Republican County Committee for 1865-6. A. M. SPENCER, Chairman, E. J. PURPLE, J. MITCHELL, S. S. PACKARD, HENRY CROFTON, GILLIS DARTT, EMMER BOWEN.

In our acknowledgment of the receipt of a photograph of the line officers of the 46th, we neglected to state that Mr. Downing has them on sale.

We are obliged to Mr. V. H. Baldwin for a basket of nice apples. Also to Mr. A. B. Wright, of Farmington, for some fine pears.

Dr. C. N. DARR, of this borough, has shown us a superb set of teeth manufactured by him, to order. The right of them almost reconciles one to a loss of teeth.

Tax Collectors.—The work goes bravely on in this county. Jacob's Well is down 24 feet—rock solid. The Oceola well is down 80 feet, through soapstone and blue slate. The Lucky Well is down 770 feet, with increasing prospects of petroleum. No report from the other wells.

CASE.—One David E. Baker, a fugitive from the Bath N. Y. jail, was arrested by Sheriff Taber on Fish Creek last Sunday, and lodged in jail. A requisition will probably relieve our jail of his presence soon. His crime is horsestealing.

FOOT.—Has just received another lot of those superb American watches, put up in HARPER'S best style. Policy is content with small profits and quick sales, and when he says an article is No. 1, you can depend upon it.

Tax Collectors.—The Gleec Club gave its record Concert at the M. E. Church Tuesday evening. It is a week before a fine audience. The programme was most excellently made up, and carried out to the left. The performance was fine, and reflected great credit upon all concerned.

We had a flying visit from Friend MACALANER, of the Potter Journal, one day last week. We are rejoiced to say that he bore outward evidence of prosperity and happiness, notwithstanding the fact that he is a gay and festive bachelor, and dwells in a provincial town.

FIRE PICTURES.—Mr. Wm. H. Hastings, of W. V. Mansport, has the agency for Lyeomg and Tioga counties for the sale of a series of splendid pictures of Washington, Martha Washington, Lincoln, Grant, Webster, Clay, and Douglas, lithographed in oil, gold and canvas. These portraits are faithful and artistic. We heartily commend them to lovers of fine pictures.

FIRE.—We learn that a barn belonging to Mr. J. BYLER, of Liberty, in this county, was destroyed by fire Monday night, 4th inst., together with about 10 tons of hay, 200 bushels of oats, and valuable farming utensils. It was a bank barn, 64x50 feet, and the loss cannot fall under \$3000. The fire was discovered at about 9 o'clock. It was doubtless the work of an incendiary.

EDWARD EGGLESS, of Morris, was seriously wounded in the right arm, by the accidental discharge of a rifle which he was cleaning, recently. Six of the means were used by Dr. D. Bacon, his attending physician, to save the arm, but hemorrhage of the arterial artery on the eighth day after the accident, having set in, and proved obstinate, amputation was made imperative. Dr. B. amputated the arm above the elbow on the 21st ult., and the patient is doing well. English was a member of the 20th P. V., and participated in all the battles in which that regiment was engaged.

AS TOLY CUSTOMER.—We have been shown a military bullet taken from the neck of Mr. George Ruggles, late of the 148th P. V., by Dr. W. W. WESS, of this borough. Mr. Ruggles received this ugly customer in battle, last March. The bullet entered the lower jaw and lodged in the back part of the neck. It lay behind and just below the bifurcation of the left carotid artery, and the hospital surgeons refused to extract it, owing to the danger attending the operation. The ball was fattened and shapeless, with jagged edges, and weighed one ounce. Dr. Daniel Bacon, assisted Dr. Webb in the operation. The patient is rapidly recovering.

Ab, here he comes!—The Little Corporal—the very thing needed to perfect juvenile literature. "Fighting against Wrong, and for the Good, the True, and the Beautiful," is his war-cry. We have read one of numbers of this delightful 16 page quarto monthly, published for the children by Mr. Alfred A. Sewell, Chicago, Ill. Little Folks, if you want this beautiful paper, you have but to send \$1 to Mr. Sewell, Chicago, and he will send it to you, together with the children's portrait of Mr. Lincoln, as a premium. If any boy or girl will send him six subscribers a \$5, he or she will receive an extra copy, and the pleasure for the trouble. So go to work, children.

The Field, the Dungeon, and the Escape.—Mr. William H. Hastings, agent for this thrilling historical work, relating to the prison pens of the South, is now in this neighborhood, canvassing. He has the exclusive agency for Wellsboro, Blossburg and Ward, and we commend him and the work to all who desire to secure the most reliable history of prison life in Rebeledom, as also adventures in the field, and the secret service—in all of which Mr. Richards, the author, is thoroughly posted. This work has met with the immense sale of 70,000 copies within 60 days. The author is one of the foremost of journalists in America; capable of making a most readable work, which he has done. It reads like a novel, yet is sober, painful fact. It contains a full report of the experiences in the secret service during the period of secession Conventions, in the field, and in Salisbury Prison. Subscribe for it by all means. It is entirely illustrated.

Broken Jail.—One Wilford Dady, of Brad's Co. Depoerado, awaiting sentence for larceny, and Nathan Mickle, a lad of 15, convicted of an assault, in addition to commit a rape upon a girl nine years of age, but without permission last Thursday night. The escape was made by means of a skeleton key in Dady's possession. The only beam that can be laid upon anybody arises from the fact that the prisoner was not searched before incarceration. Mickle, in fact, was arrested at or near Holiday town, Friday afternoon, and brought back, by Mr. Melvin Hotchkiss, of this borough. Dady is still a large, though advertisement has been made of his, with full description, by the sheriff, and trusty men are on the watch for him. This Dady stole a quantity of valuable clothing from the house of F. E. Smith, Esq. at Tioga, some weeks ago. He was followed and arrested at Williamsport, and on his way back he got the start of his captor and jumped through the car.

While the cars were in rapid motion. His right arm was broken in the fall, and he was brought to Wellsboro in a disabled condition. He is about 23 years old. There is a stipend of \$200 in offered for his apprehension.

DELMAR, Tioga Co., Pa., Sept. 1, 1865. To the Members of the Republican County Convention and the Citizens of Tioga County.

Having learned from the published proceedings of the Republican County Convention, that held its session in Wellsboro, on the 29th ult., of my nomination for the position of County Surveyor, I take this opportunity to thank the members of that Convention and the citizens of Tioga County, for the honor conferred in thus presenting me to the voters of my county as worthy to fill a position of responsibility and trust.

I recognize in the action of the Convention as regards myself, and also in the resolutions passed by it, a recognition of the claims of the class to which I belong, viz. that of the disabled soldier. I wish it distinctly understood, that I do not claim for myself, nor for my disabled comrades, any superior rights or privileges, because of our disability, beyond those enjoyed by each and every loyal citizen of the county. But I do claim that we are entitled to the sympathy of the community at large, and the action of the Convention assures us that our claims in that respect are not disregarded. Being incapacitated by the loss of my arm from following advantageously to myself my profession, as a Surveyor, I most respectfully decline the nomination tendered me.

Unprecedented.—The satisfaction that the "Family Record" meets with among the people wherever it is seen.

Tax Proposed County Monument.—The proposed plan of a County Monument, a sketch of which was furnished by Chas. F. Veil, Esq., of Liberty, has been photographed by Wood, the Artist. Copies of this design, suitable for Photographic Albums, will be sent by mail, to any address, free of postage, upon the receipt of Twenty-Five Cents. HUGH YOUNG, Bookseller, &c., Wellsboro, Aug. 23, 1865.

The Newburyport Herald concludes an interesting history of the various substitutes for the large and costly pipe organ with the following well-deserved notice of the Cabinet Organ: "All these inventions were, however, but little more than a series of experiments, a striving after an ideal, which should combine all excellences and reject all imperfections, which, according to the universal testimony of the greatest musicians throughout the world, has at last been attained in the 'Cabinet Organ' of Mason & Hamlin. Those who have had their ears pained by the thin, brassy sound of the old-fashioned seraphine, in which the wind was forced instead of drawn through, or who have tried to be thankful for the improved melodeon, but wishing there was more of it, can hardly realize that an instrument of the same class should be capable of such power, richness of tone, and surprising effects as the Cabinet Organ."

Long may they live, and enjoy many little Knapps as agreeable as the one fair bride took on this occasion. L. B.

The peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system open to fall into disorder and decay.

Consumption; in the lungs, swellings which suppurate and become the source of tubercles. Scrofula is also the cause of various eruptions on the skin, such as pimples, blotches and sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood.

Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief.

These cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of his benefits from personal experience. Scrofula is the source of the vital energies, and thus leaves its victims more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life.

The vast importance of these considerations has led us to spend years in perfecting a remedy which is equal to his cure. This we now offer to the public under the name of AYER'S SARAPARILLA, although it is composed of ingredients, some of which exceed the best of Scrofula in alternative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow.

By its peculiar virtues, this remedy purifies the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of Scrofula, that promised much and did nothing; but they will neither be deceived nor disappointed in this. It has never been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S CHERRY PECTORAL, The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.
