INVITED TO EXAMINE AT SUCH PRICES AS CANNOT BE FOUND ELSEWHERE.

HE BUYS HIS GOODS FOR CASH, AND SELLS FOR CASH, AND THE CONSUMER GETS THE WORTH OF HIS MONEY. With quick Sales and light Profits, both Parties are enabled to realize the value of the NIMBLE SIXPENCE.

NO. 1, UNION BLOCK, Wellsboro, Nov. 1, 1884. JOHN R. BOWEN.

The peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, stunted state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action; and leaves the system to fall into disorder and decay. These scrofulous contaminations are variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing influence of cold, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children unto the third and fourth generation; indeed, it seems to be the rod of Ham who says, "I will visit the iniquities of the fathers upon their children." The disease originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tuberculosis, and finally Consumption; in the glands, swellings which suppurate and become necrotic sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. Those, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla is compounded from the most effectual antitoxics that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in Ayer's American Almanac, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of this disease. Purge out the foul corruption that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL, The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Practical and Analytical Chemists.

Sold by all druggists every where, and by Sold by J. A. Roy and P. R. Williams, Wellsboro; Dr. H. B. Borden, Tioga; S. S. Packard, Corning; C. V. Elliott, Mansfield; S. X. Billings, Gaines; and by Dealers everywhere. [Nov. 23, 1884—1y]
