General Election—Tuesday, October 10.

REPUBLICANS, have you attended to the very important work of ASSESSING the soldiers, and all others not hitherto assessed, in your neighborhood? If not, do so at once.

Let every man cut out the ticket at the head of this column for reference on election day. It is made up of the true-blue sort of men—most of whom have served their country in the field, and all of them have stood by the Government steadfastly in its great trial.

The result of the Senatorial Conference at Coudersport last Tuesday was the nomination of WARREN COWLES, Esq., of McKean county. Mr. Cowles is a gentleman of stainless reputation, liberal education and fine culture. He is a lawyer by profession, and an honest one. We have known him as a firm and earnest anti-slavery man for the last twelve years—one who could give a reason for the faith he cherished.

It is a mistaken idea that peace means slavish nothing of the kind. No Democrat ever expressed his willingness to concede to dishonorable compromise. We have tried war and found by a sad experience that it is supremely profitable, and that Lincoln and his hirelings are incapable of managing a campaign successful if they wished. Something must be done. The Democratic party proposes, if we judge right, to restore the Union under the Constitution by peaceful means.

Again, from a leading editorial of August 30, the week after, we quote the following: "The Confederates contend that they have made an agreement with the Federals for the proper and speedy exchange of prisoners; that they have faithfully observed the provisions of it, and have frequently proposed exchanges on its basis. But Mr. Lincoln says no. He will permit the white soldier of the North to rot in the scorching sun, and the Federal army to become a skeleton, before he will agree to an exchange which does not recognize his tyranny and court his despotic will."

"What is the consequence of Mr. Lincoln's refusal? The suffering of our brave and gallant soldiers. They are left to die on Southern soil rather than relinquish the policy of negro equality. The Confederates are accused of inordinate barbarity, in order to conceal the despotism and criminal fatalism of our President. Let the soldiers remember that Abraham Lincoln made a solemn agreement for the exchange of prisoners of war, and broke it, because it did not include negro soldiers, many of whom are runaway slaves of the South. Let them remember that all their sufferings and privations while in captivity were necessitated by the contracted policy of Mr. Lincoln. Let them remember that their rights, honor, and their liberty are outraged on account of the negro; and done by a President of the United States."

"The negro is the idol of Abolitionism. The whites may die in fort and prison-camp, because the negro is not recognized as his equal by the Confederates. This fact proves that our present warfare is a war for negro equality, and negro liberty. No evidence can be found that we are fighting for re-union and the Constitution. The whites perverted and the man guilty of the act presumptuously asks the suffrages of the people and of the soldiers in the army. Let the people remember him—let the wives and children of the prisoners of war recollect that he is the fountain head of their sufferings; and if they become widows and orphans, that he is the murderer. Let the prisoners remember him when they eat their fastidious morsel; and if the people of this country are true to themselves and to our suffering soldiers, they will pronounce him a man hated, despised, scourged by a two-fold rod, the scorn of millions and the curse of God."

The above is only a sample of the numerous productions of a like character that have appeared in that paper, during the war, more of which may appear in our columns hereafter.

The Union men of Pennsylvania will hold a grand mass meeting at Williamsport during the Agricultural State Fair at the same place. Arrangements are already on foot to render the demonstration one of the most imposing ever made by the friends of the Government in Pennsylvania.

A wild man has been discovered in a forest in Clearfield county. He was covered all over with a copper-colored down, and when captured he was found to be a white man. He had forgotten all the rest of the English language. Ex-Governor Bigler kindly took the wild man in his hands, and will prepare him to vote for the Democratic candidates in October. This story may be true, since large numbers of the residents fled to the woods during the late draft. Many are yet missing, so that more wild men may yet be caught.

Mr. GOTTSCHEK, the distinguished pianist, predicts that the Mason & Hamlin Cabinet Organs will become as fashionable as the piano-forte has been, and will indeed be "sure to find its way into every household of taste and refinement which can possibly afford its moderate expense." He pronounces the Mason & Hamlin instruments far superior to all others of their class.

The Copperhead leaders after opposing the war, and withholding the right of suffrage from the soldiers, now talk of forming a soldiers' party. If ever the right of suffrage shall be extended to the negroes, the same class of men will become noisy champions of black men's rights; and it has been well said that they will claim to have negro blood in their veins. Demagogues are ever strong on the strong side, if they know which it is. But there is the trouble. They are often mistaken.

THE HORRORS OF INDIGESTION! You complain of your stomach, unfortunate dyspeptic; but ought not your stomach to complain of you? Possibly the pang you endure is simply the stomach's method of taking revenge upon you for neglecting and abusing it. Perhaps you have never made an effort to improve its condition, but on the other hand are continually cramming it with unwholesome and incongruous food. Have you ever tried HOSSETT'S STOMACH BITTERS, a proper diet, and regular meals? The Bitters in a week would put your digestive apparatus in perfect order, regulate the flow of bile in accordance with the laws of health, and produce just so much aperient action as would be necessary for your good; and when you were once all right, judicious and regular dieting, with a little of the Tonic now and then, would keep you so. If you have neglected these means of cure, don't blame your stomach for its rebellion. It is merely nature's hint that she wants help. If you neglect it, the next thing may be inflammation, or Stomach Cancer, or some other violent and dangerous disease. There is such a thing as being too late in these matters. HOSSETT'S BITTERS will cure Dyspepsia; but Dyspepsia may engender disease which defy all restoratives.

ARE YOU ASSESSED? Is your neighbor assessed? Attend to it at once.

MAINE, ever true to the Right, elects a Republican Governor and State officers entire, and pretty nearly solid Republican Legislature—and this by a majority of 20,000—4000 increase over last year! Do you hear that, Tioga county? Go in!

Col. Campbell as a Soldier. Referring to the efforts of the copperhead organs to destroy the military and mainly character of the Union candidate for Surveyor General, the Johnstown Tribune says the leopard does not change his spots nor the Democratic party its tactics. Down-right lying has always been one of the main instrumentalities relied upon by the leaders of that party to secure success, and those leaders will not now, in the day of their extremity, forego their ancient prerogative. To magnify the merits of their own candidate for Surveyor General, they have simultaneously and by evident preconcert commenced to falsify the military record of that candidate's superior officer, Col. JACOB M. CAMPBELL, one of the best officers that Pennsylvania gave to the Union army for the suppression of a Democratic rebellion. We will not now reply to these fellows, but that a tissue of vile falsehoods may not go uncontradicted, we will state briefly the following facts: It is NOT TRUE, as alleged, that Col. CAMPBELL resigned his commission in the army. He was mustered out under a general order from the War Department, his term of service having expired, precisely as hundreds of other good officers have been honorably discharged from the service. He could not have longer continued in the service as a Colonel had he so elected, the regimental organization being broken.

It is NOT TRUE, as alleged, that Lieutenant Colonel LINTON led the Fifty-fourth in the battles of Newmarket and Piedmont. He was not even in the battle of Piedmont. Col. CAMPBELL himself gallantly and well led his own regiment in both the battles named, and in every other engagement—with the single exception of the affair at Snicker's Gap—in which that regiment participated, during the whole period of his three years' service. After the battle of Newmarket, Gen. SIGEL personally complimented Col. CAMPBELL, and in sight of the whole regiment.

It is NOT TRUE, as alleged, that Lieutenant Colonel LINTON was ever one day in command of the Fifty-fourth before Petersburg, or anywhere in that neighborhood. He was not in one of the many brilliant engagements which followed the inauguration of GRANT'S splendid campaign against Richmond.
